

RAVENS IN OUR COMMUNITY

FT. MEADE BLOOD DRIVE

On Tuesday (9/20), Ravens players helped make a blood drive a little less painful and a little more enjoyable. **NT Terrence Cody** (above right), **WR Tandon Doss** and **DE Arthur Jones** were on hand at The Lanes Ft. Meade to show their appreciation and support for members of the military.

During the event, the players welcomed donors, posed for pictures and signed autographs. They also handed out Ravens lanyards and American flags to their grateful fans. After greeting staff members and patrons, the players joined members of the military in a friendly game of bowling.

The blood drive was part of the Armed Services Blood Program, which helps provide quality blood products for service members and their families.

PLAYER SPOTLIGHTS

The Cory Redding Foundation

Ravens **DE Cory Redding** hosted an assembly Tuesday (9/20) at Garrison Middle School to launch his incentive-based program for the youth in West Baltimore. Students will receive visits from Redding throughout the year. The defensive end will also provide Ravens tickets and other incentives to encourage academic and behavioral progress.

FB Vonta Leach helped kick off Baltimore's second annual Healthy City Days, a week-long program dedicated to improving citizens' health, on Tuesday (9/20). During the press conference, Leach spoke about the importance of good nutrition and regular exercise.

JIMMY SMITH DISTRIBUTES BIKES TO KIDS IN NEED

CB Jimmy Smith visited the Lansdowne Police Athletic League on Tuesday (9/20) to distribute 12 bicycles and helmets to children in need. Smith was greeted by a group of children eager to ask him questions about the Ravens and his life as a rookie.

The bicycles were assembled on Monday (9/19) evening by members of the All Community Team, a partnership among the Ravens organization, the players and members of the corporate community.

During his visit, Smith took pictures and signed autographs for the children.

Before leaving, the cornerback made sure one of his young fans had the opportunity to interview him for the school's newspaper. Smith encouraged the young journalist to study and work hard to achieve his goals.
