# PLAYER HISTORY

To be eligible for the all-time roster, a player must have been in uniform for at least one regular-season or postseason game, or spent a minimum of four games on the roster (including inactive status). A player who qualifies at any point under these guidelines also will be credited for seasons in which he was on a reserve list but did not play or dress for a game. Players who spend time on a reserve list but have never played or dressed for a game do not qualify for the all-time roster. The Practice Squad does not qualify.

# This all-time uniform numbers list is organized in

This all-time uniform numbers list is organized in chronological order for each number. Generally, this list credits a player for having ownership of a uniform number for an entire season, even if he was with the team for only part of that season. However, game-by-game breakdowns within seasons are provided if (1) a player changed his uniform number during a season, or (2) more than one player wore the same number in the same season.

Numbers in parentheses behind players' names

Numbers in parentheses behind players' names denote other uniform numbers worn by those players during their careers with the Bengals.
