

DENVER BRONCOS
FOUNDATION

2024

*Community
Impact Report*

On behalf of the Denver Broncos Foundation Board of Directors and the entire Denver Broncos organization, we are excited to share our 2024 Community Impact Report with you.

Utilizing our incredible platform, the Broncos play a vital role in driving long-term, positive impact on youth in our community. Designed to support outcomes-driven programs, the Foundation is focused on three key areas: youth health and wellness initiatives, dynamic in and out of school programming, and access to career pathways.

Through targeted investments and strategic outreach, we are pleased to share the Denver Broncos Foundation served more than 210,000 youth in Colorado and Mexico through financial and in-kind support to so many deserving causes and organizations this past year.

I also want to recognize the dedication of our players, alumni and staff who continue to make a significant impact on our community. In 2024, 260 players, alumni and staff combined to volunteer more than 1,500 hours and direct funding to various organizations through Foundation initiatives — including newly launched Player, Alumni and Employee Matching Programs!

In 2024, we celebrated a historic moment for Colorado in April with the Colorado High School Activities Association (CHSSA) officially sanctioning girls flag football as a high school sport following a three-year pilot program supported by the Broncos and Denver Broncos Foundation. Girls in our state now have a new pathway into sports through flag football, which creates a powerful sense of belonging and community for our next generation of leaders.

Through collaborative efforts like the girls flag football sanctioning process, the Denver Broncos Foundation will continue to work tirelessly toward our vision to set the standard as a great community partner, leader and influencer across all of Broncos Country.

We are grateful to our nonprofit and corporate partners for their unwavering commitment to future generations. Together, we have mile-high expectations for our impact in 2025 and for many years to come.

Thank you for your continued support. Go Broncos!

Sincerely,

CARRIE WALTON PENNER
DENVER BRONCOS FOUNDATION BOARD CHAIR
OWNER, DENVER BRONCOS

DENVER BRONCOS FOUNDATION

MISSION STATEMENT

The Denver Broncos Foundation is committed to making a positive impact on future generations by creating a "game plan" for life through youth health and wellness initiatives, dynamic in and out of school programming and access to career pathways.

YOUTH HEALTH AND WELLNESS INITIATIVES

Meeting basic physiological needs of children in order for them to thrive mentally, emotionally and physically.

DYNAMIC IN AND OUT OF SCHOOL PROGRAMMING

Preparing youth to achieve their full potential through activities and experiences to develop academic, developmental and social competencies.

ACCESS TO CAREER PATHWAYS

Building educational and economic opportunities and an enriching life of self-sufficiency after high school.

OUR VALUES

EQUITY

COMMITMENT

COLLABORATION

INNOVATION

IMPACT

FUNDING PRIORITY

Spotlights

IN 2024, THE DENVER BRONCOS FOUNDATION DISTRIBUTED MORE THAN \$6.7 MILLION IN FINANCIAL AND IN-KIND SUPPORT, IMPACTING MORE THAN 210,000 YOUTH IN COLORADO AND MEXICO THROUGH IMPACT-DRIVEN GRANTS, PROJECTS, PROGRAMS AND INITIATIVES.

Youth HEALTH AND WELLNESS

MEETING BASIC PHYSIOLOGICAL NEEDS OF CHILDREN IN ORDER FOR THEM TO THRIVE MENTALLY, EMOTIONALLY AND PHYSICALLY.

- WISH FOR WHEELS

Individuals from the Denver Broncos, Denver Area Youth Services, Heart of America Foundation and Abraham Lincoln High School (Denver Public Schools) gather for the unveiling of the renovated Mobile Wellness RV during a Mental Health Awareness Month event.

Mobilizing FOR YOUTH MENTAL HEALTH

A 2023 Colorado Health Institute study found that 75.5% of youth ages 0-25 did not receive counseling as a result of having a difficult time scheduling an appointment, and 47.2% did not receive counseling due to concerns about the cost of treatment. Challenges remain for students accessing quality mental-health services in a timely fashion, with months-long waitlists and limited options available for students who are in understaffed schools and/or lack insurance.

Denver Area Youth Services (DAYS) fills gaps in school-based services by providing accessible, culturally sensitive, trauma-informed behavioral and mental-health services for youth at no-cost, regardless of their insurance status. The Denver Broncos Foundation is committed to underwriting more than 1,000 no-cost mental-health sessions over a three-year period to increase access to services for youth in our community.

Youth mental health continues to be a complex, multi-faceted issue — and one that requires an innovative mindset to tackle. DAYS continues to challenge the status quo with regards to this issue and procured a vehicle with the goal of transforming it into a kid-friendly mobile office space that could be taken into the community to deliver services to youth where they're at — schools, libraries and community-driven spaces.

To support this project, the Denver Broncos Foundation teamed up with the Heart of America Foundation to renovate the vehicle to best serve youth across Denver. The updated Mobile Wellness RV was unveiled during a Mental Health Awareness Month event at Abraham Lincoln High School in May, during which Denver Broncos Cheerleaders, students and volunteers packed mental-health resource kits and celebrated the expansion of DAYS' offerings.

Youth provided with individual mental-health services by DAYS in 2024, an 18.5% increase from 2023.

Individual mental-health sessions facilitated in the Mobile Wellness RV over initial seven months of operation.

Uninsured youth who received support through no-cost mental-health sessions, an 119% increase from the year prior.

THE DENVER BRONCOS FOUNDATION UNDERSTANDS THE IMPORTANCE OF YOUTH MENTAL HEALTH AND HAS BEEN A CONSISTENT PARTNER IN HELPING DAYS IMPLEMENT INNOVATIVE AND CREATIVE WAYS TO INCREASE ACCESS TO MENTAL HEALTH SERVICES FOR YOUTH MOST IN NEED. THANKS TO THE MOBILE WELLNESS RV, WE NO LONGER MUST TURN AWAY YOUTH WHO CANNOT OTHERWISE ACCESS SERVICES DUE TO A LACK OF TRANSPORTATION, NOR MUST WE TURN AWAY YOUTH WHO CANNOT PAY FOR SERVICES DUE TO A LAPSE OR LACK OF INSURANCE COVERAGE. OUR PARTNERSHIP WITH THE DENVER BRONCOS FOUNDATION HAS HAD AN ENORMOUS EFFECT ON OUR CAPACITY AND REACH.

Noel A. d'Albertis LCSW, MBA
DAYS Executive Director/CEO

The Mobile Wellness RV removes barriers for youth to access mental health resources by delivering services to youth where they're at — schools, libraries and community-driven spaces.

DAYS Executive Director/CEO Noel A. d'Albertis assembles youth mental health kits with Denver Broncos Cheerleaders.

Denver Broncos Cheerleaders **Stephanie** and **Lily** join students at Kenton Elementary School (Aurora Public Schools) for the unveiling of the new Satellite Resource Center in partnership with **A Precious Child**.

Meeting YOUTH WHERE THEY ARE AT

Nationally, teachers estimate that nearly one in five students in their schools deal with lack of access to clean clothes on a regular basis, and more than half of teachers surveyed believe those students are more likely to struggle with absenteeism. Coupled with the staggering statistic that nearly one in seven Colorado children do not always know when they will get their next meal, youth are struggling to have their basic needs met so they can show up to school ready to learn and thrive.

A Precious Child (APC) provides under-resourced children with opportunities and resources to empower them to achieve their full potential. APC strategically establishes Satellite Resource Centers (SRC) in high-need communities, providing seasonally appropriate clothing, shoes, hygiene products, school supplies and food to bridge the income gap and ensure kids' needs are met.

To help APC serve more youth and meet increased demand, the Denver Broncos Foundation is underwriting the addition of Satellite Resource Centers at Kenton Elementary School (Aurora Public Schools) and Westminster High School (Westminster Public Schools), as well as the expansion of an existing SRC at Adams City Middle School (Adams 14 School District). Through grant funding, more students will have access to basic needs and APC will ensure SRCs are sustainable and remain stocked with items specific to each school community.

 **3,000**

 **959+**
Visits to SRCs at Kenton and Westminster in first six months of operation.

 **92%**
Percentage of community partners that say A Precious Child provides resources they cannot offer.

GET IN THE *Game*

Only 54.9% of children in Colorado participate in youth sports, ranking 28th nationally and below the federal government's goal of reaching 63%. Financial barriers – including participation fees and equipment costs – are the top reasons why youth from lower-income households do not participate. The cost to play youth sports creates a substantial gap in participation rates, with children from affluent households being twice as likely to play sports as children from low-income households.

The Denver Broncos Foundation is working to make youth sports — specifically flag and tackle football — more accessible through collaborative partnerships focused on increasing opportunities and reducing barriers:

Denver Public Schools students engage in a hands-on activity station at a Science of Football STEM Field Day hosted by the Denver Broncos Foundation and Xcel Energy.

BRINGING THE X's and O's TO THE CLASSROOM

The Denver Broncos Football Club employs several STEM-related career pathways, including but not limited to: coaching, football technology and analytics, engineering, sports science, business intelligence and more. Research shows that exposure to STEM curriculum in school is associated with an increased likelihood of wanting, pursuing and ultimately obtaining a career in a STEM-related field.

The Denver Broncos play a vital role in our community and partner with other leaders to have a positive impact on youth in our area. *The Denver Broncos Science of Football Program powered by Xcel Energy* is an example of that, providing hands-on STEM curriculum — developed by Science of Sport — by utilizing football examples to improve student interest and performance in STEM through real-life learning. The custom-built curriculum features 20 lessons emphasizing Science, Technology, Engineering, Arts, and Social-Emotional Learning topics in the context of the Denver Broncos and the sport of football.

Content is available to educators through a learning management system in which teachers can use the curriculum and corresponding resources (worksheets, instructions, digital assets, discussion board and more) to teach the lessons to their students and train other educators in their schools. In addition, the Denver Broncos Foundation teams up with Xcel Energy and Science of Sport to host programming and events throughout the year including:

- **Teacher Workshops:** Targeted training for local educators to understand and deliver curriculum and program resources — including Broncos-branded STEM kits — to youth in their schools
- **STEM Field Day:** STEM Field Day Trip for students to participate in hands-on activities, bringing the curriculum to life alongside Denver Broncos personnel

THIS WAS AN AWESOME OPPORTUNITY AND UNLIKE ANY OTHER PROFESSIONAL DEVELOPMENT I HAVE ATTENDED. I AM THANKFUL FOR THE SUPPLIES AND LESSON PLANS THAT I LEFT WITH AND CAN'T WAIT TO IMPLEMENT THEM IN THE CLASSROOM. THE TIME AND CONSIDERATION THAT SCIENCE OF SPORT AND THE DENVER BRONCOS ORGANIZATION PUT INTO PLANNING THIS FOR EDUCATORS AND STUDENTS IS AMAZING. IT WAS A WONDERFUL WAY TO FEEL CONNECTED TO MY COMMUNITY.

Denver Broncos Science of Football Teacher Workshop Participant

PLAYSPACE *Equity*

KABOOM! is the national nonprofit dedicated to ending playspace inequity, which is defined as a lack of access to — and a sense of belonging in — quality playspaces due to the effects of systemic racism across the country. KABOOM! unites with communities to build kid-designed playspaces that spark joy and foster a sense of belonging for kids who are often denied opportunities to thrive.

The Denver Broncos Foundation is committed to building three KABOOM! playspaces in high-need areas for youth ages 5-11, increasing access to safe spaces for youth in our community so they can play and thrive. As part of this commitment, the Foundation is ensuring adaptive equipment is integrated into the playspace setting to include kids of all abilities, so they too can experience the benefits of play.

This past spring, the Denver Broncos Foundation completed its first playspace at Montview Math & Health Sciences Elementary School (Aurora Public Schools), which also serves as a Boys & Girls Club of Metro Denver site for afterschool programming. The existing playground was the oldest in the district and inaccessible to students, as many elements required upgrades.

The build kicked off with a Design Day in March, during which kids, their families, community and local leaders shared their goals for their new playspace. In June, Owner and Denver Broncos Foundation Board Chair Carrie Walton Penner, Denver Broncos players, employees, cheerleaders, alumni, Season Ticket Members, corporate partners and community members volunteered during a three-day span to prep the site (Monday, Tuesday) and build the new playspace (Wednesday).

Percentage of KABOOM! survey respondents who report feeling a sense of belonging and trust within their community after a new build.

Empowering YOUTH TO REACH THEIR POTENTIAL

Denver Broncos Cheerleader **Taylor** helps kids from the **Sun Valley Youth Center** pick out school supplies at the annual Back to School with the Broncos event hosted by **King Soopers.**

For every child in Colorado enrolled in out-of-school programming, five are waiting for an available program — leaving 145,009 children alone and unsupervised after school. Research shows that every \$1 invested in out-of-school programs saves at least \$3 by increasing kids' earning potential as adults, improving performance at school and reducing crime and juvenile delinquency.

Utilizing a trauma-informed framework, Sun Valley Youth Center (SVYC) provides no or low-cost out-of-school programming (afterschool and summer) and empowers youth to reach their potential through youth academic support, recreational activities, social emotional support and access to food. It is SVYC's belief that every young person, ages 5-21, living in the Sun Valley neighborhood, which is walking distance from Empower Field at Mile High, deserves equal opportunities for growth and success.

In addition to grant funding focused on access to programming, academic intervention and tutoring services, the Denver Broncos Foundation continues to support Sun Valley youth through enrichment activities and field trips based on learning and experiencing life outside of the neighborhood.

Ahead of the 2024-25 school year, 20 kids from the Sun Valley Youth Center attended the Foundation's Back to School with the Broncos event presented by King Soopers, during which youth were paired with Denver Broncos Alumni, Denver Broncos Cheerleaders and Miles the Mascot to pick out school supplies from their back-to-school lists.

Youth have been invited to visit Broncos Park Powered by CommonSpirit for exclusive training camp experiences. Through the Foundation's Ticket Turnover donation program, more than 125 tickets have been provided to Sun Valley Youth Center youth and their families to attend Denver Broncos games at Empower Field at Mile High over the past two seasons.

Percent of high school seniors served by SVYC who graduated high school last year.

Increase in number of SVYC youth demonstrating grade-level reading proficiency after initial month of targeted academic intervention and tutoring at beginning of the 2024-25 school year.

PLANNING FOR THE *Future*

Seventy-six percent of Colorado's top jobs require some type of postsecondary education or training beyond a high school diploma. For young people navigating life beyond high school, it can be challenging to understand their different pathways and how to achieve their goals.

The Denver Broncos Foundation is collaborating with various organizations working to make pathways clearer and more attainable for Colorado youth and starting the conversation earlier so students have time to explore diverse options when planning for their future.

In November, the Foundation teamed up with Denver Public Schools to host its district-wide eighth-grade career fair at Empower Field at Mile High. Over the course of two days, thousands of eighth-grade students spoke about their goals and interests with hundreds of academic and career professionals — including nearly 25 Denver Broncos Employees who volunteered as part of the Foundation's Staff Service Series.

In Aurora Public Schools, the Foundation is funding College and Career Center expansion at Gateway High School, Aurora Hills Middle School and Mosely P-8 School through increased work-based learning opportunities. This investment is complemented with funding to expand Denver Scholarship Foundation's (DSF) Future Center at Dr. Martin Luther King Jr. Early College (Denver Public Schools) with an additional DSF college advisor to grow the number of students served.

In September, the Foundation teamed up with DSF to host a career panel discussion featuring former Denver Broncos Cheerleader Romi Bean, alumnus Bennie Fowler and Chief Financial Officer/Board Treasurer Justin Webster discussing their various career pathways and answering questions from students in attendance.

1,800

Denver Broncos Chief Financial Officer/Board Treasurer Justin Webster, former Denver Broncos Cheerleader Romi Bean and former wide receiver Bennie Fowler are joined by Dr. Martin Luther King Jr. Early College (Denver Public Schools) students after a ribbon cutting and panel discussion at the Denver Scholarship Foundation Futures Center.

Eighth-grade students from Denver Public Schools explore different academic and career booths at the district-wide career fair hosted at Empower Field at Mile High.

STARTING EARLY ALLOWS STUDENTS TO EXPLORE THEIR PASSION AND MAYBE SPARK THAT CURIOSITY... THIS IS A REMARKABLE EXPERIENCE, BUT ALSO TRANSFORMATIVE FOR OUR SCHOLARS WHEN THEY GET TO SEE EXAMPLES OF EXCELLENCE RIGHT IN FRONT OF THEM.

Dr. Alex Marrero
Denver Public Schools Superintendent

IN AURORA PUBLIC SCHOOLS, THE FOUNDATION IS FUNDING COLLEGE AND CAREER CENTER EXPANSION AT GATEWAY HIGH SCHOOL, AURORA HILLS MIDDLE SCHOOL AND MOSELY P-8 SCHOOL THROUGH INCREASED WORK-BASED LEARNING OPPORTUNITIES. THESE OPPORTUNITIES INCLUDE SITE VISITS, MENTORSHIPS, AND SPEAKER PANELS. THROUGH DECEMBER, 455 STUDENTS ENGAGED IN AN OPPORTUNITY AND STUDENT FEEDBACK HAS BEEN OVERWHELMINGLY POSITIVE.

Jill Ruiter
Aurora Public Schools Foundation Executive Director

An Ent Credit Union employee kicks off an Adventures in Reality simulation co-hosted with the Denver Broncos Foundation at Abraham Lincoln High School (Denver Public Schools), during which 120 students engaged with Denver Broncos players, alumni, cheerleaders and members of the Broncos Finance Department.

Mobilizing THE NEXT GENERATION

Women in Colorado earn \$10,000 per year less than their male counterparts and are 65 percent less likely than men to own businesses. If current trends continue, women in Colorado will not see equal pay until 2057.

The mission of Dress for Success Denver (DFSD) is to empower women to achieve economic independence by providing a network of support, professional attire and development tools to help women thrive in work and in life. DFSD's programs bridge the gap between economic opportunity and generational poverty.

In 2023, the Denver Broncos Foundation helped DFSD launch its Butterfly Bus, a mobile unit expanding the organization's reach by bringing its programming into the state and beyond its Denver location, with an increased focus on young adults under the age of 24. Each Butterfly Bus visit serves 15-25 women and includes:

- **Career Readiness Programming:** Women strengthen their prospects for securing a job through programming focused on their cover letter and resume, learn how to communicate transferable skills, participation in mock interviewing, access to community resources and support for searching for jobs.
- **Professional Clothing Boutique:** Each woman receives one-on-one coaching from a trained volunteer who advises them regarding outfits that are professional, comfortable and fit their personal style. During their shopping experience, clients receive six items of clothing (2-3 outfits), one handbag, one pair of shoes, three accessories and a bag of toiletry items.

Over the next two years, the Foundation is deepening its support for this program with the goal of helping DFSD scale the program and develop and launch a Youth Advisory Program. The Advisory program intends to empower and infuse youth voices into working with the DFSD's Board and Leadership to drive organizational strategic focus and programmatic delivery.

The Butterfly Bus expands Dress for Success Denver's reach by bringing its career readiness programming and professional clothing boutique programs beyond its Denver headquarters to youth across Colorado.

A Financial FOUNDATION

Twenty-six states require financial literacy education as part of standards, yet Colorado is not one of them. Only 10 percent of Colorado students take a personal finance course prior to high school graduation. Financial literacy programs have been shown to enhance the financial knowledge of young individuals and develop crucial skills for navigating the financial aspects of post-secondary education and career paths.

The Denver Broncos Foundation is increasing access to financial literacy programming with multi-year grant funding focused on middle school students (Young American Center for Financial Education's Young AmeriTowne) and high school students (Junior Achievement-Rocky Mountain's Dream Accelerator).

New in 2024, the Foundation teamed up with Ent Credit Union to co-brand a series of Adventures in Reality simulations for nearly

1,300 students from 30 high schools across Colorado. Adventures in Reality is a program designed to provide a hands-on financial journey for high school students as they encounter real-life financial lessons and challenges to better equip them for the future.

At Lincoln High School (Denver Public Schools) and Sierra and Harrison High Schools (Harrison 2 School District in Colorado Springs), students went through the interactive program with support from Denver Broncos players, alumni, cheerleaders, members of the Broncos' finance department and experts from Ent Credit Union's education team. This added layer of support provided additional opportunities for students to ask the volunteers how financial literacy impacts their lives, and what lessons they have learned along the way.

PARTNERING WITH THE DENVER BRONCOS FOUNDATION HAS HELPED INCREASE OUR OUTREACH TO HIGH SCHOOLS ACROSS THE STATE. THEY'VE BROUGHT THE "COOL FACTOR" TO FINANCIAL EDUCATION, AND IT'S BEEN WONDERFUL TO SEE THE BUDGETING AHA MOMENTS FROM THE KIDS AS THEY INTERACT WITH PLAYERS, ALUMNI, AND CHEERLEADERS.

Annie Snead
Ent Credit Union Executive Director of Philanthropy and Community Impact

HOW COLORADO BECAME THE 11th State TO SANCTION GIRLS HIGH SCHOOL FLAG FOOTBALL

The Denver Broncos are proud to celebrate Colorado becoming the 11th state to sanction girls flag football after leading a pilot program that saw explosive growth, with more than 1,800 girls appearing in 846 games over two years, with support from the Colorado High School Activities Association (CHSAA). Girls flag football provided increased opportunity for girls to participate in athletics, with 51% of athletes noting they would not have participated in another fall sport.

Fall 2022
Denver Broncos Foundation launches a pilot of girls flag with schools from the Cherry Creek, Denver and Jefferson County school districts. The pilot included 22 schools fielding 29 teams totaling 503 athletes, with the Chatfield Chargers defeating the Arvada West Wildcats to earn the inaugural girls flag football championship.

Jan. 18, 2024
The CHSAA Equity Committee reviews and unanimously supports sanctioning girls flag football. The Equity Committee oversees components such as competition facilities, availability of coaches, availability of officials and Title IX considerations.

Feb. 20, 2024
The CHSAA Classification and League Organizing Committee (CLOC) reviews and unanimously supports sanctioning girls flag football. CLOC approves the enrollment ranges and classification data for all CHSAA activities. With high participation numbers, CLOC recommends two classes of flag football for the inaugural season — a first for CHSAA.

April 22, 2024
The CHSAA Board of Directors reviews and supports sanctioning of girls flag football. The Board of Directors is comprised of 20 members representing Colorado's 10 districts.

April 24, 2024
Denver Broncos Owner and Board Chair Carrie Walton Penner, President and Board President Damani Leech, Vice President of Community Impact/Executive Director Allie Engelken, Director of Youth & High School Football Bobby Mestas and CHSAA Commissioner Mike Krueger are joined by local athletics administrators, coaches and players for a press conference to celebrate the official sanctioning of girls flag football in Colorado.

Dec. 15, 2024
The Denver Broncos recognize 4A (Mountain View) and 5A (Mountain Vista) champions during team's annual High School Football Salute at Empower Field at Mile High prior to the team's game against the Indianapolis Colts.

Fall 2023
The second pilot season sees exponential growth, with a 127% increase in the number of schools (50), a 162% increase in the number of teams (76) and a 161% growth in player participation (1,316). The Arvada West Wildcats cap off an undefeated season by winning the state title against the Cherry Creek Bruins.

Feb. 7, 2024
The CHSAA Sports Medicine Committee reviews and unanimously supports sanctioning girls flag football. Children's Colorado presents preliminary findings from its research study on the physical, mental and emotional effects of participating in organized flag football among high school girls compared to non-athletes. Additional information from surveys of athletic trainers, head coaches and officials who engaged in the pilot program are discussed.

Feb. 27, 2024
The CHSAA Budget Committee reviews and unanimously supports sanctioning girls flag football. Costs associated with fielding a girls flag football team include uniforms (jerseys, shorts, mouth guards), equipment (flag belts, footballs, cones, pylons), personnel (coaches, officials, athletic trainers) and game (field, transportation, operations) fees.

April 23, 2024
The CHSAA Legislative Council reviews and approves sanctioning girls flag football with a vote of 57-9 with five abstentions. Girls flag football becomes CHSAA's 27th sport and is set to begin in the fall of 2024 with two classifications.

Fall 2024
Girls from 62 high schools take the field for the first sanctioned season of Colorado flag football.

TO ALL YOU TRAILBLAZING ATHLETES WHO HELPED LAUNCH THIS SPORT: YOU HAVE NOT ONLY FOUND YOUR COMMUNITY - YOU HAVE BUILT ONE.

Carrie Walton Penner
Denver Broncos Owner and Denver Broncos Foundation Board Chair

A *Coaching* MINDSET

The Denver Broncos Foundation is committed to providing access to resources and training for youth and high school football coaches and administrators to strengthen football programs across our state.

FLAG FOOTBALL TRAINING CLINIC | AUG. 8, 2024

Ahead of the first sanctioned season of girls flag football, the Foundation hosted 70 coaches representing the varsity, junior varsity and C-team levels at Empower Field at Mile High for a Flag Football Training Clinic in partnership with Children's Colorado, Dairy MAX and RCX Sports. Sessions included playbook and practice-plan design, drill demonstrations and nutrition.

AED & CPR TRAINING CLINIC | AUG. 20, 2024

With health and player safety as a primary objective, the Foundation hosted youth and high school football coaches and administrators at the second annual AED and CPR Training Clinic at Broncos Park Powered by CommonSpirit. Twenty-seven AED devices were distributed, and guests were trained and CPR certified in partnership with Children's Colorado and Rocky Mountain CPR.

INSIDEOUT INITIATIVE | AUG. 26, 2024

The Foundation teamed up with the NFL, CHSAA and InSideOut Initiative to train more than 100 coaches and athletic administrators from 34 Colorado high schools. The curriculum emphasized transformational coaching and its impact on the social-emotional and character development of student-athletes.

Youth sports coaches shape athletes' experiences both on and off the field, and the Foundation remains committed to equipping them with resources and education to do so in a positive way.

Head Coach **Sean Payton** speaks to more than 125 coaches from 50 Colorado high schools after a private OTA practice during which the coaches had the opportunity to view practice and observe Denver Broncos coaches.

Ahead of the inaugural sanctioned season of girls high school flag football in Colorado, coaches participate in a Flag Football Training Clinic at Empower Field at Mile High hosted by the **Denver Broncos Foundation** with support from **RCX Sports** and **Dairy MAX**.

Former linebacker **Brandon Marshall**, **Miles the Mascot** and **Denver Broncos Cheerleaders** celebrate with the championship team at the U12 national Tochtito (flag football) tournament in partnership with **NFL Mexico**.

FOOTBALL UNITES US

El Fútbol Americano Nos Une

The Denver Broncos Foundation is growing the game of football in Mexico — the team's International Home Market Area (IHMA) — by investing in the NFL Mexico's Tochtito national flag football program and expanding access to equipment and flag football curriculum in elementary schools.

In 2024, the Denver Broncos Foundation supported two NFL Mexico Tochtito national tournaments.

- **U16 Girls:** More than 6,400 girls and 800 teams participated in the U16 Girls Tochtito flag football division. Twenty-eight states hosted a state tournament with the 28 winners advancing to the National Tournament held in Merida, Yucatan over the weekend of March 16-17. Denver Broncos community and marketing staff members, four Broncos cheerleaders, alumnus Manuel Padilla and Miles the Mascot were in attendance to support the tournament teams and families.
- **U12 Coed:** More than 16,000 kids and 1,600 teams participated in the U12 Coed Tochtito flag football division. Every state hosted a state tournament, with 32 winners advancing to the National Tournament held in Mexico City over the weekend of Nov. 9-10. Foundation staff, four Broncos cheerleaders, alumnus Brandon Marshall and Miles the Mascot were in attendance to support the tournament teams and families.

In addition to tournament funding, the Denver Broncos Foundation supported the Flag-in-Schools program by providing equipment and flag curriculum for 120 elementary schools across four Mexican states. Schools received flag football kits and a four- to six-week curriculum to be implemented in the school's physical education program. Each kit included footballs, flags, a container bag and other items to be used during recess and PE class. Physical education teachers from each recipient school will attend a flag football clinic led by NFL Mexico staff.

The Broncos will continue to invest in NFL Mexico programming by growing the game of flag and providing more opportunities for the next generation of players.

Tackle **Mike McGlinchey** connects with **Special Olympics** Athletes during a Unified Flag Football Festival hosted by the **Denver Broncos Foundation** and **United Airlines** as part of the Foundation's ongoing commitment to the expansion of Unified Flag Football in schools across Colorado.

INSPIRE
CHANGE
CHANGEMAKER
AWARD

DR. DEDRICK
Sims

The Denver Broncos named the Sims-Fayola Foundation's Dr. Dedrick Sims as their 2024 Inspire Change Changemaker Award winner. The Inspire Change Changemaker Award recognizes an individual in each NFL team market who is making a difference in the community through their work in social-justice initiatives.

Dedrick founded the Sims-Fayola Foundation in 2014, and his work has impacted more than 12,000 young men and boys of color and provided workshops and coaching to more than 5,000 youth service professionals.

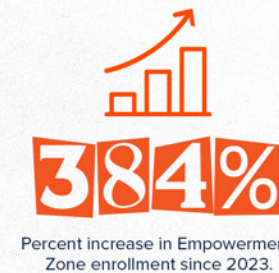

A PATH TO THE *Future*

The Sims-Fayola Foundation (SFF) works to improve the life outcomes and experiences of young men and boys of color and increase the capacity of the youth-service professionals who work with them.

According to the Sentencing Project, youth who are diverted are less likely to recidivate, commit less violence, have higher rates of school completion and college enrollment and earn higher incomes in adulthood. The Denver Broncos Foundation has committed multi-year funding to expand SFF's Empowerment Zone (EZ) diversion program, which launched in 2022 and engages young men of color between the ages of 11-25 referred by social services, the community or the courts in social-emotional, mental and behavioral health care.

Youth are assigned to cohorts by age for the 18-week EZ program. EZ addresses the lack of social-emotional skills development and identity issues that lead to self and community violence; dysregulated behaviors; unhealthy relationships with substances; and engagement with the criminal justice system.

Programmatic goals include: improving life outcomes; reducing engagement with the criminal justice system; widening career exposure; and providing healthy relationships through mentoring and support from other men of color participating in this program.

EMPOWERMENT ZONE IS MORE THAN A PROGRAM, IT'S A MOVEMENT TO HELP YOUNG MEN REALIZE THEIR POTENTIAL AND KNOW WHAT SUCCESS FEELS LIKE. THE BEST THING FOR OUR YOUTH IS NOT ONLY TO SHARE OUR LIGHT, BUT SHOW THEM THE LIGHT THAT ALREADY SHINES BRIGHT WITHIN THEMSELVES.

Dr. Dedrick Sims
Sims-Fayola Foundation Executive Director

INSPIRE CHANGE

Summit

An estimated 22,000 young people in Colorado are justice-involved through pre-trial, lock-up, diversion and other justice programs. The Denver Broncos Foundation's Inspire Change initiative is focused on supporting at-risk and justice-involved youth through services aimed at limiting the negative impact of the juvenile justice system.

During the 2024 season, the Denver Broncos Foundation hosted an Inspire Change Summit to bring together grantees for networking, learning and a shared service project. Hosted at the future location of Café Momentum Denver — a nonprofit restaurant and program for

justice-involved youth — partners, players, cheerleaders and alumni packaged 250 teen mental-health kits that will be distributed to clients of each organization's program.

Seven Inspire Change grant partners attended the event and shared about their work, with the goal of strengthening community and the network for justice-involved youth. Participating organizations included: Café Momentum Denver, Juvenile Assessment Center, Make A Chess Move, Mile High United Way, Sims-Fayola Foundation, The Urban Farm and WellPower.

COMING HERE AND LEARNING ABOUT DIFFERENT ORGANIZATIONS, BEING AN AMAZING PART OF [THIS] FOR YOUTH, IT BRINGS JOY TO MY LIFE KNOWING THAT THERE'S SO MANY OTHER PEOPLE AND OTHER ORGANIZATIONS THAT WANT TO HELP.

Garrett Bolles
Denver Broncos Tackle

Denver Broncos players, alumni, cheerleaders and staff are joined by local nonprofit representatives working in the juvenile justice space to kick off the 2024 Inspire Change Summit.

MAKING THE

Connection

The Juvenile Assessment Center provides a coordinated site focused on supporting system-involved youth in the 18th and 23rd Judicial Districts with early intervention, comprehensive assessments and access to culturally relevant and financially accessible services.

According to a 2022 Colorado Division of Youth Services Report, 85% of newly committed youth require formal mental-health intervention services and 78% require treatment for substance abuse. For system-involved youth and their families, navigating the justice and welfare systems and accessing culturally appropriate and financially accessible services can prove challenging — and exacerbate issues the youth is already facing.

The Juvenile Assessment Center (JAC) provides a coordinated site which contributes to the safety of youth, families, and the community through early intervention, comprehensive assessment and improved access to culturally relevant and financially accessible services in the

18th and 23rd Judicial Districts (Arapahoe, Douglas, Elbert and Lincoln counties).

System-involved youth are supported through JAC's Community Assessment Program (CAP) and Law Enforcement Program (LEP), with youth receiving no-cost screening, assessment and referral services that take into account various factors (i.e. access to insurance, transportation, the youth's location) and are limited to highly vetted service providers. Through multi-year funding, the Denver Broncos Foundation is helping JAC expand its capacity through additional staff training and no-cost screening and assessment services to system-involved youth.

93%

Percent of youth who reported they felt like their thoughts and feelings were taken seriously by Juvenile Assessment Center staff.

91%

Percent of parents expressing hope in their ability to get help for their child.

310

Number of system-involved youth served through the Foundation's grant funding.

83%

Percent of youth engaged in recommended resources, with the top three referrals being for mental health, substance abuse and basic needs/wraparound services.

Tackle **Garett Bolles** continues to prioritize mentorship for justice-involved youth through visits to the **Marvin W. Foote Youth Services Center** and monthly programming with the **18th District Juvenile Probation Court**.

Vera Institute of Justice's Restoring Promise initiative seeks to transform prison cultures, climates, and spaces by partnering with correctional leaders to reimagine housing units — including its Change Maker Village young adult housing unit at the **Arkansas Valley Correctional Facility** in Southeast Colorado — for young adults ages 18-25 and realign corrections policies and practices with a commitment to human dignity.

Denver Broncos Employees volunteer at **The Urban Farm**, which partners with Denver's Public Safety Youth Services to operate the HYPE: Cultivating Change in Youth diversion programming focused on supporting justice-involved and at-risk youth ages 14-18 with life skills and career pathways services.

The **Denver Broncos Foundation** teamed up with **Khesed Wellness** to launch a Justice-Involved Youth Pro Bono Program, which provides 12 free therapy sessions for justice-involved youth ages 16-24 living in Denver County. While not an actual session, this photo reflects the care Khesed prioritizes for every client.

Mile High United Way's Bridging the Gap program connects young adults exiting Colorado's foster care system to stable housing and other wraparound services, including education and career opportunities.

Former defensive tackle **Jurrell Casey** assembles teen mental health kits with **Make a Chess Move** Founder/Executive Director/Lead Facilitator **Phillip Douglas** during the 2024 Inspire Change Summit.

Denver Broncos Foundation grant funding supports expanded services for justice-involved youth through a new Clinical Case Manager in partnership with **WellPower**.

Community GRANT PROGRAM

TO SUPPORT SHORT-TERM INITIATIVES, THE DENVER BRONCOS COMMUNITY GRANT PROGRAM PROVIDES RAPID AND FLEXIBLE FUNDING EACH YEAR TO ADDRESS IMMEDIATE COMMUNITY NEEDS AND LOCAL PROJECTS.

IN 2024, THE DENVER BRONCOS FOUNDATION GRANTED \$616,020 TO 75 DIFFERENT ORGANIZATIONS IMPACTING MORE THAN NEARLY 29,000 YOUTH THROUGH THE COMMUNITY GRANT PROGRAM.

"I can't win, let me be brave in my attempt."

-Special Olympics Athlete

WALTER PAYTON NFL MAN OF THE YEAR: Alex Singleton

The Denver Broncos selected inside linebacker Alex Singleton as the team's nominee for the 2024 Walter Payton NFL Man of the Year award presented by Nationwide. Considered the NFL's most prestigious honor, the Walter Payton NFL Man of the Year recognizes a player for his outstanding leadership both on the field and in the community.

Signed by the Broncos as an unrestricted free agent on March 20, 2022, Singleton has consistently demonstrated a commitment to using his platform to impact the community during his three seasons as a Bronco. Singleton's commitment to his community has not wavered throughout his time in Denver, continuously expanding the reach of an impact that varies from empowering individuals with intellectual disabilities to serving as an ambassador to lift up the work of nonprofits.

During his sixth NFL season, Singleton deepened his commitment to giving back and helping

make sports more accessible for individuals with intellectual disabilities through his long-standing relationship with Special Olympics. Because of his sister's involvement with Special Olympics, Singleton has been a dedicated advocate since his adolescence and supported thousands of athletes.

Singleton's professional football journey has taken him to several locations, and at each stop, he has found meaningful and impactful ways to support Special Olympics. While playing for the Calgary Stampeders, he traveled to the Yukon to support Special Olympics Yukon's Winter Games and endured temperatures as low as minus-40 degrees Fahrenheit as he volunteered at the event. He then played for the Philadelphia Eagles from 2019-21, raising more than \$11,000 for Special Olympics Pennsylvania during the inaugural season of his Tackling Inclusion initiative (2020). Singleton has raised more than \$33,000 since the initial launch.

ALEX SINGLETON HAS BEEN A LONGTIME SUPPORTER OF SPECIAL OLYMPICS AND SPECIAL OLYMPICS COLORADO. HIS SUCCESS ON THE FOOTBALL FIELD IS MAKING COUNTLESS OPPORTUNITIES POSSIBLE FOR THE MORE THAN 16,000 ATHLETES THAT WE SERVE. SPECIAL OLYMPICS COLORADO IS GRATEFUL TO ALEX FOR HIS ADVOCACY, GENEROSITY AND FRIENDSHIP.

Megan Scremin
Special Olympics Colorado President & CEO

Champions IN THE COMMUNITY

Each season, the Denver Broncos present “Champions in the Community” Awards to recognize players who have gone above and beyond in both team and personal philanthropic efforts throughout the year.

COMMUNITY IMPACT AWARD: *Nik Bonitto*

Outside linebacker Nik Bonitto received the team’s Community Impact award for his expanded outreach in 2024. He partnered with Food Bank of the Rockies to provide Thanksgiving meals to 200 families through Aurora Community Connection. He brought 50 youth from Boys & Girls Clubs of Metro Denver holiday shopping during his first annual Sacks of Joy by Saint Nik event and hosted his first youth football camp.

COMMUNITY AMBASSADOR: *Garrett Bolles*

Tackle Garrett Bolles, 2023 nominee for the Walter Payton NFL Man of the Year Award, continued his monthly mentorship program with the Arapahoe County 18th Judicial Youth Probation Court Incentives and Sanctions Court mentoring more than 35 justice-involved youth. He continued visits to Marvin W. Foote Youth Services Center and hosted a free football camp for 350 youth.

COMMUNITY AMBASSADOR: *Pat Surtain II*

Cornerback Pat Surtain II unveiled Inspiration STEAM (Science, Technology, Engineering, Arts, Mathematics) rooms at two high schools in Denver Public Schools. He provided a grant to a third school to build the next room at Arvada High School. He spearheaded a community initiative where he distributed 100 bikes to children served by A Precious Child.

COMMUNITY CO-ROOKIES OF THE YEAR: *Frank Crum and Nick Gargiulo*

Tackle Frank Crum and guard Nick Gargiulo were recognized as the Community Co-Rookies of the Year. Nearly inseparable at more than half of team community events during the season, they led the rookie class in volunteerism and appeared at events across all three of the Denver Broncos Foundation’s focus areas.

KEITH *Bishop*

General Manager **George Paton** surprises Denver Broncos alumnus and Vice President of Security **Keith Bishop** with news that he's been selected as the team's nominee for the 2024 Salute to Service Award presented by **USAA**.

Denver Broncos alumnus and Vice President of Security **Keith Bishop** meets with military at **Buckley Space Force Base** during the 2024 Salute to Service Caravan presented by **USAA**.

Denver Broncos alumnus and Vice President of Security Keith Bishop was selected as the team's nominee for the 2024 Salute to Service Award, presented by USAA. The annual award acknowledges the exceptional efforts by members of the NFL community to honor and support U.S. service members, veterans and their families.

Bishop is a board member for the Center of American Values and is a supporter of the nonprofit Freedom Service Dogs. The Center for American Values mission is to honor the extreme sacrifices made to help sustain America's values and to ensure these extraordinary values are preserved. Freedom Service Dogs trains service dogs to be paired with veterans and first responders with PTSD or a traumatic brain injury.

Prior to joining the Broncos' front office in 2012, Bishop worked in federal law enforcement as a Special Agent for the United States Department of Justice Drug Enforcement Administration (DEA) for 20 years. He received the DEA Administrator's Award three times during his federal law enforcement career (1997, 2002, '08) and was selected by the International Association of Chiefs of Police as one of the nation's top police officers.

K9s FOR WARRIORS

The Denver Broncos Foundation, through the support of Owner Carrie Walton Penner and Head Coach Sean Payton, sponsored the training of a new service dog named "Crush" in 2024 in continuation of their partnership with K9s For Warriors.

K9s For Warriors is a nonprofit organization that is committed to ending veteran suicide and provides highly trained service dogs to military veterans suffering from PTSD, traumatic brain injury and other invisible wounds of war. Dedicated to saving not just one life, but two, K9s For Warriors rescues a majority of their dogs for its service

dog program, allowing both the K9 and veteran to build an unwavering bond that facilitates their collective healing and recovery.

The Broncos' first-ever team dogs, Bucky and Thunder, both graduated from the program during the summer and were paired with veterans in Colorado.

Crush, Bucky and Thunder were all in attendance at the team's Salute to Service game on Nov. 17 against the Atlanta Falcons, to continue training with a gameday experience, as well as visit with military guests and fans throughout the game.

Denver Broncos Cheerleaders **Naomi** and **Ann-Marie** visit with Crush prior to the team's Salute to Service game against the Atlanta Falcons.

Owner/Denver Broncos Foundation Board Chair **Carrie Walton Penner** and Owner **Dr. Condoleezza Rice** visit with Crush at a Salute to Service Luncheon hosted by **USAA** prior to the team's game against the Atlanta Falcons.

Amplifying THE CAUSE

The Denver Broncos Foundation amplifies charitable causes important to current players, alumni and Denver Broncos Employees by matching personal donations to 501(c)(3) organizations. In 2024, 46 individuals participated in the Denver Broncos Foundation's Matching Programs, directing nearly \$450,000 to 56 organizations in communities across the country.

Staff SERVICE SERIES

The organization's Staff Community Service Series features monthly volunteer opportunities for Broncos staff and families. From building playspaces to packing, cooking and serving meals for families across Colorado, employees have the opportunity to give back to various causes and organizations alongside each other throughout the year. In 2024, 95 employees participated in 14 events totaling 675 volunteer hours.

Alumni IN THE COMMUNITY

The Denver Broncos Alumni Engagement program continues to serve as a cornerstone for fostering meaningful connections between alumni, the organization and the community. In 2024, alumni were instrumental in a variety of initiatives, including mentoring students, championing local youth and high school football programs and participating in impactful community events. Through these efforts, Denver Broncos Alumni remain dedicated to giving back, working alongside the Denver Broncos Foundation to support causes that inspire and uplift the community.

In 2024, 59 different alumni participated in 31 community events, totaling 275.5 volunteer hours.

Former wide receiver **Brandon Lloyd** interacts with an **Abraham Lincoln High School** (Denver Public Schools) student during an Adventures in Reality event hosted by the **Denver Broncos Foundation** and **Ent Credit Union** to provide a hands-on financial journey for high school students as they encounter real-life financial lessons and challenges to better equip them for the future.

Former safety **David Bruton Jr.** helps kids from the **Sun Valley Youth Center** pick out school supplies at the annual Back to School with the Broncos event hosted by **King Soopers**.

Former safety **Nick Ferguson** helps a **Center for Talent Development at Greenlee** (Denver Public Schools) student pick out new books during a Scholastic Book Fair hosted in partnership with **Donut Haus**.

Pro Football Hall of Famer and former linebacker **Randy Gradishar** distributes gifts to **Boys & Girls Clubs of Metro Denver** members during Thunder's annual Holiday Party at Empower Field at Mile High.

Former defensive end **Ebenezek Ekuban** interacts with **Denver Green School** (Denver Public Schools) students during a Thanksgiving event hosted by the **Denver Broncos Foundation** and **CommonSpirit**.

Former defensive end **David Veikune** carries mulch during the team's **KABOOM!** playground build at **Montview Math & Health Sciences Elementary School** (Aurora Public Schools).

Former running back **Montee Ball** takes the field with **Ellicott High School** (Ellicott School District 22) football players during a 1A matchup against Peyton High School (Peyton School District No. 23) featured as part of the Denver Broncos High School Game of the Week program supported by **Children's Colorado**.

Former running back **Reuben Droughns** helps volunteers from **Reading Partners Colorado** assemble furniture during a library renovation project at **Ashley Elementary School** (Denver Public Schools) in partnership with **Heart of America Foundation** and **Donut Haus**.

DENVER BRONCOS
FOUNDATION

\$5.7M

Grant dollars distributed to highly effective nonprofit organizations to support mission-aligned impact.

265

Denver Broncos players, alumni and employees, who combined to volunteer nearly 1,500 hours of hands-on community service.

210,000+

Youth supported through grants, programming and events in conjunction with youth-serving organizations in Colorado and Mexico.

\$1M

Community impact through programming, events and in-kind support that align with funding priorities.

59

Foundation-hosted events to provide opportunities for youth to engage in various programs.

1,985

Denver Broncos home game tickets donated to nonprofits through the team's Ticket Turnover community donation program.

THANK YOU, *Partners*
