

RAVENS IN OUR COMMUNITY HOLIDAY HAPPENINGS

On Monday, Dec. 12, DB/LB Anthony Levine Sr. surprised kids from his 4Every1 Foundation with holiday gifts. The 4Every1 Foundation, which was originally created to help at-risk youth and their families build a better future through mentorship, educational opportunities and life changing experiences, has remained active this year. Levine has been working with the NFL's Inspire Change grant program, which aids local communities as they strive for equality toward criminal justice reform, education and economic advantage and police-community relations. Through the grant, Levine established the Connectivity Divide Program, which provides children with access to the internet for remote schooling. Levine created this program in select markets across Maryland, Georgia and Michigan to support the cost of mobile hot spots for nine months.

On Monday, Dec. 21, the Baltimore Ravens donated 600 pairs of Bose noise cancelling headphones to students of Graceland Park School in Baltimore City and to the high school participants of the Ravens Leadership Program.

CB Anthony Averett donated Shop Rite gift cards to the families of the Woodbury (NJ) City Public Schools district. Since his graduation in 2012, Averett, who grew up in Woodbury, NJ, has continued to support his hometown with holiday gifts and athletic training equipment.

CHRIS & TORIA MOORE'S VIRTUAL RONALD McDONALD HOUSE VISIT

2019

Since joining the Ravens in 2016, WR/RS Chris Moore has made it a point to frequently visit families at the Ronald McDonald House in downtown Baltimore. While he couldn't be there in person this year, Moore, alongside his wife, Toria, visited families virtually, through the Ravens community robots. The Moores talked with families who are currently staying at the facility for long-term care and treatment for their children.
