QUARTERBACK PEYTON MANNING - HALL OF FAME CLASS OF 2021

INDIANAPOLIS COLTS

Team History

In 1953, the city of Baltimore was awarded a new National Football League franchise. The team was nicknamed the Colts, the second pro football club to bear that name in a seven-year period. Earlier in 1947, a Baltimore Colts team was founded in the All-America Football Conference. Three years later, as part of the peace agreement between the AAFC and NFL, the Colts became an NFL member. But this venture failed and the franchise was disbanded after the 1950 season.

But Baltimore was presented with a second chance for an NFL team three seasons later when the Dallas Texans franchise was cancelled by the league. NFL Commissioner Bert Bell challenged the city to sell 15,000 season tickets within six weeks. The successful sale took just over four weeks and, on January 23, 1953, Carroll Rosenbloom became the principal owner of the new Baltimore Colts.

In 1954, Weeb Ewbank was named the Colts' head coach and he began a steady building program that put his team over .500 for the first time in 1957. The Colts didn't have another losing season for the next 14 years. Powered by a sensational young quarterback, Johnny Unitas, and a strong supporting cast that included such future Pro Football Hall of Famers as Artie Donovan, Gino Marchetti, Raymond Berry, Lenny Moore and Jim Parker, the Colts won NFL championships in both 1958 and 1959 and again in 1968.

The 1958 NFL title clash against the New York Giants, played before the largest television audience ever up to that time, did much to increase fan enthusiasm for pro football. With Unitas craftily engineering long drives that led to the tying field goal and winning touchdown, the Colts won 23-17 in overtime.

Both the Colts and Ewbank were involved in a second game 10 years later that would share ranking as a pivotal game in creating far-reaching fan enthusiasm. The game was Super Bowl III and the Ewbank-led New York Jets stunned the heavily-favored Colts 16-7.

Under Don Shula, who replaced Ewbank in 1963, the Colts won NFL Western conference championships in 1964 and 1968. Shula moved to Miami in 1970 but the Colts, who had moved to the new American Football Conference at the time of the merger, won the first AFC Eastern division title and Super Bowl V.

Robert Irsay, who acquired the Los Angeles Rams franchise in 1972, engineered an historic trade of teams with Carroll Rosenbloom that year. Twelve years later on March 28, 1984, Irsay moved the Colts to Indianapolis, where they now play in Lucas Oil Stadium. The team enjoyed moderate success after the move to Indianapolis, appearing in the post-season a total of three times in the next 13 seasons.

The face of the franchise shifted with the arrival of quarterback Peyton Manning in 1998. Guided by his leadership, the Colts became one of the league's most dominant teams. In 2006, Manning led Indianapolis to its first championship in 36 seasons with a victory in Super Bowl XLI.

After sitting out the 2011 season because of an injury, Manning and the Colts parted ways. This opened the door for the Colts to draft their new face of the franchise - Andrew Luck. Prior to the 2019 NFL Season, Luck unexpectedly retired, leading Head Coach Frank Reich and GM Chris Ballard to bring in a new QB to run the Colts. They did so in the 2020 offseason - signing veteran QB and former Charger Philip Rivers. After one season in Indy, Rivers also retired. In 2026, the Colts are seeking another playoff berth as well as who will fill the QB role.

Canton, Ohio and the National Football League

Each year, approximately 250,000 fans from all over the world visit the Pro Football Hall of Fame in Canton, Ohio. The museum's guest register reveals that in a year's time, visitors come from all fifty states and from sixty to seventy foreign countries.

Many wonder why the Hall of Fame is located in this small northeast Ohio city. Often, museums are built in locations that have historical significance to their subject matter. The Pro Football Hall of Fame is no exception. Canton's ties to pro football began long before the Hall of Fame was built in 1963. On September 17, 1920, a meeting was held in an automobile showroom in downtown Canton. It was at this time that the American Professional Football Association was formed. Two years later, the league changed its name to the National Football League.

Today, fans follow teams like the Dallas Cowboys, San Francisco 49ers, and the Miami Dolphins. But, in 1920, none of those teams existed. Rather, the NFL had teams like the Columbus Panhandles, Dayton Triangles, Rochester Jeffersons, and the Canton Bulldogs.

The Canton Bulldogs were the first real pro football powerhouse. They won the NFL title in 1922 and 1923 making them the league's first two-time champion.

They were a strong team even before the NFL began because of their star player Jim Thorpe. Thorpe, a Native American Indian, was a tremendous athlete. Not only did he play pro football but he played pro baseball and won two gold medals in the 1912 Olympic Games. Even today, he is considered to be one of the world's greatest athletes of all time.

While the Bulldogs are no longer around, pro football remembers its early days in Canton, Ohio. Visitors, young and old, enjoy the story of pro football's history in the city where the NFL began!

The Legendary Jim Thorpe

INDIANAPOLIS COLTS

Who Was Jim Thorpe?

It seems that whenever stories are written about an all-time pro football great, Jim Thorpe's name comes up. Jim Thorpe was born in a one-room cabin in Prague, Oklahoma, on May 28, 1888. Though he had some Irish and French blood, he was mostly of Sac and Fox Indian heritage. In fact, his Indian name was Wa-Tho-Huk, which means Bright Path.

Though football was his first love, he gained his greatest fame as a track star, winning the decathlon and pentathlon events in the 1912 Olympics, held in Stockholm, Sweden. King Gustav V of Sweden told Thorpe as he presented him with his medals, "Sir, you are the greatest athlete in the world." But soon afterward, Thorpe was stripped of his records and medals when it was learned that he had played minor league baseball for money in 1911. In 1984 the Olympic Committee decided that this was an unfair interpretation of the then Olympic rules and restored his records and returned his medals to his family.

In 1915, Thorpe's great abilities and fame led Jack Cusack to offer him \$250 a game to play football for the Canton Bulldogs. While that may not sound like much, it was twice as much as most players were making back then. Even Cusack's friends warned him that he was paying Thorpe too much. Just the same, Thorpe was everything Cusack had hoped he would be -- a great player and a gate attraction. After missing the first two games of the 1916 season because he was playing pro baseball for the New York Giants, Thorpe joined the Canton squad. With Jim playing halfback, the Bulldogs were unofficial World Champions in 1916, 1917 and 1919. (The Bulldogs' championships are said to be unofficial since no organized pro league existed at the time.)

Many old-timers who actually played against Thorpe claimed he was the toughest man ever to play the game. Legend says that Jim would drop-kick a field goal from the 50-yard line, then turn and kick another 50-yarder in the opposite direction with perfect results-just to show off. Others say he could punt a ball the length of the field. Both are probably exaggerations. In any case, there is no doubt that Thorpe was a superb athlete. All accounts suggest he could run with speed and bruising power. He could pass and catch passes with the best. He could kick with accuracy and strength. And, of course, as players did back then, he played defense too.

By the time the NFL was organized in 1920, the thirty-two-year-old Thorpe, who was already past his athletic prime, was unanimously voted the league's charter president. However, he managed to play eight NFL seasons with six different teams and his gate appeal continued. Though at times he sparkled like the Thorpe of old, he never really excelled as much in the NFL as he had in his earlier career. In 1928, at the age of forty he finally called it quits. In 1950, the nation's press honored Thorpe by naming him the most outstanding athlete of the first fifty years of the twentieth century. In 1963, he was elected a charter member of the Pro Football Hall of Fame.

Peyton Manning

Goals/Objectives:

Students will:

- Conduct research on issues and interests by generating ideas and questions and by posing problems. They gather, evaluate and synthesize data from a variety of sources (e.g., print and nonprint displays and artifacts) to communicate their discoveries.
- Use a variety of technological and informational resources (e.g., video, displays, databases) to gather and synthesize information and to create and communicate knowledge.
- Develop an understanding of and respect for diversity in language use, patterns and dialects across cultures, ethnic groups, geographic regions and social roles.
- Use spoken, written and visual language to accomplish their own purposes (e.g., for learning, enjoyment, persuasion and exchange of information).

Common Core Standards: RI- Key Ideas and Details, Integration of Knowledge and Ideas; W- Text Types and Purposes, Research to Build and Present Knowledge; SL- Presentation of Knowledge and Ideas

Methods/Procedures:

- Students will read the biographical sketch on Peyton Manning (next page) as a class and discuss his role in history and the history of pro football.
- Students will compile a list of ten facts about Peyton Manning from his bio.
- Students would then be given an assignment to research any Colts' player and gather ten facts or bits of information on them to share with the class. Students would be encouraged to access the Colts' official website: Colts.com.
- Students will write up their information in paragraph form (like the Peyton Manning bio) and present the new facts and bits of information that they discovered about their chosen player.

UDL Examples

- Read all materials aloud to entire class
- Allow students to work in groups
- Allow students to create a poster or graphic with new facts and bits of information that they discovered about their chosen player

Materials:

- Peyton Manning biography
- Colts.com
- ProFootballHOF.com

Assessment:

- Students will submit the informational essay/reports on their chosen Colts Hall of Famer.
- Students will deliver formal presentations on their chosen Colts Hall of Famer that will demonstrate a clear and distinctive perspective on the subject chosen and convey relevant information and descriptive details.

Peyton Manning

Peyton Manning, a 6'5", 230-pound quarterback out of the University of Tennessee, was drafted first overall in the 1998 NFL Draft by the Indianapolis Colts. Manning had an illustrious 18-season career as the premier quarterback for the Colts (1998-2011) and the Denver Broncos (2012-15) winning two Super Bowls and earning a victory against each of the current 32 NFL franchises.

His career began with a bang – starting all 16 games as a rookie and setting Colts and NFL rookie records for completions (326), attempts (575), yards (3,739) and TDs (26). His stats only improved from there. Season after season, Manning proved himself to be one of the greatest quarterbacks, if not all-around players, the game has ever seen.

In all, Manning made four Super Bowl appearances. Following the 2006 regular season, Manning helped the Colts overcome a 21-3 first half deficit to beat their AFC rival, New England Patriots, 38-34 and advance to Super Bowl XLI. He then led the charge to his first Super Bowl victory defeating the Chicago Bears and was named the game's MVP. Three years later Manning led the Colts back to the Super Bowl while capturing the 2009 AFC Championship.

Despite a severe neck injury that forced him to sit out the 2011 season and ending his NFL-record 208 consecutive starts to begin his career, Manning became one of the most sought-after free agents. He signed with the Broncos for the 2012 season. In his second season with the Broncos, Manning led Denver to an AFC championship win and appearance in Super Bowl XLI. His final act came during Super Bowl 50 as Manning guided the Broncos to a 24-10 victory over the Panthers for the franchise's first Super Bowl win in nearly two decades.

At the time of his retirement in 2015, Manning had broken many major NFL records including career passing yards (71,940), career passing touchdowns (539), single-season passing touchdowns (55) in 2013, single-season passing yards (5,477) in 2013, total wins including playoffs (201), 4,000-plus-yard passing seasons (14), consecutive seasons with at least 25 passing touchdowns (13).

Manning earned Pro Bowl honors 14 times (2000-01, 2003-2011, 2013-15), was named Associated Press NFL Most Valuable Player five times (2003, 2004, 2008, 2009, 2013) and was selected to the NFL's All-Decade Team of the 2000s.

Tackling Football Math

Goals/Objectives:

Students will:

- Improve math skills by applying basic functions to the game of football.
- Learn basic football facts and game terms.
- Utilize statistics of NFL football players and teams for computing math problems.
- Research statistics of selected NFL football players and teams for use as alternative information in certain math problems.

Common Core Standards: Operations and Algebraic Thinking; Number Operations in Base Ten; Measurement and Data

Methods/Procedures:

- Students will complete the math worksheets provided on the following pages related to the game of football. They may work independently or with others. Feel free to make adaptations in players and teams to suit your students. Answers to the following worksheets are found in the back of this publication.
 - * Conversions in Football (CCS: Measurement and Data)
 - * Super Bowl Thunder (CCS: Number Operations in Base Ten; Measurement and Data)

UDL Examples

- Allow all students to use conversion charts

Materials:

- Pencil
- Scrap paper for working problems
- Calculators if permitted
- Worksheets

Assessment:

- Students will be assessed on accuracy of responses.

How Much Can Be Recycled?

Goals/Objectives:

Students will:

- Explain how technology influences the quality of life.
- Discuss how decisions about the use of products can result in desirable or undesirable consequences.
- Use examples to predict and analyze.
- Recognize that science can only answer some questions and technology can only solve some human problems.
- Describe examples of scientific advances and emerging technologies and how they impact society.

National Standards: Science: 5-Science and Technology

Methods/Procedures:

- The students and teacher will compile a list of objects that accumulate from fans, players and workers at any NFL game.
- Students gather, if possible, concrete examples of listed items.
- Students determine which listed objects can be recycled.
- Through letters, calls, emails, and possibly personally, determine which stadiums recycle and what items they recycle.
- After compiling all three lists, using a mathematical formula, including amount of each product sold, students determine the weight of each recyclable item/team's game and or season through extrapolation.

UDL Examples

- Encourage all students to share their personal experiences with the Indianapolis Colts.
- Discuss how the team has impacted the local community.
- Allow students to work with a partner and use technology to compile their lists.

Materials:

- Students and teacher created item list
- ProFootballHOF.com
- Scales for weighing objects

Assessment:

- Student created tables of items sold, recyclable items, items recycled and total poundage.
- Students will deliver a formal presentation on their findings.
- Teacher posts results and student findings (charts).

From Humble Beginnings: The Story of the Colts

Goals/Objectives:

Students will:

- Understand the beginnings of football as we know it today.

National Standards: U.S. History: 11 - Era 7: The Emergence of Modern America (1890-1930); 12 - Era 8: The Great Depression and World War II (1929-1945); 13 - Era 9: Postwar United States (1945 to early 1970's); 14 - Era 10: Contemporary United States (1968 to the Present)

Methods/Procedures:

- Students will visit the Indianapolis Colts' website: Colts.com and the Pro Football Hall of Fame's website: ProFootballHOF.com. A tour through these websites informs students how the Colts began, who were the early superstars, and who helped the Colts become what they are today. Students will take notes.
- If the class can take a field trip to Lucas Oil Stadium, students should take notes as they tour.
- Students will complete a one page report on the history of the Indianapolis Colts from the research gathered.
- Students will then present this information (first game, first player drafted, etc.) to the class.

UDL Examples

- Allow students to create a poster, infographic, or digital presentation instead of a written report

Materials:

- Colts.com
- ProFootballHOF.com
- Colts History on page 1

Assessment:

- Students will be able to verbally share with others more about the rich history of the Indianapolis Colts.

Goals/Objectives:

Students will:

- Improve geography skills using football team facts and locations.
- Use map skills with football facts.
- Explore data from NFL players and teams.

National Standards: Geography: 2-Places and Regions; 5-Environment and Society

Methods/Procedures:

- Have students complete the Colts' Team Travel worksheet

UDL Examples

- Read and describe all facts and worksheets to all students

Materials:

- Worksheet: Colts' Team Travel
- Maps, atlas, online resources
- 2026 Indianapolis Colts' Schedule
- Writing utensils
- Paper or posterboard
- Pushpins and string

Assessment:

- Students will be assessed on accuracy of responses to worksheet: Colts' Team Travel

INDIANAPOLIS COLTS

Colts' Team Travel

Directions: Using a blank United States map (next page) and a 2026 NFL schedule complete the following activities.

1. Label each individual state.
2. Label each NFL team in its correct city. On a separate piece of paper, list those states which do not have a NFL team.
3. Secure the map to a piece of cardboard to push pins through. Locate Indianapolis, IN and mark it by attaching a string to a pin and placing the pin on Indianapolis, IN.
4. Refer to a copy of the team's schedule for the current NFL season (Colts.com). Using the pins and string, locate and mark your team's away games. How many away games do they play?
5. Determine and keep track of the direction your team traveled to play their away games.
6. Using an online map, determine how many miles the team traveled to each of their away games. How many total miles did the team travel throughout the season?
7. Determine if Indianapolis, IN is in a different time zone than Canton, OH. What is the time difference? If the starting time of a game is 4:00 p.m. in Canton, OH, what time is the game starting in Indianapolis, IN?
8. Keep a log of your team's win-loss record for the season plus the number of points they have scored during each game.
9. Did your team win more home or away games?
10. How many miles is it from Indianapolis, IN to Inglewood, CA, site of Super Bowl LXI?

Colts Career Future

Name: _____

The NFL can offer a ticket to fame and fortune. However, only a small percentage of people actually become professional athletes. Even those who do must some day retire and begin new careers. Education is the key to the future.

Think about the types of NFL career possibilities that exist for a person with your interests, abilities, and personality. Project yourself into the future and choose one occupation that interests you. Answer the following questions using any resources available (parents, relatives, career mentors, teachers, guidance counselors, Internet and printed material).

- What education and training would I need?
- What skills and aptitude should I have?
- Is there an age requirement? If so, what is it?
- What would my work environment be like?
- What hours would I spend on the job?
- What is the starting salary?
- What are the opportunities for advancement in this line of work?
- What are the benefits of the career?
- What is the dress code?
- What specific duties would I perform?
- What are the advantages and disadvantages of the job?

Now that you know more about the career, is it still something you would like to pursue? Why or why not?

INDIANAPOLIS COLTS

Colts Jersey Design

Goals/Objectives:

Students will:

- Create an original frontal design for a jersey, employing color choices, fabric/clothing details and lettering design. This lesson focuses on use of contrast, center of interest and balance.

National Standards: Visual Arts: 1-Understanding and applying media, techniques and processes

Methods/Procedures:

- Fold drawing paper in half, short sides together, to create a center line. This line will be used as guide when drawing the neckline and number.
- Using pencil and ruler, divide the paper vertically into fourths, using very light guidelines. These lines represent approximate areas where sleeves are sewn onto the sides of the body.
- Decide on the thickness of sleeves, drawing them to extend to the outside edges of the paper.
- Sketch the neckline – standard jerseys usually have v-necks, but use another shape if you like.
- Add detailing – clothing that must endure the rigors of a contact sport usually has double stitching for strength. This can be shown at the sleeves, bottom and any other area you choose.
- Determine a color pattern – borrow colors from the Colts or create your own combinations. No more than two or three colors are necessary. Highlights of black and white are often used on jerseys in conjunction with one or two other colors. Use your color pattern to create bands on the sleeves, neckline and other areas as desired. Colors should have good contrast that allows the design to be visible from a distance, especially the number(s).
- Use the fold line to help you center the number you chose. Examples of block letters are shown on the accompanying illustration, but be as creative as you'd like. Jersey numbers are often "shaded" with a second colors. Frequently, smaller numbers are sewn to the shoulders. From this viewpoint, only part of the shoulder numbers would be visible.
- Add a tag inside the neckline to show the size. Jerseys often have outside tags on the lower portion of the body that show the manufacturer's name. This would be an ideal area to sign your name or create a company with your initials. Add any other detail you would like.
- If desired, cut out your jersey and mount on a contrasting color.

UDL Examples

- Allow students to work with a partner
- Allow students to use technology to create/draw a jersey design

Materials:

- White or manila drawing paper, 12" x 18" or 9" x 12"
- Drawing pencil/eraser
- Ruler or straightedge
- Colored pencils, markers, crayons or other coloring media

Assessment:

- Ask the student to write an advertisement for his/her jersey, describing the type of fabric that would be used, why the color choices are successful, the durability of the shirt, other details that were used, and the approximate price of the shirt.
