Note: The all-time alphabetical roster lists the last-known in-season jersey number worn by a player. The roster includes every year a player was on the team, whether active, IR or PUP list. Additionally, if a player was on the Ravens' 53-man roster at any time, he appears. (However, the roster does not include players who solely spent time on the practice squad or in training camp.)

The all-time numerical roster on the following pages lists all of the jersey numbers worn by a Raven in a game. An example would be NT Kelly Gregg, who wore both 73 and 97 jerseys.
