

RAVENS IN OUR COMMUNITY

THE BRADLEY BOZEMAN FOUNDATION

As a continuation of their work at the University of Alabama, **C Bradley Bozeman** and his fiancée Nikki recently launched the Bradley and Nikki Bozeman Foundation. The foundation seeks to make a difference in the lives of at-risk children and their families, with a focus on the dangers of childhood bullying. It also aims to reinforce the importance of treating everyone with respect, standing up for others in vulnerable positions and learning the importance of preventing bullying in our communities. Throughout the month of October, Bradley and Nikki visited local elementary schools around Baltimore to spread the message of anti-bullying in support of National Bullying Prevention Month. The couple hopes that by speaking to these elementary school students, they can be positive influences and encourage students to spread kindness, as they prepare for middle school and beyond.

MORGAN COX SCHOOL VISIT

On Tuesday, Nov. 27, **LS Morgan Cox** visited KIPP Baltimore Academy in Baltimore City to support and encourage the students to attend school every day and stress the importance of education. Alongside Agape North, a nonprofit that provides school uniforms to under privileged youth, Cox rewarded students who have perfect attendance with customized t-shirts. Students from both the elementary and middle school were recognized. Cox's hope is to further encourage the students to attend school and excel in their education. KIPP, which stands for the "Knowledge is Power Program," is a national nonprofit network of college-preparatory, public charter schools serving elementary, middle and high school students. KIPP's goal is to prepare students in educationally-undeserved communities to live choice-filled lives through education, skills and character building.

PLAY 60 CARAVAN

On Monday, Nov. 26, the Ravens hosted three reward assemblies at local schools to promote the NFL PLAY 60 Challenge. The challenge, created in partnership with the American Heart Association, encourages students to be physically active for at least 60 minutes every day over a four-week, incentive-based period. Taking place throughout the month of October, nearly 45,000 students participated in the PLAY 60 Challenge. The program included in-classroom tracking materials, and individual student guides, that helped the students record their physical activity throughout the month. By reaching specified benchmarks, students were able to win prizes and have the opportunity to be honored at the 2018 Ravens-Buccaneers game on Dec. 16. In addition, the schools competed to win Ravens-themed reward assemblies to celebrate their success. Winners of the ninth-consecutive PLAY 60 Challenge were Ebb Valley Elementary School (Carroll County), Fort Garrison Elementary School (Baltimore County) and Rodgers Forge Elementary School (Baltimore County). Current players who participated in the caravan included **T Orlando Brown Jr.**, **TE Nick Boyle**, **S Chuck Clark**, **WR Chris Moore** (right), **WR Willie Snead IV** and **DE Chris Wormley** (left).
