

RAVENS IN OUR COMMUNITY

YOUTH FOOTBALL DAY OF PLAY

On Saturday, Sept. 19, the Ravens hosted their annual RISE Youth Football Day of Play at M&T Bank Stadium, an event exclusively for teams enrolled in the Ravens RISE program. Ten area teams were awarded the once-in-a-lifetime experience to take a behind-the-scenes tour of M&T Bank Stadium, change in the visitor's locker room, be introduced through the Ravens tunnel and play on the field. Teams were also joined by their programs' cheerleaders, who received an opportunity to meet and obtain autographs from Ravens cheerleaders.

GOVERNOR HOGAN'S VISIT

At their home game against the Cincinnati Bengals on Sunday, Sept. 27, the Ravens hosted Maryland Governor Larry Hogan, as he continues to raise awareness for cancer. Governor Hogan was diagnosed with non-Hodgkin's lymphoma in June and has declared September "Blood Cancer Awareness Month" in the state of Maryland. He invited four children, all who have also been diagnosed with cancer and are currently receiving treatment, to join him on the field during the game.
