A LETTER FROM DR. YORK

Dear 49ers Foundation Supporter:

In 1991, the 49ers Foundation set out on a mission to make a difference in the lives of children and families in across the San Francisco Bay Area. For the past 26 years, the 49ers Foundation has championed charitable initiatives that support education and wellness for underserved Bay Area youth spanning efforts in the classroom, on the playing field and beyond. As long as children learn to learn, they will continue to educate themselves for the rest of their lives. In support of helping Bay Area children realize their full potential, whether as a teammate or class leader, The 49ers Foundation has distributed more than \$40 million into the community to help children realize their full potential. For these collective efforts, made possible by 49ers Foundation supporters like you, the San Francisco 49ers were named the ESPN Sports Humanitarian Team of the Year in 2017.

This year, the Foundation will further its mission to educate and empower Bay Area youth by expanding our support of two key programs: 49ers PREP and 49ers EDU.

49ers PREP is the evolution of our youth football program, which has directly impacted more than 100,000 participants since 2014. 49ers PREP is more than just football, it's our boots-on-the-ground approach to serving Bay Area youth through sport. 49ers PREP programming will provide more than 130 youth football events to kids of all ages, teaching the importance of health and wellness. In addition, 49ers PREP recently launched a free flag football program for girls and boys. Our goal is to continue to teach more children the importance of teamwork, goal-setting and how to live a healthy lifestyle in a fun, safe and educational environment.

Our impact on the field will be matched with our impact off the field through 49ers EDU, which has encouraged nearly 210,000 participants since 2014 to pursue STEAM education through its standards-aligned field trip program, at no cost. The mission of 49ers EDU is simple: show students and teachers, in kindergarten through eighth grade, that STEAM education can go beyond textbooks and traditional lessons. Fortified with a team of dedicated educators, 49ers EDU teaches over 360 students a day the principles of STEAM through something they love - football. The program also hosts a professional development program for teachers and provides a family learning series that brings parents and kids together to explore STEAM.

In addition to 49ers PREP and 49ers EDU, the Foundation is more committed than ever to continuing to champion the life-changing work of our legacy partners in the community who are aligned with our mission: the 49ers Academy, Fresh Lifelines for Youth, City Year of San Jose, the 49ers STEM Leadership Institute presented by Chevron (SLI), the Center for Youth Wellness, and Tipping Point Community.

On behalf of 49ers Foundation, thank you for your support of our mission to educate and empower Bay Area youth.

Dr. John York
San Francisco 49ers Foundation Co-Chairman

49ERS FOUNDATION

TACKLING POSSIBLE

MISSION

The 49ers Foundation harnesses football to educate and empower Bay Area youth through a collective of innovative and community-focused strategies. From award-winning STEAM education and nationally recognized youth football programs, to impactful community partnerships with leading non-profits, we are tirelessly dedicated to inspiring the confidence and collaboration our youth need to tackle what is possible.

A LETTER FROM JERRY RICE

Dear Faithful,

For over 27 years, the 49ers Foundation has taken your pride and passion for the 49ers and channeled it to make a difference in the lives of youth in our community. With the level of pride and shared commitment to the Foundation's mission of educating and empowering Bay Area youth, it is my sincere pleasure to serve as Honorary Chairman of the 49ers Foundation. Together we will continue to make giving back to the community by serving children and families across the Bay Area a priority. Whether introducing students to STEAM education through the award-winning work of 49ers EDU or teaching the importance of health and wellness to students through the 49ers PREP program, helping students from the 49ers Academy and 49ers STEM Leadership Institute realize their dreams of going to college or supporting our Community Relations team as they assist countless Bay Area nonprofits, it is a labor of love to give back to a community that has given so much to me. It is a privilege to work with 49ers fans like you who make a difference in the lives of so many. And for that, I am deeply grateful and look forward to seeing what impact we'll make in the year ahead.

Thank you for all you do!

Jerry Rice
Honorary Chairman
49ers Foundation

49ERS PREP PRESENTED BY US BANK

49ers PREP is the evolution of our youth football program, providing a boots-on-the-ground approach to serving Bay Area youth. 49ers PREP provides children ages 5-18 with the opportunity to experience football through a multitude of diverse programs aimed at creating young, healthy leaders on and off the field. We bring our program to schools throughout the Bay Area and over 60% are Title 1 designated sites.

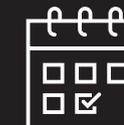

With grassroots efforts that include hosting free youth flag football leagues and free youth football camps, 49ers PREP has increased youth participation by 59% since 2013. While promoting a more enjoyable, safer game for boys and girls, 49ers PREP engaged more than 32,000 participants in 2017 and hosted 144 events in partnership with the NFL's "Play 60" initiative, which encourages children to get outside and play for 60 minutes each day.

49ERS EDU

49ers EDU uses football as a platform to excite children about STEAM [Science, Technology, Engineering, Art, & Math] concepts. The 49ers EDU STEAM field trip, educator professional development and family learning programs ensure our community's future workforce will be prepared through high quality and fun STEAM education for kindergarten through eighth grade. 49ers EDU sparks the interest in STEAM with students at an early age while simultaneously equipping parents and teachers to foster an aptitude in these subjects.

In the 2017-18 school year, 49ers EDU served more than 60,000 participants from over 400 schools with 54% of participants being from a Title 1 designated school. Recognizing that transportation costs are also a barrier of entry for schools, 49ers EDU provides free transportation to qualifying schools. By the end of the 2017-18 school year, 49ers EDU provided 74% of attendees free transportation to and from the 49ers EDU STEAM Field Trip.

COMMUNITY RELATIONS

49ers Community Relations strives to build stronger communities through partnerships with Bay Area nonprofit organizations forging the path for positive change. Through hands-on service projects, 49ers players, alumni, ownership and staff volunteer their time to support and encourage underserved youth and families, those facing medical crises and mental illness, at-risk individuals and social justice efforts.

In addition to being champions for youth, 49ers Community Relations supports real-life heroes through NFL programs including the Crucial Catch cancer awareness platform, the Salute to Service military appreciation initiative, and My Cause My Cleats, a program that highlights the inspiring work nonprofits are accomplishing for causes players are most passionate about. Using football as the platform, the Community Relations team is proud to support those dedicated to serving and unifying the community.
