

RAVENS IN OUR COMMUNITY

RAVENS SIGNATURE PROJECT: WEBSTER KENDRICK BOYS & GIRLS CLUB RENOVATION

In June, the Ravens partnered with M&T Bank to give the Webster Kendrick Boys and Girls Club in Northwest Baltimore a complete transformation. Over 225 volunteers, comprised of Ravens players, coaches and front office staff finished the makeover in under six hours. Head coach John Harbaugh cancelled rookie meetings to provide players the opportunity to take part in the excitement. Volunteer activities included refurbishing the multi-purpose room, entryway and teen lounge, as well as hosting a field day and reading to kids from Calloway Elementary School. Thanks to fresh paint, upgraded furniture and new technology, the Ravens' efforts will help the Boys and Girls Club continue to grow and offer an enjoyable and welcoming environment for Baltimore youth.

FOOTBALL & FITNESS CAMPS

This offseason, over 30 players participated in or hosted their own youth football camp and/or clinic. OLB Tyus Bowser, CB Brandon Carr, DT Willie Henry, CB Marlon Humphrey, QB Lamar Jackson, S Tony Jefferson, CB/RS Cyrus Jones, DB/LB Anthony Levine Sr., ILB Patrick Onwuasor, WR Willie Snead IV, RB De'Lance Turner, LB Kenny Young and director of player engagement Jameel McClain hosted camps all across the country. Players took the opportunity to share their stories, offer advice and inspire young participants with tips on how to not only excel on the football field, but also evolve as young men and women. Ravens hosted events in their hometowns, as well as across the Baltimore area, to work with local communities and share in a day full of exercise, hard work and fun.

TOUCHDOWN FOR TEACHERS

In May, the Ravens and M&T Bank recognized Rickey Solomon of the Stadium School as the winner of the 2019 Touchdown for Teachers Award. During the recognition ceremony, TE Hayden Hurst presented a \$4,000 check to Solomon and answered several questions from the student body. Solomon was selected from more than 500 applications due to his leadership, dedication and commitment to the school. Just this year, Solomon created the school's first basketball teams, track program, book club, and directed the spring production, "The Wiz." Solomon has been instrumental in the classroom, while also serving the Baltimore community through his nonprofit organization, Dreams to Reality, which focuses on inspiring youth to stay in school in order to pursue a college education in the arts.
