Dear Mr. Jenkins:

On behalf of the Miami Dade Branch NAACP and its Civic Engagement Committee, we would like to express our sincere thanks for your generous support and collaboration with the Get Out the Vote (GOTV) Souls to the Polls initiative.

All thanks to your sponsorship that the Miami-Dade Branch NAACP was able to successfully host these two events at the North Dade Regional Library and the Joseph Caleb Center on the last day of early voting. We feel that the distribution of the one thousand meals and Dolphin pennants contributed to the improved turnout recorded for this primary election.

Clearly, the Miami Dolphins understand the importance of getting more voters to the polls, particularly when the underlying concern of the socio-economic effects of the COVID-19 pandemic exists.

Once again thank you for your valuable sponsorship of the Souls to the Polls GOTV event and I hope that you continue sponsoring such events, and making the events remarkable.

Sincerely,

Ruban Roberts
