SUNDAY FLEXIBLE SCHEDULING FOR THE 2017 REGULAR SEASON

“Flexible scheduling” will be used in Weeks 10-15 and 17. Additionally, in Weeks 5-9, flexible scheduling may be used in no more than two weeks. In Weeks 5-15, the schedule lists the games tentatively set for Sunday Night Football on NBC. Only Sunday afternoon games are eligible to be moved to Sunday night, in which case the tentatively scheduled Sunday night game would be moved to an afternoon start time. Flexible scheduling will not be applied to games airing on Thursday, Saturday or Monday nights. A flexible scheduling move would be announced at least 12 days before the game. For Week 17, the Sunday night game will be announced no later than six days prior to December 31. The schedule does not

list a Sunday night game in Week 17, but an afternoon game with playoff implications will be moved to that time slot. Flexible scheduling ensures quality matchups in all Sunday time slots in those weeks and gives “surprise” teams a chance to play their way into prime time.

For the Cardinals, this means home games vs. Tampa Bay, Jacksonville, Los Angeles and Tennessee are subject to flexible scheduling.

The Arizona Cardinals will post all information regarding game times at www.azcardinals.com. We also recommend you check the team’s official Instagram, Twitter and Facebook accounts, and other media outlets for additional information regarding scheduled game times.

CARDINALS HEAD TO LONDON TO FACE LA RAMS IN 2017

The Cardinals will play the Los Angeles Rams at Twickenham Stadium in London, England in 2017. Arizona will be the visiting team, and the game will be played on Sunday, October 22.

“In 2014, I attended the Raiders-Dolphins game at Wembley Stadium and experienced first-hand the incredible enthusiasm U.K. fans have for the NFL,” said Cardinals President **Michael Bidwill**. “I also encountered a huge number of Cardinals fans asking when our team would be playing there. I know this is great news for them as well as the U.S. members of the Red Sea who couldn’t have a cooler destination to see a road game.”

After playing three games to sellout crowds in London each season since 2014, the NFL is expanding to four games in 2017. As such, the league will have played 21 games in the UK since the first regular-season game in London in 2007.

The Cardinals have a long history with the NFL’s international ties. In 1987, they became the first franchise to draft an Australian player when they selected defensive end Colin Scotts in the third round. Punter Ben Graham (2008-11) became the first Australian to play in a Super Bowl when the Cardinals played the Steelers in Super Bowl XLIII.

In addition, when Rolando Cantu played for the Cardinals in the 2005 regular season finale at Indianapolis, he became the first Mexican-born player (non-kicker) to ever take the field in an NFL regular season game. Cantu is now the team’s Manager of International Business Affairs and the analyst on the team’s Spanish radio broadcasts.

The Cardinals participated in the first NFL regular season game held outside the United States when they defeated the San Francisco 49ers 31-14 at Estadio Azteca in Mexico City on October 2, 2005.

The franchise also played in the first NFL games in both Japan and the United Kingdom:

- August 16, 1976 vs. San Diego Chargers in Tokyo, the first NFL game played outside of North America
- August 6, 1983 vs. Minnesota Vikings at London’s Wembley Stadium, the first American football contest on British soil

Several current Cardinals boast international backgrounds:

- G Mike Iupati is a native of American Samoa and did not live in the United States until prior to his freshman year of high school.
- DT Josh Mauro was born St. Albans, England.
- CB Elie Bouka from the University of Calgary is from Laval, Quebec and played for Team Quebec at the 2010 Canada Cup as a wide receiver and punt returner and helped his team earn a silver medal.
- LB Alex Bazzie was born in Liberia and moved to the United States when he was five years old.

NFL POLICY FOR RETRACTABLE ROOFS

The National Football League's Policy for Retractable Domed Stadiums was developed by the NFL Competition Committee.

Below is the excerpt from the 2017 Policy Manual for Member Clubs, detailing the league's policy for retractable roofs. At present, University of Phoenix Stadium, Reliant Stadium in Houston, Lucas Oil Stadium in Indianapolis, AT&T Stadium in Dallas and Mercedes-Benz Stadium in Atlanta are the only five venues in the NFL with retractable roofs.

GENERAL POLICY

Until 90 minutes prior to kickoff, the home club will have the authority to determine if the retractable roof should be open or closed for each preseason and regular season game. The home club may choose to open the roof for some games and not for others.

In the event a game is started with the roof in the open position and it is closed pursuant to the procedures set forth below, the roof must thereafter remain in the closed position for the duration of the game.

If the roof is in the closed position for the first half of the game, the home club may elect to open the roof for the second half of the game, provided that such election takes place no later than 90 minutes before kickoff, the "NFL Retractable Roof Halftime Election Form" is properly submitted at that 90 minute meeting to the opposing club and the NFL Football Operations department, and the weather parameters set forth in the Election Form are satisfied when five minutes remain in the second quarter.

PRE-GAME PROCEDURES

- 1) In the week prior to a game and on game day, to preserve and protect the field, the League's tarp rule will be in effect, if the roof is open.
- 2) Forty-eight hours prior to kickoff, the home club must submit to the Football Operations department its defined weather parameters for opening the retractable roof at halftime, assuming an election to do so has been made at the 90-minute meeting on game day. For the purposes of this policy, "weather parameters" include maximum and minimum temperatures, maximum and minimum wind speeds, and likelihood of any precipitation or hazardous condition for the remainder of the game.
- 3) No later than one and one-half hours prior to kickoff, the home club is required to notify the Referee or the highest-ranking League official working at the game whether the roof shall be open or closed. The opening or closing of the roof as designated by the home club should be completed no later than 60 minutes prior to kickoff. All overhead lighting must be on prior to team warm-ups and must remain on for the duration of the game.
- 4) If, subsequent to the home club's decision to have the roof in the open position for the game, a hazardous condition (lightning, severe winds, etc.) develops or is anticipated that threatens the welfare of participants and/or spectators, as determined by the Referee after receiving input from the Stadium Manager and the highest-ranking League official working at the game, the roof shall be closed immediately. If it begins to rain at any time after the club's decision to have the roof in the open position for the game, the roof shall be closed immediately, by signal of the Referee to the Stadium Manager.

HALFTIME PROCEDURES

- 1) If at the 90-minute meeting the home club elected to open the roof at halftime, the roof must remain opened if the defined weather parameters are in place when five minutes remain in the second quarter. The weather parameters will be verified by the Football Operations department utilizing its designated weather service provider. Final determination as to whether the weather parameters have been satisfied will be made by the Football Operations department with two minutes remaining in the second quarter.
- 2) The visiting and home Head Coach must be notified by a member of the officiating crew that the roof will be opened for the second half immediately after the conclusion of the first half.
- 3) The opening of the roof at halftime must commence as soon as the first half ends to ensure that the roof is fully opened prior to the start of the second half.
- 4) In the event the home club fails to open the retractable roof after: (a) an election has been made; (b) the defined weather parameters have been satisfied; and (c) receiving approval from the Football Operations department to open the roof, the club will be subject to discipline by the Commissioner for conduct detrimental, absent any exigent circumstances such as mechanical failure of the retractable roof.

IN-GAME PROCEDURES

- 1) If a game starts with the roof open, it shall be closed at any time due to the development or anticipation of a hazardous condition that threatens the welfare of participants and/or spectators. The game Referee, in consultation with the highest-ranking League official working at the game, after receiving input from the Stadium Manager, will decide if the roof should be closed. If the roof is closed pursuant to the above, it must remain closed for the duration of the game. Play may continue while the roof is being closed, subject to the Referee suspending play pursuant to the procedures for emergency situations.
- 2) If a game starts with the roof open, it shall be closed at any time up to the last five minutes of the fourth period if it begins to rain. The decision to close the roof will be made by the Referee, who will signal to the Stadium Manager or otherwise communicate to him or her to begin closing the roof. Play will continue while the roof is closing.
- 3) If the fourth period ends with the roof in the open position, no change will be made prior to or during an overtime period, unless the roof is closed pursuant to the procedures for hazardous conditions as set forth in No. 1 above.

HERNDON NAMED NFC ASSISTANT TRAINER OF THE YEAR

Cardinals assistant athletic trainer **Jeff Herndon** received the Tim Davey NFC Assistant Athletic Trainer of the Year Award given out by PFATS (Professional Football Athletic Trainers Society) at this year's NFL Scouting Combine in Indianapolis.

A native of Hallsville, MO, Herndon first worked with the Cardinals during preseason training camp in 1984 and 1985 before joining the organization full time in 1986. The 2017 season will be his 32nd with the team.

Herndon is the second Cardinals trainer to win the award, as former assistant athletic trainer Jim Shearer was the inaugural recipient of the NFC honor in 2011. He was also part of the staff that won the Ed Block Courage Award for NFL Athletic Training Staff of the Year in 1993.

The Tim Davey Assistant Athletic Trainer Award was formed in recognition of the outstanding effort Tim made in the field of athletic training. Tim was an employee of the New York Jets and the NFL for 33 years. He was an assistant athletic trainer for the Jets from 1969 to 1977. He stayed on with the Jets involved with team operations from 1977 to 1991. Davey later joined the NFL in 1991 in the game operations department. He served as the league's coordinator of stadium operations and field matters, and was in charge of operations at AFC/NFC championship games and led Pro Bowl Operations.

The award is presented annually at the PFATS meeting at the NFL Combine in Indianapolis. The recipient is nominated by the membership and selected by a committee that includes past recipients. This award is emblematic of the commitment, dedication and high level of integrity that Tim Davey brought to the profession of athletic training and is representative of his level of service which he dedicated to his surrounding community.

ABOUT UNIVERSITY OF PHOENIX STADIUM

When the Cardinals embarked upon the task of building a new stadium they were intent on constructing a bold and innovative venue that would set the industry standard for design excellence and provide the ultimate in fan comfort. The result of those efforts is the \$450 million University of Phoenix Stadium that opened in August of 2006. In addition to hosting Cardinals games, it hosts the annual Fiesta Bowl and has hosted the BCS National Championship game twice. It was also the site of two Super Bowls - XLII in 2008 (Giants over Patriots) and XLIX in 2015 (Patriots over Seahawks) in addition to the 2015 Pro Bowl. In 2017, University of Phoenix Stadium hosted Arizona's first-ever NCAA Men's Basketball Final Four.

Prior to the 2014 NFL season, University of Phoenix Stadium underwent a \$20 million upgrade to help improve the game-day experience. As part of a collaboration between the Cardinals and the Arizona Sports & Tourism Authority (AZSTA), the videoboards at the north and south ends were upgraded and now feature high contrast technology for the clearest image quality. The Cardinals also undertook a significant project to upgrade the telecommunications systems for improved wireless coverage at the stadium. The team installed a state-of-the-art

Cisco HD Wi-Fi system to allow fans access to high-speed internet in their seats and in all public areas of the stadium, which now features seven times as many total access points distributed throughout the venue and 10 times as much bandwidth.

Last offseason, the stadium received yet another upgrade when a new state-of-the-art sound system was installed.

ARCHITECTURE: World-renowned architect Peter Eisenman, in partnership with HOK Sport and Hunt Construction Group, created a state-of-the-art design that has already become a distinctive Arizona landmark. The stadium's exterior skin takes its design cue from the barrel cactus and features alternating sections of shimmering metal panels intended to reflect the shifting desert light alongside magnificent vertical glass slots allowing fans a spectacular view of the horizon from any level of the interior.

RETRACTABLE FIELD: University of Phoenix Stadium also features a unique rollout natural grass playing field, contained in a single tray weighing 18.9 million pounds (234 feet wide, 403 feet long). The first completely retractable field in the United States, it is positioned inside the stadium on game days to offer the preferred natural-grass playing surface for football and outside the stadium for the remaining 350+ days of the year to receive sunlight and watering. The field tray is powered by electric motors mounted on steel wheels riding on tracks embedded in the concrete floor and takes approximately 60 minutes to move completely. The flexibility of this unique design allows University of Phoenix Stadium to serve as a true multipurpose venue featuring a 160,000 square-foot event floor for other events.

RETRACTABLE ROOF: Atop the stadium roof are two large retractable panels that open and close on an arc. The panels and much of the roof are made of a translucent fabric called Birdair that enables light to penetrate and gives the venue an open, airy feel. When closed it also allows for an air conditioned environment during the hot months but the roof can be opened during cooler times of the year to take advantage of Arizona's patented sunshine. The roof takes about 10 minutes to open or close.

SCOREBOARDS: As part of a collaboration between the Cardinals & the Arizona Sports & Tourism Authority (AZSTA), videoboards at the north & south ends were upgraded prior to the 2014 season. Both are more than triple the size of the previous ones. At the south end is a high-definition LED video display that measures 54 feet high by 164 feet wide and provides an additional 8,856 square feet of live video and replays. Featuring a 13HD pixel layout for crisp, clear imagery and 75% higher resolution, the

display is capable of showing one large image to highlight live video and instant replays. It can also be divided into separate sections to show additional stats and information that fans want. The videoboard at the north end is also triple the size of the previous one, measuring 27 feet high by 97 feet wide. Both displays feature high contrast technology for the best in image quality.

INFORMATION TECHNOLOGY: University of Phoenix Stadium has an IP infrastructure that supports telecommunications throughout the Stadium. The voice and data communication network infrastructure is built entirely on Cisco equipment. All telecommunications services for voice, data, and video broadcast distribution are provided by COX Business Services and are provided via redundant services to the Stadium.

The stadium supports 2500 unique telephone DID numbers on a DS-1/PRI backbone. The Stadium provides 3Gb of Internet bandwidth, which can be adjusted as needed to support any technology requests that come to the stadium, and additional bandwidth can be requested in advance to increase the capacity as needed.

In 2013 the Stadium DAS system upgrade began using Crown Castle and a neutral host system. In 2014, the system was completely finished and hosts all major carriers, Verizon, AT&T, T-Mobile, and Sprint, and has multiple 4G-LTE sectors for each carrier, according to the needs of each.

In 2014 the Stadium Computing Network and Wi-Fi Systems were completely upgraded. An HD Wi-Fi System was installed throughout the stadium, which includes approximately 800 Cisco AP's and antennas, and is supported by a Cisco Prime Network infrastructure running over a 10Gb fiber optic backbone. The stadium also upgraded the Cisco Unified Communications System, replaced all Core and Edge switches and servers, as well as upgraded all security systems.

In 2015 outdoor Wi-Fi coverage was installed, starting at the Great Lawn and South Lawn, where the majority of outdoor events at the stadium take place. In addition, a network of Bluetooth Beacons were installed, which can be used for a variety of purposes, including information sharing, marketing and promotions.

MULTI-PURPOSE: Because of the truly unique multi-purpose nature of the facility, University of Phoenix Stadium is able to host far more than just Cardinals home games. Since opening in August of 2006, the building has hosted a pair of Super Bowls, the 2015 Pro Bowl, the first-ever BCS National Championship game (Florida-Ohio State), Fiesta Bowls, international soccer matches, high school football championships, high school proms, monster truck events, trade shows and conventions, the West Regionals of the NCAA men's basketball tournament, and numerous other events.

In December of 2016, University of Phoenix Stadium hosted its 11th Fiesta Bowl and for the first time ever the game served as one of two College Football Playoff Semi-Final contests. Ohio State and Clemson met on New Year's Eve for a chance to play in the BCS National Championship Game.

Most recently, University of Phoenix Stadium hosted Arizona's first-ever NCAA Men's Basketball Final Four in April of 2017. It was the first Final Four held west of the state of Texas since 1995.

In a given year, SMG (the buildings operator) successfully books 225+ event days for gatherings large, small and in between. Among those events have been concerts featuring some of the world's most popular artists, including the Rolling Stones, U2, Guns and Roses and Metallica.

OTHER FEATURES: In addition to its high-design architecture and innovative design, the stadium also sets new standards for stadium comfort. Its layout provides for excellent site lines, comfortable seats, abundant restrooms and concession stands, spacious end-zone viewing decks, and wide concourses with an open design allowing for an unobstructed view of the field from both the lower and upper concourses. The stadium showcases two state-of-the-art

videoboard/scoreboard displays prominently located in the end zones with excellent site lines from all seating areas. It is also aligned along a slight northwest to southeast axis to offer the maximum sun exposure for the grass field and maximum shade for stadium patrons. University of Phoenix Stadium includes 88 luxury lofts - know elsewhere as "suites" - that are unlike any others in the sports industry. Featuring a bold, modern interior design, loft amenities include preferred parking, an exclusive entrance, private restrooms, multiple televisions, and in-loft catering. In addition to the lofts, a luxurious Club Level features wider seats, preferred parking, private entrances, and a climate

controlled Club Lounge with multiple two-story spaces, comfortable lounge seating, plentiful TV monitors, upgraded food and beverage offerings and dedicated restrooms. On-site parking accommodates 14,000 cars as part of an innovative site plan designed to create a truly unique tailgating experience for fans. This 160-acre region, known as Sportsman's Park, features over 20 acres of turf including the eight-acre public area known as the Great Lawn. In addition to the 14,000 on-site spaces, parking for an additional 7,500 vehicles is conveniently located on adjacent parcels and another 3,500 on other nearby parcels. University of Phoenix Stadium is owned by the Arizona Sports and Tourism Authority.

SPORTSMAN'S PARK

The area that surrounds and encompasses University of Phoenix Stadium is known as Sportsman's Park. The 160-acre region includes car parks, grass areas and other open space available to the public.

Sportsman's Park features over 20 acres of turf, including an eight-acre public area called the Great Lawn, as well as on-site car parks which will handle over 14,000 vehicles, and an abundance of trees and other landscape appointments native to the area.

A tree-lined expanse of grass covering eight acres, the Great Lawn extends west from 95th Avenue to the Loop 101. The lawn stretches over 1,000 feet and is designed for use by fans while tailgating at games or to use during other activities outside the stadium.

Surrounding the Great Lawn is a 50-foot wide promenade. In addition to the uninterrupted expanse of grass, the Great Lawn includes areas for vendors and musicians.

PAT TILLMAN MEMORIAL

The plaza surrounding University of Phoenix Stadium is known as the Pat Tillman Freedom Plaza, in honor of the former Cardinals safety who was killed in action on April 22, 2004 while serving his country as a member of the elite Army Ranger unit.

Fans attending home games can visit the Pat Tillman Memorial located at the northwest side of the plaza. The memorial includes a large white bronze sculpture of Tillman on the eastern side and a circular reflection pond on its western side.

The sculpture is approximately eight-feet tall, weighs over 500 pounds, and took nearly nine months to complete. After an extensive search, the Cardinals selected artists Omri Amrany and Gary Tillery to create the sculpture. The sculptors consulted with

the team and Pat's wife, Marie, who worked to select the image of Tillman that would best convey his character and spirit. Serving as a backdrop to the sculpture is a nine-foot tall curved wall made of black concrete that measures 42 feet across, symbolic of Tillman's jersey number at Arizona State.

The brimming pool of water on the western side consists of a large 60-foot circular pond made of black concrete and stainless steel. Intended to create a pool of tranquility, it has a surface area of 2,300 square feet.

To the west of the memorial is a grove of 40 Oak trees that symbolizes the jersey number Tillman wore as an Arizona Cardinal and the entire area is surrounded by a grove of Ash and Oak trees.

CARDINALS PRESERVE PAT TILLMAN'S LOCKER AT TEMPE FACILITY

On September 11, 2015, the 14th anniversary of the 9/11 terrorist attacks, the Cardinals unveiled the locker of former safety Pat Tillman at the team's Tempe Training Facility.

A new locker room was built as part of a two-year, \$15 million renovation of the facility, but Tillman's locker was preserved to display in a glass enclosure between the weight room and cafeteria. Included in the locker are Tillman's jersey, helmet, shoulder pads and draft card, along with a description of his life and career.

"We've decided to preserve Pat Tillman's locker, and tell his story," team president Michael Bidwill said at the unveiling ceremony. "Many of our future players, and even current players, may not know the stories of the Cardinals. But we wanted to tell the stories and talk about the history, the history of our organization and the history of Pat Tillman."

After a decorated career at Arizona State University, Tillman was selected in the seventh round (226th overall) of the 1998 NFL Draft by the Cardinals and he played for Arizona from 1998-2001 before enlisting in the U.S. Army in 2002. He was killed in action in Afghanistan on April 22, 2004.

Tillman's No. 40 is retired by the Cardinals and he is a member of the team's Ring of Honor.

UNIVERSITY OF PHOENIX SECURES STADIUM NAMING RIGHTS

On September 26, 2006 the Cardinals and University of Phoenix announced an exclusive, multi-year agreement with University of Phoenix to become the team's naming rights partner. It marked the first time and only time a National Football League venue has been named after an educational institution.

University of Phoenix, the largest private university in the United States, agreed to invest an average of \$7.7 million per year for 20 years in exchange for naming rights, signage and a variety of advertising, marketing

and merchandising opportunities. In addition, the alliance enables the University - already international in scope - to reach an even greater number and diversity of potential students, while staying grounded in its hometown community, according to Brian Mueller, president of Apollo Group, the University's parent company.

University of Phoenix was founded over 35 years ago, and serves students both on-line and with campuses and learning centers all over the United States and in four foreign nations.

S.I. NAMES UNIVERSITY OF PHOENIX STADIUM BEST FIELD IN NFL

Sports Illustrated named the Arizona Cardinals playing surface at University of Phoenix Stadium the best in the NFL in October 2015.

In formulating its list, the publication said it relied on "past player rankings, insight from current players and details from groundskeepers."

In ranking University of Phoenix Stadium #1, Sports Illustrated wrote: "You'll hear very little argument about who holds the top spot for the best field in the NFL. Sure, Arizona has plenty of sunshine and can grow a healthy amount of Tifway 419 Bermuda grass, but more importantly, the Cardinals have the pleasure of rolling the field outside the stadium. The entire playing surface is retractable, in one giant tray, allowing the turf to grow and get maintained outside the stadium, coming inside only for NFL football games. And with a groundskeeping staff doing a stellar job with the turf, Arizona earns the top spot."

In addition to SI, the National Football League Players Association (NFLPA) has also asked players to rank the league's top playing surfaces in the past. The field at University of Phoenix Stadium has finished #1 in every NFLPA survey released since the venue opened in 2006.

STEVE SCHOENFELD MEMORIAL PRESS BOX

The press box at University of Phoenix Stadium is named in honor of Steve Schoenfeld, who covered the team and the NFL for The Arizona Republic from 1988 until 2000 when he was killed by a hit-and-run driver.

Schoenfeld worked in Tulsa and Dallas before coming to Arizona and spent the last few months of his life covering the NFL for CBS SportsLine. A tough, but fair, reporter and an eloquent writer, he was president of the Pro Football Writers Association from 1997-99, and his untimely death stunned the league.

Steve was a loving family man as well. He was devoted to his wife, Robin, and was a loving son, brother and uncle. He cared deeply about his friends, and he seemed to have thousands of them.

Said Republic colleague and current beat writer Kent Somers, "Steve never met a stranger. He not only knew everyone, he had phone numbers for them, too – and didn't hesitate to call them. It's fitting the press box is named in honor of Steve, because to him there was no better place to be on a Sunday afternoon."

CARDINALS HOST CHRISTMAS PARTY AT BOYS HOPE GIRLS HOPE OF ARIZONA

Cardinals cornerback **Patrick Peterson**, guard **Mike Iupati**, defensive tackle **Corey Peters** and wide receiver **Jaron Brown** joined **Nicole Bidwill**, members of the Cardinals Women's club, team mascot Big Red and Cardinals Cheerleaders at Boys Hope Girls Hope in Phoenix last December for a Cardinals Christmas Party.

Boys Hope Girls Hope helps academically capable and motivated children-in-need to meet their full potential and become men and women for others by providing value-centered, family-like homes, opportunities and education through college.

Boys Hope came to Arizona in 1989 with the opening of the boys home, and the girls home followed in 1998. In 2003, Boys Hope Girls Hope of Arizona became the first in the nation to implement a Community-Based Program model, allowing assistance to additional children-in-need whose home lives are not so severe as to require residential placement.

CARDINALS AND WALMART PARTNER FOR "NEIGHBORHOOD HEROES" EVENT

The Arizona Cardinals Football Club and Walmart hosted a groundbreaking ceremony at Rincon High School this past summer to begin the installation of a new football field as part of the "Neighborhood Heroes" program.

Cardinals Cheerleaders and team mascot Big Red joined representatives from Walmart for the groundbreaking ceremony at the football field. Rincon High School and Cactus High School both received new football fields this year as part of the 2017 "Neighborhood Heroes" program.

This is the eighth year of the partnership between the Cardinals and Walmart for "Neighborhood Heroes." Over the past seven years, 12 different high schools in Arizona have received new football fields through this program.

CARDINALS PARTICIPATE IN MY CAUSE, MY CLEATS CAMPAIGN

In Week 13, players across the NFL had a chance to share causes important to them as part of the NFL's My Cause, My Cleats campaign. More than 500 NFL players showcased causes close to them on the field by wearing customized cleats. Among the Cardinals players participating in the initiative were QB **Carson Palmer**, RB **David Johnson** and S **Tyrann Mathieu**.

Johnson's cleats told the story of his being bullied as a child and his work with STOMP Out Bullying to help other kids going through the same experience. Last November, Johnson wrote a piece for the Player's Tribune website titled Let's Talk About Bullying in which he shared his experiences with bullying as a child growing up in Clinton, Iowa. Throughout the season, the Player's Tribune has partnered with the NFL to allow the players to tell the stories behind their cleats and the causes they support.

Mathieu was among 10 players across the league to wear gold cleats that tell the story of treating all people with respect and dignity and sidelining racism through the Ross Initiative in Sports for Equality (RISE) nonprofit organization. Palmer wore cleats benefitting Phoenix Children's Hospital.

Players participating in the initiative had the opportunity to raise funds for the cause of their choosing by auctioning their cleats at NFL Auction, with 100% of the funds raised being donated to charities selected by the players.

SPANISH RADIO

Over the last 17 years the Arizona Cardinals Football Club has reached out to its Spanish language speaking fans by becoming the first professional team in Arizona to offer all games on Spanish radio (2000) and launching a Spanish language version of the team’s web site www.azcardenales.com (2007).

The broadcast team of Gabriel Trujillo (play-by-play), and former Cardinals offensive lineman Rolando Cantú (analyst) will be back again in 2017. Trujillo returns for his 18th season of play-by-play with the Cardinals. From 2000-2005, he also called the action in Spanish for the Phoenix Suns. Cantú played with the Cardinals for two seasons (2005-06), and during the 2005 season, he became the first Mexican born player (non-kicker) to ever take the field in an NFL regular season game. In addition to his broadcast duties, Cantú is also the team’s Manager of International Business Affairs.

The Cardinals broadcast in Spanish airs locally on Univision Arizona’s radio stations Latino Mix KQMR 100.3 FM and KHOV 105.1 FM. As the official Spanish-language radio home of the Cardinals, all pregame and game broadcasts can be heard on KQMR 100.3 FM and KHOV 105.1 FM.

Following each Cardinals game, KQMR 100.3 FM and KHOV 105.3 FM will also broadcast the team’s postgame show, Punto Extra (Extra Point), a 15-minute Spanish show to recap the action.

For the 10th straight season, the Cardinals will also bring the Spanish language broadcast to fans in Mexico. The team has partnered with Larsa Comunicaciones (Larsa Communications Group), the leading radio network in northern Mexico to bring the broadcast to 41 stations in 20 cities throughout Mexico, including Guadalajara, Puerto Vallarta, Hermosillo and Mexico City.

FITZGERALD NAMED NFL'S WALTER PAYTON CO-MAN OF THE YEAR

Wide receiver **Larry Fitzgerald** was named the co-winner of the 2016 "Walter Payton NFL Man of the Year" along with Giants QB Eli Manning at the NFL Honors prior to Super Bowl LI in February.

The "Walter Payton NFL Man of the Year" is the only league award that recognizes a player's off-the-field community service as well as his playing excellence. Fitzgerald, Manning and Carolina Panthers tight end Greg Olsen were the three finalists for the award.

"Our communities are better because of what Larry Fitzgerald, Eli Manning, Greg Olsen and the thousands of other outstanding NFL players bring to them," said Cardinals President Michael Bidwill. "They are all truly worthy of our recognition and appreciation. But at the Cardinals, we all know how special Larry is and why he is particularly deserving of this prestigious honor. What he has accomplished as a receiver in his 13 years in the NFL will be nearly impossible to match. Even more so is the level of class and integrity he has consistently brought to our league and our organization."

Fitzgerald joined Kurt Warner (2008) as the only players in Cardinals history to be named the "Walter Payton NFL Man of the Year."

Fitzgerald was named the "Arizona Cardinals/Walter Payton NFL Man of the Year" presented by Nationwide for the second time in his career (2012). He was recognized by Bidwill and representatives from Nationwide for his accomplishment following a practice last December.

KURT WARNER SELECTED TO PRO FOOTBALL HALL OF FAME

Former Cardinals QB **Kurt Warner** was among the seven individuals selected to the Pro Football Hall of Fame Class of 2017 at the selection committee's annual meeting in February.

Warner joins kicker Morten Anderson, running back Terrell Davis, safety Kenny Easley, defensive end Jason Taylor, running back LaDainian Tomlinson and Cowboys owner Jerry Jones in the 2017 Hall of Fame Class.

"This is an extraordinary honor for an extraordinary person," said Cardinals President Michael Bidwill. "Every day and in every possible way Kurt Warner has demonstrated the excellence for which the Hall of Fame stands, and we are thrilled to see him take his rightful place among the game's all-time greats."

Warner spent five seasons (2005-09) in Arizona, starting 57 of 61 games while leading the Cardinals to their first-ever Super Bowl appearance in Super Bowl XLIII following the 2008 season. He led Arizona to back-to-back NFC West titles in 2008-09 while re-writing the franchise record books in the process. During the 2008 season Warner established Cardinals regular season franchise records for attempts (598), completions (401), completion percentage (67.1) and consecutive games with a TD pass (22). His 30 TD passes and 96.9 passer rating in 2008 represent the second-best single-season totals in franchise history (Carson Palmer, 35 TDs and 104.6 rating in 2015). Warner posted three of the top five highest single-season completion percentage totals in team history and threw for 300+ yards in a franchise record 22 games.

A two-time NFL MVP and Super Bowl XXXIV MVP, Warner played 12 seasons in the NFL with the Rams (1998-2003), Giants (2004) and Cardinals (2005-2009). He is one of just three QBs in NFL history (Peyton Manning and Craig Morton) to take two different teams to the Super Bowl. One of the greatest postseason performers in NFL history, Warner owns three of the top four passing totals in Super Bowl history.

This marks the second time in four years that a Cardinals player was selected to the Hall of Fame. CB Aeneas Williams was among the six members of the 2014 Hall of Fame class. Warner becomes the 13th member of the Cardinals organization elected to the Hall of Fame. The others are Charles W. Bidwill, Sr. (Owner, Class of 1967), Jimmy Conzelman (Coach, Class of 1964), T Dan Dierdorf (Class of 1996), HB John "Paddy" Driscoll (Class of 1965), CB Dick "Night Train" Lane (Class of 1974), HB Ollie Matson (Class of 1972), HB Ernie Nevers (Class of 1963), TE Jackie Smith (Class of 1994), HB Charley Trippi (Class of 1968), CB Roger Wehrli (Class of 2007), CB Aeneas Williams (Class of 2014) and S Larry Wilson (Class of 1978).

The Hall of Fame Class of 2017 will be inducted on Saturday, August 5 at the Hall of Fame Enshrinement Ceremony in Canton, OH.

Two others with Cardinal ties were finalists in 2017 – former head coach Don Coryell (1973-77) and guard Alan Faneca (2010). It marked the fourth time overall and third straight year Coryell was a finalist, while Faneca has reached the finalist stage in each of his first two years of eligibility.
