WHAT THEY'RE SAYING

Green Bay Packers QB Aaron Rodgers on the 49ers defense...

"They've got a good mix of some veteran guys and some young guys, kind of up and coming. They've been able to push the pocket well and they're very stout against the run."

Green Bay Packers LB Clay Matthews On San Francisco 49ers QB Colin Kaepernick...

"He still has the same ability to escape the pass rush and extend plays. So, we're always mindful of that, especially in today's day of age in which quarterbacks are very good at extending plays and picking up the first down. It's just something we have to be mindful of as a pass rush."

Green Bay Packers WR James Jones on the 49ers...

"That's a good ball club over there. A lot of talented players. I know they're coming off a game where they feel they didn't play that well. So, they're going to come in with a chip on their shoulder, in their home stadium and try to give us a knockout blow."
