POST Postseason

## ROBERT SALEH

“You see the energy every day, you see the passion. What people probably don’t see day-to-day is just the thoughtful nature of how he approaches everything. You see someone that really, how him and his staff create accountability and ownership. These team meetings are phenomenal. Robert does such a great job of having his finger on the pulse of every aspect of our team from the locker room, from offense, defense, special teams. All of that, you see in his team meetings and how he communicates with the team. I think his ability to really have his finger on the pulse of everything, along with his passion, his people skills, his communication skills and this staff of great teachers that he brought in, it’s been special to watch.”

-General Manager Joe Douglas (Sept. 1)

“His insight and his help and his assistance is invaluable. His brain is just different, very uncommon in that way just the way he sees the game and the way he really sees it from both sides of the ball. I was telling him, his team meeting was one of the best I’ve ever been a part of, just the way that he brought everyone together, offensively, defensively, and just how important every little detail is within it. He’s going to be a big part of what we do defensively. He’s going to be a big part of what we do offensively. But he’s been a great resource, for sure.”

-Defensive Coordinator Jeff Ulbrich (Sept. 9)

“He’s what I would call a leader of men. He doesn’t think that X’s and O’s win football games, he knows players win football games. He’s the kind of guy that is going to motivate everybody, he makes it simple enough to where we can play fast and play incredibly effective, but not so simple it’s easy to beat. He’s a head coach that I’ve always wanted to play for.”

-Connor McGovern (Aug. 30)

“He comes in the room and it just jumps off. As soon as he’s in the room you just see a smile, you see his determination just speaking to us. I think when you go in a room you capture everybody’s eyes, you could hear a pin drop in there and I think that shows what kind of leader you are, in general. He demands that respect, and we have no choice, and we enjoy doing that. We like being led and he’s a great leader to this team and to this organization.”

-John Franklin-Myers (Aug. 2)

## MEKHI BECTON

“For a guy that size, to move the way he always has, yeah, it’s always been impressive. ‘That’s a big dude.’ Yeah, that’s the first thing you think, after 10 minutes of thinking that, you can get on to the other stuff. Then you see him move, see him play football, you can see how graceful he can move, to be a guy that big. You see the potential he’s still tapping in to. He’s going to get challenged, he’s going to win some, he’s going to lose some, that’s kind of the way this league works. All in all, I see him getting better. It’ll be fun to watch his growth.”

-Sheldon Rankins (Aug. 2)

## COREY DAVIS

“He is a very strong man, in terms of just character and when you talk to him and have a conversation, you know you’re talking to an absolute adult. He is the model of efficiency in terms of knowing everything he’s supposed to do, getting off the line of scrimmage, being perfect with his break points, putting his body between the receiver and the quarterbacks so the ball can only get to his hands. He does such a nice job executing in every facet of football, whether it’s run game or pass game, that it doesn’t pop but it’s very, very efficient and very successful.”

-Head Coach Robert Saleh (Aug. 5)

## COREY DAVIS

“From a coach’s standpoint, when you draw up a player, you can’t draw it up better for him with his mindset, the way he prepares every day, the way he goes about his business, the way he talks to his teammates, the way he takes care of himself. Then you go on the field, he’s on his job, every single detail. He’s deliberate in everything that he does. And then on top of it, he’s pretty damn good at what he does too. He’s been everything we expected as a free agent pickup, he’s been awesome.”

-Head Coach Robert Saleh (Sept. 8)

“I thought Corey was a perfect pick to be a captain. He’s not a vocal leader, but I don’t think you need him to be. I think you see his leadership day in and day out and just the way that he approaches the game and the way that he just does everything right. Guys see that and everyone is just like, ‘Geez, look at Corey,’ this guy’s always doing the right thing. And I think that he’s bringing guys along with him. And what makes him the number one receiver is literally just that. I think he’s, obviously, physically blessed and he’s got good size on him too, and he catches the ball well, knows how to run routes. But I think it’s just his demeanor and the way he approaches the game.”

-Zach Wilson (Sept. 8)

## FOLORUNSO FATUKASI

“When you talk about Foley, he’s got that, I don’t want to call it old-man-farmer strength, but he’s got tremendous balance. You can’t knock him off his block. When teams bump, he doesn’t get displaced out of his gap. He’s got tremendous leverage and just raw power. And because of it, he just plays on the other side of the line of scrimmage. He’s able to create tremendous knock back and he has the instincts to get off those blocks and make those explosive looking plays. He’s a talented individual.”

-Head Coach Robert Saleh (Jul. 30)

## JUSTIN HARDEE

“The thing is about him is that you can put on any practice, any rep and he’s going full speed all the way down the returner. He’s taken a leadership role. He practices like that, not because he’s trying to show who he is or anything like that, that’s why he’s made it and that’s why he’s gotten so good is because he practices like he plays every time.”

-Special Teams Coordinator Brant Boyer (Aug. 5)

## LAMARCUS JOYNER

"I've always known the player, but I didn't know the guy, and the guy has been amazing for the room. Just the leadership, he's a guy you got to protect in OTAs like this because he does not know how to not go 100%. He's providing a fantastic example for our young guys."

*-Defensive Coordinator Jeff Ulbrich (Jun. 16)*

## SHAQ LAWSON

"Just in the little bit we've had, you could see this dude when he gets comfortable is going to bring so much juice and energy to this defense. He's a ball of energy. His relentless style of play, the energy he brings, he plays with effort, he does all of it."

*-Head Coach Robert Saleh (Sept. 6)*

"Shaq brings energy. We talk about junk-yard dog mentality, Shaq brings that. He's brought it since day one. I remember evaluating him at Clemson, he brought that mentality, that toughness, that grit that we want. The strain, the intent, he brings that. So excited to have him and I know he's excited about letting his personality show and being the player we all know he is."

*-General Manager Joe Douglas (Sept. 1)*

## ELIJAH MOORE

"He's been impressive, he's kind of an old soul. He's already ahead of the game with regards to how he studies, takes care of his body, the way he approaches practice, the way he approaches each rep. He's impressive in the sense that we feel very confident that he's going to find ways to get better. This game is very important to him and he shows it with his actions every day."

*-Head Coach Robert Saleh (Aug. 2)*

## C.J. MOSLEY

"He's an All-Pro, Pro Bowler for a reason. His IQ level is through the roof, study-level, study habits. Just the vet things that he does, he passes down to me to make me a better player. (He knows) where to be on the field, the different things, the formations that he sees. Just the level of awareness that he has on the field is huge."

*-Quinnen Williams (Sept. 6)*

"I can't say enough good things about C.J. Aside from the leadership part, the man, the character, all of it, which is A++. The football part, he looked like he never left the game. He was very natural, he's very confident in his abilities."

*-Head Coach Robert Saleh (Aug. 18)*

## QUINNEN WILLIAMS

"One thing that I can say about Q is, he's always going to look to find something to get better at. Whether it's his step, whether it's his eyes, whether it's helping his teammates get better. Q is one person that I see playing in this league a long time. I think he's only going to grow. Even last year, he had a pretty solid year last year, he's not worried about last year. We're all worried about this year and what can be done this year."

*-Folorunso Fatukasi (Aug. 9)*

## QUINNEN & QUINCY WILLIAMS

"We both definitely dreamed of being in the NFL, but definitely not on the same team. We've always played against each other, but never on the same team. It's dope man, but after that first day we found out, both of us, we literally were chilling and we're like, "We got to get down to business." We both want to win, so we both don't really care about each other being on the team, if that makes sense, we care about going out there, executing to the best of our ability and winning football games because that's all that really matters to us, basically, is winning."

*-Quinnen Williams (Sept. 6)*

## ZACH WILSON

"When I talk process, I'm not necessarily talking about how he processes the game when the ball is snapped. I'm talking about the way he goes about his day-to-day business and the way he studies tape, how he studies the night before, what he's doing and the things he's asking the video guys, the information he wants. This young man has a tremendous process on how he gets to gameday. It's that process that we trust, is why he'll continue to grow and fix mistakes that he may have. That's why we talk about how his process is phenomenal."

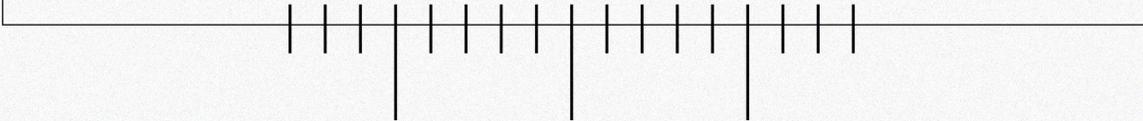

*-Head Coach Robert Saleh (Aug. 23)*

"He's a rookie in name only and experience. He prepares, he watches so much film. I've watched him watch those cutups. And I've been in the league a long time, I said, 'How did you get that, like, filter that way?' So, he's teaching me some stuff when it comes to preparing for opponents. So, I'm not worried about what he's going to see and how he's going to react."

*-Greg Van Roten (Sept. 1)*

"The first thing you notice is just his confidence and his poise in the pocket. I feel like that hasn't really changed since his first day out there and even right now after we finished practice. He's been one of those guys that you really haven't heard his voice a lot, besides when he talks to the offense or talks in front of the team, but his place play speaks so loudly that you're not really worried about what he's doing off the field because he's working so hard. It's exciting to watch, especially to see a rookie quarterback come in with the talent he has but put it to use day one and keep growing and keep growing."

*-C.J. Mosley (Aug. 30)*

# ROBERT WOOD JOHNSON

CHAIRMAN

JETS 22

**ROBERT WOOD JOHNSON**, a member of the founding family of Johnson & Johnson, has built upon his family's proud legacy of achievement as a successful businessman, compassionate philanthropist, civic leader, and diplomat.

Upon purchasing the team in 2000, Johnson established his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new stadium. Under his leadership, the Jets entered their new home field, MetLife Stadium, an award-winning arena that has been ranked as the #1 highest grossing venue in the world. He also moved the Jets into the Atlantic Health Jets Training Center, a world-class 224,000 square-foot complex that united the entire organization, and provided the perfect facility for everyone—players, coaches, and staff—to continually improve and excel.

In 2017, Johnson was appointed the U.S. Ambassador to the United Kingdom. As ambassador, he strengthened the 'Special Relationship' between the US and the UK, by promoting security and economic prosperity over a range of issues from trade to cyber security policies. While in London, the Ambassador resided in the historic Winfield House, receiving world leaders including Her Majesty Queen Elizabeth II and on multiple occasions, President Donald Trump. Ambassador Johnson led the relocation of over 1,000 employees from the Embassy's historic location at Grosvenor Square to a new state of the art headquarters at Nine Elms. When the pandemic struck London, he then directed those employees in the remote, effective and efficient operation of the Embassy to continue to serve and promote the United States' interests in the United Kingdom. Throughout his tenure at the Embassy, Ambassador Johnson engaged with government leaders and the British people, traveling extensively throughout the United Kingdom and Northern Ireland to hear local concerns and emphasize the 'Special Relationship.'

Following his diplomatic service, Ambassador Johnson returned to one of his passions—football—and resumed his role as chairman of the Jets. (During his service abroad, Johnson's brother, Christopher, filled the role of chairman.) With Christopher

Johnson now vice chairman, he will continue to build on recent leadership additions including General Manager Joe Douglas and Head Coach Robert Saleh. With President Hymie Elhai, these three comprise the organization's unified approach to build the Jets into a sustained, winning franchise.

Beyond the field, Ambassador Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in the community. In this spirit, the team, through the New York Jets Foundation, positively influences the lives of young people in the area by expanding youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities. Among the Foundation's programs is the launch of the first Girls High School Flag Football League in New Jersey. In addition to its commitment to youth programs, the Foundation also supports the Lupus Research Alliance to raise awareness and medical research funds for this autoimmune disease.

Chief among Ambassador Johnson's healthcare initiatives is the support for lupus research. In 1999, he founded the Alliance for Lupus Research (now the Lupus Research Alliance). This was the first organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. Thanks to his leadership, the organization has dedicated more than \$214 million for research grants and achieved the major milestone of funding research which set the stage for the recent FDA approval of two new treatments for this autoimmune disease.

Over many years, Ambassador Johnson has been active in philanthropy and civic affairs, including past roles as an Honorary Trustee of the Wildlife Conservation Society and a past board member of the National September 11 Memorial & Museum at the World Trade Center and the Peregrine Fund. The Ambassador also served as a Trustee and a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and healthcare for Americans.

# CHRISTOPHER W. JOHNSON

VICE CHAIRMAN

JETS 22

**CHRISTOPHER WOLD JOHNSON**, a fourth-generation member of the founding family of Johnson & Johnson, has overseen pivotal changes within the organization, appointing the team's football and business management, while updating the club's brand and uniform for the first time in 20 years. A key part of the New York Jets leadership since 2000, Johnson begins his first season as vice chairman, working alongside his brother, Chairman Woody Johnson.

In his new role, Johnson will provide continuity after overseeing the promotion of team President Hymie Elhai, and the hiring of General Manager Joe Douglas and Head Coach Robert Saleh in his time as chairman & CEO. In these three, Johnson is confident he found collaborative leaders who will unify the Jets in their shared goal of a sustained, winning franchise.

Previously serving as the Jets chairman & CEO (2017-21), Johnson has spent the past four years developing a strong bond with the players, working closely with them to advance the programs and initiatives they deem important. In 2020, Johnson addressed the team and discussed how they all—Johnson, coaches, executives, and players—could use their powerful platform to influence positive change.

To support this goal, Johnson and the Jets donated \$1 million to four partner organizations in December of 2020, with each organization—All Stars Project, Innocence Project, New York Urban League and Year Up—receiving \$250,000. These organizations mirror the Jets' and Johnson's focus on education, community/police relations, criminal justice reform, as well as other initiatives, including reducing poverty, racial equality, and workforce development. The players, coaches and staff will continue to work to reduce barriers and create opportunities for individuals in need on various upcoming volunteer projects championed by the organization.

As part of the response to the COVID-19 pandemic, Johnson, his family, and the Jets donated \$3 million to support those in need in the New York and New Jersey areas. In March of 2020, they pledged \$1 million to support the United Way of New York City's COVID-19 Community Fund, the United Way of Northern New Jersey's ALICE Recovery Fund and the United Way of Long Island's United Together: A Response Fund for COVID-19. A month later, they donated \$2 million to organizations focused primarily on food insecurity, first responders and regional relief.

In April of 2019, the organization unveiled three new uniforms, and a refreshed logo—the first changes to both in more than 20 years. In addition to the uniforms and logo, the team also implemented significant alterations to the Atlantic Health Jets Training Center to reflect the re-brand and modified fan elements at MetLife Stadium for the 2019 season.

A dedicated advocate of autism research and awareness, Johnson works closely with the Johnson Center for Child Health & Development. Named for his mother, the late Betty Wold Johnson, the Center aims to advance the understanding of childhood development through clinical care, research and education, as well as raise awareness on Autism Spectrum Disorder and identify medical research to unlock better treatments for children and young adults affected by this condition.

Johnson is also active in various educational endeavors and local philanthropy, supporting a range of initiatives, including charter school construction, as well as encouraging public discourse and exchange of ideas through debating societies.

# HYMIE ELHAI

## PRESIDENT

**JETS 22**

**HYMIE ELHAI** (*pronounced HI-me EL-hi*) begins his third season as the president of the New York Jets after his appointment by Vice Chairman Christopher W. Johnson in 2019. Now in his 22nd year with the team, Elhai's commitment to the Jets is evident as he has helped to define the culture of the organization, while also garnering respect from across the league throughout his tenure.

"For over 20 years, Hymie has developed a deep level of respect from both sides of the building," said Christopher W. Johnson. "Specifically, I witnessed first-hand, his leadership, communication and organizational acumen."

Under Elhai, the Jets have solidified their business staff's senior leadership, as he oversees all team business operations, bringing his balance and perspective to those various departments, including: Communications, Community Relations, Content, Corporate & Premium Partnerships, Events & Game Operations, Facilities, Finance, Information Technology, Legal & Human Resources, Marketing, Security and Ticketing.

Playing a key role in hiring of the football leadership, Elhai worked with Christopher W. Johnson to hire General Manager Joe Douglas in 2019, and with both Johnson and Douglas to hire Head Coach Robert Saleh in 2021.

The collaboration among Elhai, Douglas and Saleh forms the foundation that will move the Jets toward their goal of being a sustained, winning franchise. Throughout his time as president, he has worked closely with the football staff, providing counsel and support for various organizational-encompassing objectives. Additionally, in his previous role as general counsel, he helped football administration on all planning initiatives

"Seeing the dynamic of Robert, Joe and Hymie, and how they work together in a new and different way that I haven't seen before to this extent, I think it's a great harmony here and I'm really excited about it," said Chairman Robert Wood Johnson IV.

Among the important initiatives under Elhai was the formation of the Social Justice, Diversity and Inclusion Team (SJDIT) and the expansion of the Jets Women's Organization (JWO). The SJDIT helps steer the Jets as it relates to the process and execution of the team's Social Justice efforts as well as internal diversity and inclusion practices. The JWO now encompasses the many women affiliated with the organization, including staff members, wives and significant others of coaches, players, and football personnel, serving as a unique outlet to positively impact the workplace, industry, and community.

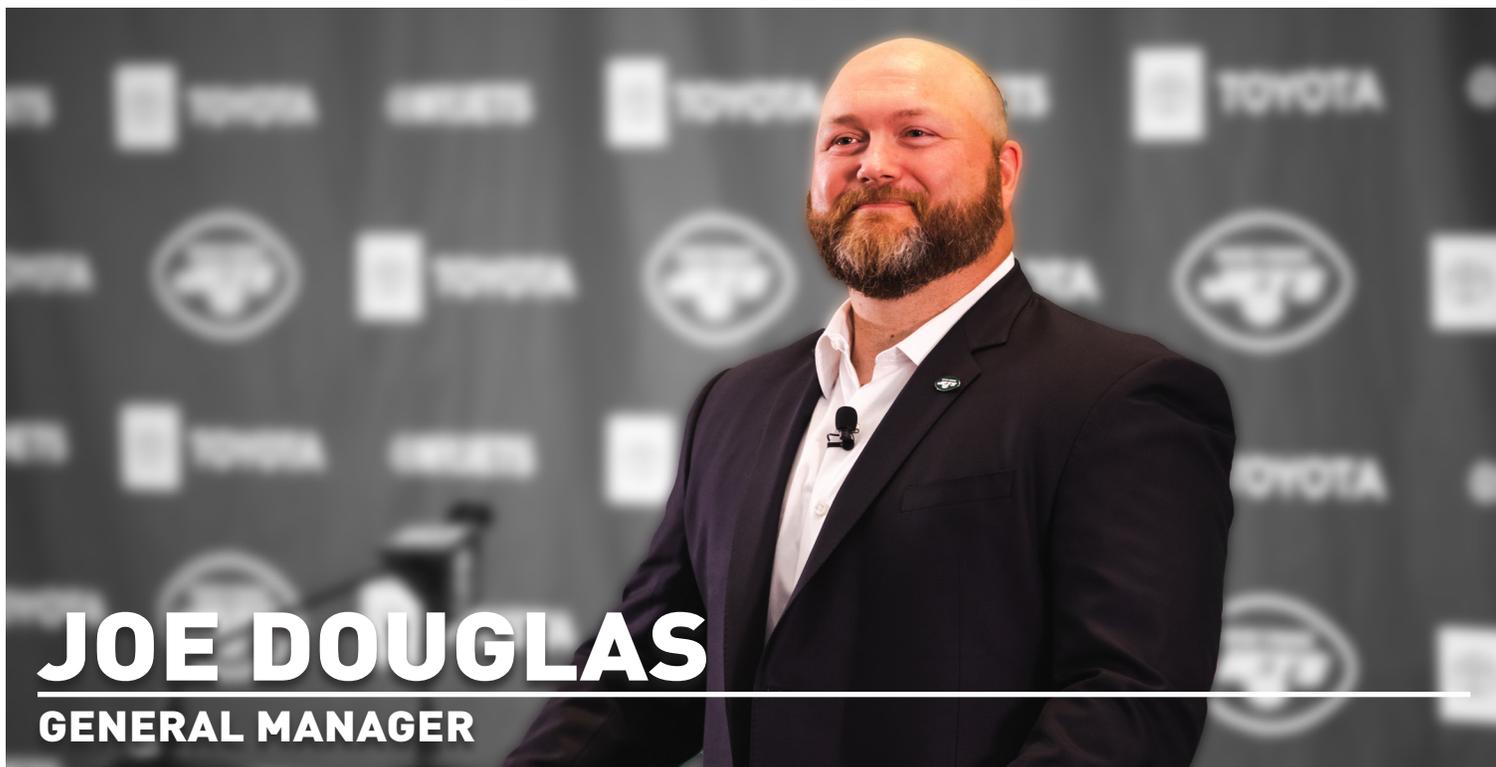

During the COVID-19 outbreak, Elhai and his staff worked closely with New Jersey Governor Phil Murphy's office and the NFL, as the team developed their protocols. Prioritizing employee safety, his communication and direction helped manage the unprecedented uncertainty of a global pandemic, keeping the business staff optimized despite working remotely.

Beginning his Jets career in 2000 as an intern, Elhai previously served as the club's senior vice president, business affairs and general counsel, where he was responsible for all legal aspects of the team, including sponsorship, licensing, event, digital media, production and broadcasting agreements, and all employment related matters.

Born in Queens, NY, Elhai grew up a Jets fan, attending games at Shea Stadium. Those roots run deep in Elhai who is driven to bring success to the Jets, not just for the organization, but for the fans.

"I have a deep appreciation and respect for this franchise and for what it means to our fans," Elhai said following his appointment.

A Sports Business Journal Forty Under 40 honoree, Elhai is a graduate of Rutgers Law School and The Johns Hopkins University, where he played football and baseball. Elhai resides in Hoboken, NJ.

# JOE DOUGLAS

## GENERAL MANAGER

MECHANICSVILLE, VA

RICHMOND

22 **JETS** 3

**JOE DOUGLAS** begins his third season as general manager of the New York Jets after being named to the position in June of 2019. Now in his 22nd season in the National Football League, Douglas, a three-time Super Bowl winning executive, continues to put his stamp on the organization.

Since taking the position, Douglas has shown that the search for players never stops. He has added starters and contributors in the NFL Draft and undrafted free agency, signed key free agents, both from the onset and throughout the year, and made steadying in-season moves via waiver claims and trades. Since his appointment just over two seasons ago, almost 90% of the roster was acquired or extended by him.

While turning over the roster, Douglas has improved the team's financial flexibility and added a number of draft assets, both by trading players with expiring contracts and draft-day deals. Through those deals, most notably the acquisition of two first-round picks and a third-round pick for safety Jamal Adams, the Jets selected twice in the first round of the 2021 NFL Draft and have multiple selections in the first and second rounds of the 2022 NFL Draft.

However, Vice Chairman Christopher Johnson's vision for Douglas was not just about the ability to construct a roster. "A general manager must be more than just a talent evaluator. He must be able to build and sustain a winning culture," Johnson said after announcing Douglas' hire. "That includes a commitment to collaboration and earning the trust of his colleagues."

Johnson's confidence in Douglas was on display as they, along with team President Hymie Elhai, led the search for the team's new coach. In hiring Robert Saleh, Johnson is confident that the first-year head coach will join with Douglas and Elhai to form the cohesive foundation that brings the Jets to their goal of a sustained, winning franchise.

**“ You better know what you're looking for and know what you're looking at. ”**

That was advice Douglas recalled from his mentor, former Ravens General Manager Ozzie Newsome, and he has stayed true to his core principal that successful teams are built by people with the right level of commitment, character and competence, as Douglas looks to develop and sustain to what he characterizes as, "the best culture in sports."

For Douglas, roster construction isn't a quick fix. "Ultimately, I think when you look at successful organizations, no matter what the sport, you don't see a lot of teams that build long-term success by buying their way out of it," he said in 2020. "You see the teams, the organizations that have long-term success, they draft well, and they develop their players."

As part of that development and commitment to player health, safety and effectiveness, Douglas, with Coach Saleh, created the Athletic Care and Performance Department, aligning the team's athletic trainers, strength & conditioning staff as well as nutrition, rehab, and sport science staffs to better position players for success. Choosing Dr. Brad DeWeese to head the department, Douglas cited DeWeese's vision, insight, and strategic approach to maximize athletic care and performance, as well as his focus on speed and power.

In the 2021 NFL Draft, Douglas added 10 players to roster, most notably second-overall selection, Zach Wilson, and 14th-overall pick, Alijah Vera-Tucker, in the first round. In drafting Vera-Tucker, Douglas showed his aggressiveness, trading up nine spots in the first round for the "unique opportunity" to acquire what the team deemed a top 10 talent in that draft. Wilson and Vera-Tucker joined wide receiver Elijah Moore (second round) and running back Michael Carter (fourth round), as the team selected offensive

# JOE DOUGLAS

players with their first four draft picks for the first time since 1983. With their remaining six choices, the Jets targeted defensive players at all three levels: Michael Carter II, Jason Pinnock and Brandin Echols in the secondary, Jonathan Marshall up front and two safety-to-linebacker conversions in Jamien Sherwood and Hamsah Nasirildeen, acquiring players that could find success in Coach Saleh and Defensive Coordinator Jeff Ulbrich's new defense.

Before the draft, Douglas set to work bringing in players to add to the team's talent and culture in free agency, using a targeted aggressiveness to bring in players like defensive lineman Carl Lawson, wide receiver Corey Davis and linebacker Jarrad Davis. Douglas and his group stayed active throughout, adding veteran contributors in defensive linemen Sheldon Rankins and Vinny Curry, safety Lamarcus Joyner, tight end Tyler Kroft and cornerback Justin Hardee.

Despite the added wrinkle that his first draft as general manager (2020) was also the NFL's first ever virtual draft as a result of COVID-19 global pandemic, Douglas showed no signs of being a rookie, despite drafting from his home. He turned his seven draft picks in 2020, Leonard Williams' expiring contract and a sixth-round pick the team previously acquired into 13 players.

As a result of Douglas' movement in the draft, nine draft picks joined the Jets in 2020 – tackle Mekhi Becton, wide receiver Denzel Mims, safety Ashtyn Davis, defensive lineman Jabari Zuniga, running back La'Mical Perine, quarterback James Morgan, offensive lineman Cameron Clark, cornerback Bryce Hall and punter Braden Mann. Of the nine, five were team captains in college, yet another illustration of Douglas' commitment to character and culture. Additionally, he added cornerbacks Lamar Jackson and Javelin Guidry, as well as linebacker Bryce Huff, as undrafted free agents. All three played at least 150 snaps, as the Jets were the only team in 2020 with three such undrafted rookies on defense.

In his first start-of-the-league-year free agency (2020), Douglas took a strategic and disciplined approach to filling the team's roster, adding to the depth with players that could not only come in and contribute immediately, but would also fit the team's culture. Among the players added, were offensive linemen George Fant, Connor McGovern and Greg Van Roten, along with a pair of veterans with a combined 27 years of NFL experience, quarterback Joe Flacco and running back Frank Gore. Gore, a leader on a young team, became just the third player in league history to gain 16,000 yards rushing, while showing the day-in, day-out habits of a future Hall of Famer. Douglas also re-signed key contributors on every level of the defense: linebacker Jordan Jenkins, cornerback Brian Poole and defensive lineman Steve McLendon.

During the season, Douglas made key waiver claims to provide depth and reinforce a roster that saw over 25 different players land on IR. Running back Ty Johnson, an October claim, averaged 4.7 yards per carry, a top 20 average among backs with at least 50 attempts. Offensive lineman Pat Elfein started the final six games at left guard after being claimed, while cornerback Corey Ballentine averaged 26.2 yards per return, a top 11 average among players with at least 10 kickoff returns. Conversely, Douglas continued to add to the club's draft capital by trading McLendon and Avery Williamson.

While Douglas' first season (2019) with the Jets did not end with the desired result, the roster showed resiliency as several players took on unexpected roles for a team that saw just two players start 16 games. The Jets were forced to use 15 different offensive starting lineups and 14 different defensive starting lineup combinations. Despite the injuries, Douglas buoyed a roster that finished 6-2 over the final eight weeks by acquiring players, in every available avenue possible, after his hire.

Although he started after free agency and the draft, Douglas also brought in a number of key contributors in his first season as general manager (2019), claiming wide receiver/punt returner Braxton Berrios and defensive lineman John Franklin-Myers. Since joining the Jets, Berrios has averaged 10.5 yards per punt return (fifth in the league among players with at least 30 returns), while also posting single-season bests in receptions, receiving yards and touchdowns in 2020. DL John Franklin-Myers, who missed his entire first season with the Jets, returned in 2020 to finish top five on the team in tackles for loss and sacks, while tying for second in quarterback hits.

Douglas also added three 10+ game starters following his hire in tight end Ryan Griffin, a free agent signing the day before training camp, guard Alex Lewis, a training camp trade, and wide receiver Demaryius Thomas, a Week Two trade with New England, the first such trade between the two franchises in over 25 years.

Griffin, signed before training camp, caught five touchdown passes, tied for third in the conference and one of just eight tight ends in franchise history with at least five TD catches, while safety Matthias Farley, a free agent added right before the start of the regular season, was named special teams captain in 2020, leading the Jets in special teams tackles since 2019.

Throughout his time in the league, Douglas has put in the work and paid his dues, working as both a pro and college scout in Baltimore, Chicago and Philadelphia, and helping shape three different Super Bowl championship rosters. Before joining the Jets, he spent the previous three seasons as the vice president of player personnel with the Eagles. In Philadelphia, he was a key component in acquiring many of the players that helped win Super Bowl LII, including the game's MVP, quarterback Nick Foles.

Using every avenue to help improve the team, Douglas was part of a front office that acquired the players who scored all but two of the team's postseason touchdowns, including four of the five scores in the Super Bowl. A trio of 2017 unrestricted free agent signings - LeGarrette Blount, Foles and Alshon Jeffery - as well as a pair of street free agents - Patrick Robinson and Torrey Smith - all contributed scores on the team's title run. The Eagles' leading receiver in the Super Bowl, running back Corey Clement, was signed as an undrafted free agent, while the team's leading rusher in the game, running back Jay Ajayi, joined the club as a midseason trade.

Prior to joining the Eagles, Douglas spent a season as the director of college scouting for Chicago (2015).

Entering the NFL as a player personnel assistant (2000) the year Baltimore won Super Bowl XXXV, Douglas ascended within the Ravens organization, holding various posts in the organization's scouting department, serving as a national scout (2012-15), Southeast area scout (2009-11), East Coast area scout (2008) and Northeast area scout (2003-07), helping add a number of

# JOE DOUGLAS

prominent players via the draft, including the Super Bowl XLVII MVP, Flacco, as well as a number of Pro Bowl players – Ben Grubbs, C.J. Mosley, Justin Tucker and Marshal Yanda.

An All-Atlantic 10 selection, Douglas started 45 consecutive games at tackle for the University of Richmond. Following his collegiate playing career, he transitioned into a volunteer assistant coach role with the Spiders in 1999.

As an offensive and defensive lineman at Mechanicsville (VA) HS, formerly Lee-Davis, Douglas was recognized as a two-time all-state honoree.

He and his wife, Shannon, have two daughters, Addison and Leighton, and a son, Thomas.

**ROBERT SALEH** (*pronounced: SAH-luh*) was named the head coach of the New York Jets by Vice Chairman Christopher Johnson on January 19, 2021. With Saleh and General Manager Joe Douglas, Johnson envisions a partnership that will, “Foster and develop the winning culture we are striving to establish.”

“It was clear to us that Robert was the right person to help us move forward,” Johnson continued in his statement. “He is a collaborative leader with proven success in the NFL. I know he will develop the players on our roster, hold them accountable, and put them in a position to succeed. Most importantly, I believe they will connect with him.”

Connecting with players has been a constant under Saleh. “They need a personal investment made into them so they can develop into being great football players,” he said after being hired. “They want to get to their second contract and be rewarded for what they’ve gone through, and so players should expect that from their coaches, and from the organization. It is an absolute joy to see them hit the pinnacle of their career, where they get rewarded for it. To give that and understand that part is just being human to me.”

“All Gas, No Brake,” for Saleh, it is a mindset that goes beyond the team’s practice and preparation to everything they do, on and off the field. More than just the players and coaches, it is about the entire organization stepping on the gas and getting better each and every day.

“He has a plan for the identity of this team and a clear plan to achieve it,” Douglas said. “He’s an unbelievable teacher, his teaching methods are outstanding. And then just the stories of him connecting, engaging, and creating buy-in, it was very impressive.”

That buy-in was evident early in his career, as linebacker Paul Posluszny reflected on Saleh, his former position coach in Jacksonville, “You look at him, the command presence, the understanding that he had for not only what the linebackers need to do on the field but the entire defense, the way he was able to communicate things in a crystal-clear manner,” Posluszny said. “He has that type of presence and that type of influence over his players.”

Now in his 17th season coaching in the NFL, Saleh spent the last four seasons as the defensive coordinator with San Francisco. Since 2017, his group ranked third in the league in passing yards allowed (211.4), holding opposing quarterbacks to the eighth lowest completion percentage (62.9%), while producing Pro Bowl players at linebacker (Fred Warner), cornerback (Richard Sherman) and defensive line (Nick Bosa & DeForest Buckner), while Bosa was also selected as the 2019 Defensive Player of the Year by the Associated Press.

The last two seasons under Saleh, the 49ers defense led the league in passing defense (188.6), ranking in the top 10 in passer rating allowed (85.8), completion percentage allowed (62.4%), tackles for loss (154) and defensive touchdowns (six), while also helping San Francisco advance to Super Bowl LIV.

In 2020, despite an injury-plagued season, Saleh’s unit still finished fifth in the league in total defense and fourth in passing defense, getting career seasons from cornerback Jason Verrett, whose started 13 games after playing in just six total the previous four seasons and defensive lineman Kerry Hyder, who started 14 games after logging more than 450 snaps in a season just once in his five previous years in the league as he became one of just 11 defensive linemen with at least 8.0 sacks, 15 quarterback hits and 40 total tackles.

A key part of the team's Super Bowl LIV run in 2019, Saleh's defense finished second in total defense, first in passing defense and third in third-down defense, while producing 48 sacks, tied for the fifth most in the league, and 28 takeaways, the sixth most. The San Francisco defensive line saw four players – Arik Armstead (10.0), Bosa (9.0), Buckner (7.5) and Dee Ford (6.5) – all produce at least 6.5 sacks, the only team in the NFL to have four-or-more players with 6.5-or-more sacks. In the postseason, the defense allowed just over 300 yards per game, holding opponents to just 31.4% on third down and producing seven total takeaways, including two interceptions of league MVP Patrick Mahomes in the Super Bowl, the only game Mahomes had more than one interception that season.

In Saleh's second season with the 49ers (2018), the defense was one of six to allow fewer net yards per game, rushing yards per game and passing yards per game than they did the previous season. In 2017, his first as a coordinator, San Francisco allowed .62 yards fewer per play, the third best improvement in the league. Over the final eight weeks, they ranked second in the league in rushing yards allowed and fourth in yards per carry.

Coaching linebackers for three seasons in Jacksonville, Saleh oversaw a linebacker group that included Posluszny and Telvin Smith, as the pair each finished in the top five in the league in total tackles between 2015-16 (according to Radar360). The team's linebackers were also a key part of a Jaguars defense that ranked fifth in passing defense and sixth in opponent rushing average in 2016, and fifth in rushing average allowed in 2015.

Prior to his time in Jacksonville, Saleh spent three seasons in Seattle as a defensive quality control coach, responsible for assisting the defensive staff with day-to-day duties with a focus on the linebackers, while learning an important lesson from Head Coach Pete Carroll:

"The biggest influence I took from Coach Carroll is from a philosophy standpoint," Saleh said in 2017. "Understanding who you are as a person. Understanding what's important to you as a person. And, how to apply it to the message that you're trying to deliver. Understanding that everybody has a style and that every style is the right style provided you apply it in the right way. So, just from a philosophy standpoint, speaking to people, handling people is where I have my greatest growth from Coach Carroll."

In those three seasons, he helped develop linebackers Bobby Wagner (2012 second-round pick) and K.J. Wright (2011 fourth-round pick) as the two became future Pro Bowl selections. A part of the Seahawks Super Bowl XLVIII winning staff, another of the team's linebackers, seventh-round pick Malcolm Smith, earned MVP honors after Smith registered nine tackles, a fumble recovery and a 69-yard interception returned for a touchdown.

Saleh began his NFL coaching career in Houston as a coaching intern (2005), becoming a defensive assistant (2006-08) and ultimately the linebackers coach (2009-10). Linebackers DeMeco Ryans (2006) and Brain Cushing (2009) each earned Associated Press Defensive Rookie of the Year honors while Saleh was there and were both selected to the Pro Bowl in 2009. That season, the tandem finished in the top 10 in the league in total tackles (according to Radar360).

Before his start as an NFL coach, Saleh spent four seasons coaching college football at Georgia (2005), Central Michigan (2004), and began his coaching career at Michigan State (2002) as an offensive assistant/tight ends coach, before becoming a defensive assistant/defensive line the following season.

A native of Dearborn, MI, Saleh attended Northern Michigan University where he started for four years at tight end. He earned his finance degree, beginning a career as a credit analyst before getting into coaching.

Saleh and his wife, Sanaa, have seven children, sons, Adam, Zane, Michael, Sam, and Jacob, and daughters, Mila and Ella. Born to Lebanese parents, Sam and Fatin, he is considered one of three Arab-American head coaches in NFL history and believed to be the first Muslim-American head coach.
