

Crucial Catch Day

In honor of the NFL's Crucial Catch initiative, the Baltimore Ravens partnered with the American Cancer Society, MedStar Health and the Susan G. Komen Foundation to host a special event for 35 pre-selected cancer patients on Monday, Sept. 29. As part of the experience, participants received custom-fitted wigs and enjoyed a surprise visit to M&T Bank Stadium. The afternoon included a behind-the-scenes stadium tour, professional makeup sessions, massages, personalized permanent bracelets, custom flower bouquet arrangements and wig fittings courtesy of CB Nate Wiggins' Worldwide Foundation. Fellow teammates CB Jaire Alexander, OLBs Tavius Robinson and Kaimon Rucker were also in attendance to spend time with the guests.
