GAME INFO

STARTING FIVE: The Jets have used the same five starting offensive line combination in every game this season, a feat no other team has accomplished. This is the first time a Jets team has used the same starting five in the first 14 games since 2012, when they used only one for the entire season, according to Stats Perform.

The JAX defense entered Week 15 averaging 14.2 pressures per game, the eighth-most in the League. The Jets OL combo of **Olu Fashanu - John Simpson - Josh Myers - Joe Tippmann - Armand Membou**, with help from all phases of the offense, allowed just 10 pressures, the second fewest allowed by New York this season. The 10 pressures resulted in a 24.4% pressure rate, the lowest rating allowed by the team in any game this season.

Over the last five games (since Week 11), the offensive line has recorded five of its seven best performances in pressure-allowed percentage. In that time, they've allowed a 33.3% pressure rate, down 14.5% from Weeks 1-10, the biggest difference in the League between those two timeframes.

PRESSURE RATE ALLOWED DECREASE / W1-10 vs. W11-15

(According to Next Gen Stats)

Team	W1-10	W11-15	Diff.
New York Jets	47.8%	33.3%	-14.5%
New England Patriots	40.7%	29.1%	-11.6%
Philadelphia Eagles	37.0%	29.1%	-7.9%

Minnesota Vikings	37.3%	33.3%	-3.9%
Carolina Panthers	38.5%	35.7%	-2.8%

In addition to posting the biggest decrease in pressure rate allowed across their last five games, the Jets offensive line has decreased their pressures per game allowed from 17.0 Weeks 1-10 to 12.6 in Weeks 11-15, the second biggest improvement in the League in that span.

“Yeah, and I think I’ve mentioned this before. Anything that Zay (Isaiah Davis) does is hard for him to really come out on the negative side of it and if he messes something up, it’s pretty much because you’re coaching wrong.”

- **Special Team Coordinator Chris Banjo, 12.11**

Brady Cook earned his first career start in Week 15 at JAX (12/14), becoming just the second undrafted rookie quarterback to start a game in franchise history, joining Bill Demory (1973).

Cook started the game a perfect 6-6, passing for 51 yards and a touchdown on the opening two possessions. He became the first quarterback to complete his first six passes or more in their first career start since Mike White in 2021, who also accomplished the feat with the Jets. Since 1991, he's just the 13th quarterback to open their first career start by completing their first six passes.

ROBERT WOOD JOHNSON

"Let me say this first, it all starts with the owner. None of this gets done without our owner. Listen, I get it, I understand things that were talked about, things that were said back in the day, but I know who our owner is, I know what he's trying to create, and we're going to follow his lead... the things that he's done, the way he talks, the way he operates, I can't be happier to have him as an owner."

- Head Coach Aaron Glenn, 7.23

AARON GLENN

"The most impressive thing is his consistency. I think his messaging and the way he is as a person whether we win, we lose, we have a good performance, we have a bad performance, we don't get the result we deserve, or we get the result we deserve, he's been super consistent. I think I said this the first couple of weeks I was here, the middle of the road, and now here: he deserves to win, and I believe he will."

- Defensive Lineman Harrison Phillips, 11.17

"It's not lip service with AG. You can feel his passion. I don't know what it is about him, he commands the room, he has a very dominant presence. When you look him in the eyes, it's like he's looking into your soul. You can feel the emotion and the passion about what he's saying. I mean, anybody can get up there and say, 'Hey guys, let's stick to the plan, let's go get a win out there.' No, that's not where he's coming from. You can tell that he genuinely cares and he really, really, really believes. What he's saying, he actually believes in, and enough of us have understood that the guy leading this thing sees the image. The guy who's been here as a player, who has had amazing success as a player and coach, seen as much football as anyone, he sees what we have, he sees what we're going through, and he believes in it, so why shouldn't you?"

- Defensive Lineman Harrison Phillips, 10.6

"It's been everything that I imagined, right, coming back and being the head coach of this team, and being out there on the field. Just hearing the fans, again, knowing exactly what they're looking for. They're behind us, I know that, and I'm very appreciative of that. There are fans that, when I was playing, that I still see that's out there, and I think that's outstanding. Listen, we have some guys that's in it for the long haul and, listen, I appreciate that. Just don't let go of the rope, I'll say it for all you guys, don't let go of the rope, alright, hold on tight. Be patient, and give the guys time. We'll be just fine, we'll be just fine."

- Head Coach Aaron Glenn, 7.26

"I think when you shift in culture and start fresh, I think there are certain qualities that you have to have in a head coach, and I think coach Glenn has them all. He demands, well not really demands, he gets the respect from everyone in the locker room just by the way he presents himself. His message to the team has been consistent since day one. He's a straight shooter, and he gets it from a player's side. He knows how to take care of us. He also requires us to work as well, too. Our conversation is always transparent, and as a player, you can respect that. You know what you're getting when you're walking in the building. And it doesn't just stop there, it bleeds through the rest of the coaching staff and it's one message versus hearing multiple."

- Quarterback Tyrod Taylor, 7.25

"I mean, for me, it was just getting in front of him and meeting him. He's done this thing and he's played at a high level. He's been a Jet before, which for me is huge. These problems we may have had these first three years, and these obstacles of just being a player in the League, he went through that. He can relate. Not to mention, he's seen the blueprint for what it means to take a team that hasn't had much success and turn them into that top of the League, premier team. He's seen that blueprint twice or three times."

- Wide Receiver Garrett Wilson, 7.22

"AG is great, he's awesome, super personal when it comes to, not only speaking to me, not only our relationship, but everyone's relationship. I've been saying this for a long time now, he's straightforward with it, he keeps it very blunt, but I think our relationship is very good when it comes to that, personally, and just being on the same page on how we want to lead this team, so he's great for sure."

- Quarterback Justin Fields, 7.23

"Straightforward, honest. I'm talking about, it isn't wait until we get to the meeting room, it's honest and straightforward on the field, so you can get it corrected right then so you're coming out not making the same mistakes. And then on top of that, it's one of those things where you know the expectations, so you can challenge yourself and be like, 'Did I meet the expectations?' It isn't one of those things where he has to come in and say it again."

- Linebacker Quincy Williams, 6.3

CHRIS BANJO

"It's elite buy-in. A bunch of guys just being selfless. Kick return's so unique, you got 10 guys blocking, there's no glory for one of them if I score a touchdown, but it's a very selfless team and I think that's why we're finding a lot of success."

- Running Back Kene Nwangwu, 11.10

TONY ADAMS

"He's impressed me because he knew what his situation was as far as battling, and a lot of guys felt the same way too, and all he did was keep his head down and work. And that's what we ask for with all of our players. Listen, don't worry about what's to your right, or what's to your left, man just focus on what's in front of you and what you're trying to accomplish, and what we're trying to accomplish, and everything will work out."

- Head Coach Aaron Glenn, 8.25

JOWON BRIGGS

"What is really cool is to see such a young player in this League have as high of a football IQ that he has. There's not a lot of year two players that I've been with, specifically defensive line, we're not known for our Wonderlic scores, to have as much football IQ as he does. So, when we're out there, we're able to communicate some things in a very short setting that allows us to be a little more productive in the run game, I know somebody asked that earlier. We're able to call a couple of pass rush stances, or shift the front, or call a game and be able to work off each other because he understands concepts so well. And I haven't always had that with every player that I've played with, so kudos to Briggs' SAT scores."

- Defensive Lineman Harrison Phillips, 11.24

JARVIS BROWNE JR.

"He fits exactly who we are as a defense. He's tough minded. He has really good coverage ability. He doesn't mind sticking his nose in there when it comes to the run game."

- Head Coach Aaron Glenn, 10.15

JARVIS BROWNLEE JR...CONTINUED

"Brownlee is one of those guys that, he's very physical, he loves man coverage, and he came in and he learned our system fairly quick and I thought Wilks and the DB coaches did a good job of that...I'll tell you what, this Brownlee is a pretty good player, and hopefully he can continue to ascend with us."

- Head Coach Aaron Glenn, 10.13

MICHEAL CLEMONS

"Big, strong, tough. I tell you what, me and (Chris) Banjo were making a joke about this yesterday when they were doing the conditioning test. If there is any player that I would like to look like, it would be him. He is built the way that you want to have a football player built... But he's a big, strong, defensive end that can set an edge, and he does have some rush ability. The way that he rushes is probably different than the way other guys rush. He is a power player, so I expect him to go out there and play with power."

- Head Coach Aaron Glenn, 7.23

ISAIAH DAVIS

"He's a football player in whatever you ask him to do. I joke around with Isaiah, I actually heard this from one of our other coaches, if he messes up something, it's not because he messed up, it's more likely you coached it wrong. So, Isaiah has been really, really good for us and I'm looking forward to whatever we ask him to do for him to do it at a high level.."

- Special Team Coordinator Chris Banjo, 9.11

"He brings everything. I mean, he is a guy that we have to make sure we get him on the field as much as possible also. Pass protection, his ability to run, his route tree, he's a very, very smart player. He's tough, he's aggressive, and the thing is, he's a guy that plays on every special teams that we have. So, he's a valuable, valuable piece of what we're trying to do. Valuable."

- Head Coach Aaron Glenn, 8.2

OLU FASHANU

"Here is what I will say about Olu, and this started back in OTAs, he committed a number of days of just being here, and I'm not just talking about the times that he had to be here as far as the workouts, man he was here on the weekends like getting work in on his own, on his own. He is committed to making sure that he's available, for one, and then also that he's going to be a huge part of what we're trying to build when it comes to the O-line."

- Head Coach Aaron Glenn, 7.26

JUSTIN FIELDS

"Well guys, that's who he (Justin Fields) is. I mean, I think each one of you guys were dogging him all during preseason about what he can't do, and I think he just showed what he can do. And we're all going to say this, that there are some things that he could have done better, and obviously he's going to feel the same way. But man, this is a step-by-step process, and we know that he's not done with his progression as far as getting better. So, the only thing that we are look at is, man, continue to be efficient, continue to be yourself, and don't let any outside noise try to distract you from what you could be."

- Head Coach Aaron Glenn, 9.8

"I mean ever since he walked on campus with us at Ohio State, coming from Georgia, you sense the seriousness about him, the competitiveness. He's super athletic, but I think the biggest thing about him is his mental toughness, that nothing's going to rattle him. He's good for this team and this area, and he wants the pressure. He's built for it, and just the attitude that he brings and the professionalism that he has. He's shown it ever since we were in college, and he'll continue to do that, and we'll rally behind him."

- Tight End Jeremy Ruckert, 6.10

"The biggest takeaway I would say is that this guy is just a workaholic. He comes in early, he's here late, and he's trying to digest everything and download all the information and do things the right way. He's trying to do things that we're asking, and I think he's really put the next foot forward every day, just trying to stack days, and it's been really good."

- Offensive Coordinator Tanner Engstrand, 6.11

"Just having a guy like that, that is as good of a person as he is. Competitive wise, he's one of the most competitive people I've met and then just the way he attacks workouts and practices, you don't see that often from a quarterback. I mean, a guy in there moving weight when we got practice in an hour, stuff like that. You know, that I remember from college that he's still doing now, and just seeing that he's the same dude. I'm excited, just the conversations that we've had and getting to throw it around with him throughout OTAs. We have fun out there, so I'm excited."

- Wide Receiver Garrett Wilson, 7.22

NICK FOLK

"He's aging like fine wine. I told Nick that was a really, really cool moment for him to get his career long this late in his career. When you talk about trust and attention to detail and his execution, he's earned the right to do that throughout the week. He's going to continue to step like that, just because of the type of person he is."

- Special Teams Coordinator Chris Banjo, 10.2

BREECE HALL

"Love him, love him. Comes to work, works hard, good guy around the players, leads by example, talented. I love everything about him."

- Offensive Coordinator Tanner Engstrand, 5.29

"Breece is a ball player for sure. Of course, everybody knows he can run, but what kind of surprised me is his natural hands when I first started throwing with him. I mean, he has natural hands kind of like a receiver and he's really just an all-around back, so definitely glad to have him on my team for sure."

- Quarterback Justin Fields, 6.11

JERMAINE JOHNSON II

"There's things that stand out, going back to college, what I saw in him, and even at the Senior Bowl, when I had a chance to coach him then. He's a hard-nosed, physical, violent player that's very athletic, that has the ability to win off the edge and make plays on the quarterback. Listen, you don't get a lot of guys that have the athleticism that he does, but still be strong and powerful to be able to hold against the run, so I'm excited to see that player get out there in training camp and going into the first game. He's going to be a huge part of what we're doing."

- Head Coach Aaron Glenn, 6.10

WILL MCDONALD IV

"He's a guy that has a skill set as far as rushing the passer that I haven't been around a lot of guys, just in my coaching tenure, like what we have with him. So, I'm going to enjoy seeing exactly what he's going to be able to do with us, and we're going to let him go. We're going to let him loose. We're going to let him go get the passer. That's what he does best. I'm just looking forward to when he gets the pads on and where you can just put him in live action, see what he could really do."

- Head Coach Aaron Glenn, 5.21

AUSTIN MCNAMARA

"Mac (Austin McNamara), he is a weapon, and I call him a weapon. We call him our sniper, because he has the ability to flip the field for us at any given time."

- Head Coach Aaron Glenn, 11.30

ARMAND MEMBOU

"I always go back to how well (Armand) Membou is doing as a rookie right tackle, just being able to kind of go out there and get his job done the way he has. I've been very impressed just with the way he's handled himself as a rookie through and through, you know, through camp, OTAs, and then into season."

- Offensive Lineman Joe Tippmann, 11.3

"He's obviously very tough. He's committed. A new word of a trait for him is committed to being a really, really good player, and the time he spent in the film room, the time he spends on the field, the time he spends with his teammates of trying to be the best that he can be. You see that with him that on a daily basis. So, I'm excited about that player. We're all excited about that player. He's going to be a good player for us for a long time."

- Head Coach Aaron Glenn, 9.11

"He loves football, he loves football, and that's what you want. We want a team of a bunch of guys that love football and that's been glaring for me with that player."

- Offensive Coordinator Tanner Engstrand, 6.11

"He's an agile, gifted, big man with measurables that everybody wants when it comes to offensive linemen and he's only going to get better. He wants to work, he wants to be good, he wants to compete. He has all those traits that we look for when it comes to an O-lineman. He's nasty."

- Head Coach Aaron Glenn, 5.10

JOHN METCHIE III

"There's a lot of people that really don't see what he does behind closed doors, and he's here every morning at 6:00 in our indoor catching 300 balls. So, if you put all that together, with a lot of other things that he does, he's going to be successful. And if you look at the things he's overcome, I don't know if you know his history, but he had an ACL, man he fought a battle with an illness, and he's come back from all those things. So, success is in his future no matter what he does, and I'm not surprised at the success he's having right now."

- Head Coach Aaron Glenn, 11.23

"Metchie is a really good slot receiver. I'm not saying he can't play outside, but man he is a master when it comes to the route concepts in the slot, being able to punch in and out of routes, being able to create separation because of his quickness."

- Head Coach Aaron Glenn, 11.7

"Listen, he is our type of guy. Some of the things that he talked about really resonate to what we talk about here, about being process oriented, about how we practice, about, listen, you have to be callous, you have to callous yourself with practice to be able to go out and play in this time of the year, which is important. And our brand of football that we talk about in-house really fits who the player is, so I'm excited to have him."

- Head Coach Aaron Glenn, 11.3

ADONAI MITCHELL

"Well, I'll just first start as like AD, Adonai as the person, he's awesome. He's been phenomenal so far. I just like being around him. He's got great energy, he's got a great attitude, and to me, that's where it starts. When I see him, I think he's one of us....We haven't seen even scratched the surface with that guy and we're excited about where he's going to go."

- Offensive Coordinator Tanner Engstrand, 11.20

HARRISON PHILLIPS

"Man, legit, legit leadership qualities. He's very selfless. He's going to pour into all these guys as much as he has to make sure they understand what it takes to win. He's been a part of a program in Buffalo, when they were downtrodden, he helped bring them back up. He's been a part of Minnesota when they were just on the cusp of actually going up and he helped those guys end up having a really good season. So, he's been there, he's done that, and he's tough, he's hard nosed, he's competitive. Everything about a defensive lineman that I like, he strains, and we're fortunate, like we're fortunate to have a guy like that."

- Head Coach Aaron Glenn, 9.11

"First off, he's one of us. His mentality, the character, and I'm talking about on and off the field. He's a damn good run stopper. I remember going against him all those years I was in Detroit. Actually, when he was a free agent, he was a guy we tried to target for us to get ready to sign, but obviously he ended signing up back with Minnesota. But everything about him fits who we are, so I'm happy that we got him."

- Head Coach Aaron Glenn, 8.22

JEREMY RUCKERT

"Yeah, for a guy like Ruck, that you wouldn't call him your traditional Y tight end, he's done everything that we've asked of him. And when his numbers called, he's generally made the play, and he had a couple of big catches the other night and was able to, again, have a great route, great fundamentals, catch, knife, just do all the little things right. He continues to do that and continues to improve on daily and weekly basis and so we're excited where he's at right now. He's done a really nice job.."

- Offensive Coordinator Tanner Engstrand, 12.4

"That's another player that I think he's improved quite a bit. That's another player, actually, that I had a chance to talk with face-to-face and told him about the things that he needs to improve on. He wants to be good. He comes from a really good program, and we have a number of guys from that program. And I've stressed him pretty hard throughout this camp because I think there's a lot of meat on the bone with that player... Obviously, he's going to be a really good blocker for us, but there's some technical things that he had to improve on, and he's doing everything he can to improve on those things."

- Head Coach Aaron Glenn, 6.3

JAMIEN SHERWOOD

"Really, really good communicator. He can run, he has coverage ability, and you just watch him on tape and the way that he talks and reacts to all the players around him, and the way the players react to him lets you know he is a true quarterback of the defense, and we want to make sure we have that on defense. So, getting him was critical for us to continue to build this defense."

- Head Coach Aaron Glenn, 3.31

ARIAN SMITH

"As a receiver, he's done a really good job. As you can see that, man he can take the top off. From the game, there were sometimes that we got to give him a chance on some of the deep balls one-on-ones. Here's what's been more impressive with him is how he's done on special teams also, so he's been a big part of what we're doing when it comes to our punt team."

- Head Coach Aaron Glenn, 10.15

"I like his speed. Period. I like his speed. To, I guess go further on it, he's just done everything that we've asked him to do. He's a smart kid. He's working his butt off. He's taking to the technique, and he's just developing in all those areas."

- Offensive Coordinator Tanner Engstrand, 8.20

BRANDON STEPHENS

"He has some of the best movement skills that I've seen out of a corner who's 6'1", 210 pounds. Like, you don't see guys that big that can move like he can."

- Head Coach Aaron Glenn, 8.7

QWAN'TEZ STIGGERS

"He has really good coverage ability. He's tough. He understands where he needs to be in zone, and you just see him mature from OTAs to now. It's been really good, and I told him that the other day actually, that he's really improving. And, listen, don't rest on your laurels right now."

- Head Coach Aaron Glenn, 8.1

MASON TAYLOR

"The bloodlines of him understanding football, that stands out. His ability to block and be a receiving threat is something that stood out on tape. Listen, he's going to come in, he's going to compete, and I think he's going to do a good job for us."

- Head Coach Aaron Glenn, 4.25

"There's nothing different than what we saw when it came to what we saw in college. I told you guys from the beginning, the thing that impresses me about him is his ability to block. So, the receiving skills, listen, that doesn't surprise me, I know he can do that. His blocking, I know he can block, but I didn't think it was going to be this good. So, I'm excited to see how he matures when it comes to camp on how we want to do things as far as that is concerned."

- Head Coach Aaron Glenn, 7.25

TYROD TAYLOR

"The fact that he's been in this League for a long time, there's no coverage, there's no pressure that he hasn't seen. So, that's why I have confidence in him, and he's a very studious person, a good athlete, again, been around this League for a long time. There's no better player that you would want as your backup quarterback than him at this point in time."

- Head Coach Aaron Glenn, 9.17

"It's the way that he carries himself. He's a true professional in every manner that you can think of. He's not one of these locker room lawyers; he doesn't point the finger at himself. Again, I'm going to go to things I like about quarterbacks, he's not a celebrity quarterback. He's just one of the guys, and he presents himself that way to where it's not just the offense, it's not just the O-line that he has conversations with, it's everybody within the locker room. So, it's easy to gravitate (towards) a guy like that."

- Head Coach Aaron Glenn, 9.17

"Well, I think the most important part is if anything does happen to Justin, I don't think there is any drop-off as far as what we want to do when it comes to play call. Very similarly when we talked about skill set, so that was enticing for us. And then the leadership ability, the things that we heard about him. I played against him before and you could just tell the players really gravitate to him. When he says something, everybody really listens, even the coaching staff because he's been around this League a long time and he knows what it takes to win, and he's a really good person."

- Head Coach Aaron Glenn, 7.24

JOE TIPPMANN

"Joe's been great. He's done a phenomenal job in there, setting the huddle, making the Mike points, making the calls, getting the O-line going the right way. That's one thing that we're kind of noticing as we go is it looks like things are coordinated up front. We're going, we're targeted properly, we're going to the right guys, whether it's in the run game or the pass game, and he's done a nice job with that."

- Offensive Coordinator Tanner Engstrand, 6.11

ISAIAH WILLIAMS

"I know that background of this player, I know how hard he works. Listen, I know he made mistakes early on, but I truly believe in this player, and I mean it goes to show you that there's so much outside noise that has no clue on what's going on here and they can criticize, you know, the things that we do. But listen I know that player very well and I know what he was going to bring to the table. So, I'm excited, not just for now, what he's doing, but as we go forward how he's going to help our team. And that's not just on special teams, as you can see, he's a huge part of what we do on offense, too"

- Head Coach Aaron Glenn, 12.1

"I think it's amazing, especially when you talk about what AG's always been stressing. I think he's been able to embody that when you talk about grit, just being able to battle adversity and be able to put his best foot forward and not blink and continue to keep doing what he's doing."

- Special Teams Coordinator Chris Banjo, 11.20

GARRETT WILSON

"He is no doubt a number one receiver in this League, and it's not like we didn't know that, but the plays that he can make, the way he can contort his body, the way he can come down and be sure to catch some of those 50/50 balls or what not. To him, some of them are 80/20, because he's going to come down with a lot of them. Man, he is an amazing person to sit there and just watch."

- Head Coach Aaron Glenn, 10.1

"I'm glad he's on our team and he's one of those guys that inspires a lot of the players on this team because of the way that he goes out and plays and how competitive he is."

- Head Coach Aaron Glenn, 10.1

GARRETT WILSON...CONTINUED

"What he can do with the ball in his hands is special. His body control, the way he tracks the ball is special. And just as far as his potential, I think we've only seen just a small clip of what he can do. He wants to continue to keep playing in this system, and growing within himself in this League. He's one of the most talented receivers across the board, if not the best, in my opinion, from what he can do. So, looking forward to him having a great year, and to him having a hall-of-fame type career."

- **Quarterback Tyrod Taylor, 7.25**

"Yeah, right when he touched the field as a freshman, I mean he stood out, and you knew he was going to be different. It's kind of cool, me seeing his journey from then to now. You know, he's done nothing but dominate on the field, and bigger than that, he's an even better person."

- **Quarterback Justin Fields, 7.23**

Really good teammate, understands the situation that we're all in when it comes to how we are going to progress with this team. And he's not afraid to go play special teams. No matter what the situation is, even if he's a starter, he understands that he still wants his job on special teams. So, I want a team of guys like that, and we have a team of guys like that."

“Every guy has to have some type of characteristic that fits what we do and what we’re about, and Cisco does. Number one, he’s a really, really good person. He’s a really good football player here, he’s a player that can get the ball back for you. He believes in team and he’s a guy that, when he was at Syracuse, he made a lot of plays on the ball. Those things I like about him, and you watch him how he operates with his teammates, you could tell that he’s a true team guy, and I think that’s only going to get better once we continue to coach him, and once he understands the dynamics of everything that we got going on. He’s a guy, again, he’s been here for a couple of weeks, and he’s still trying to figure things out when it comes to how we operate, but he’s doing a good job for us and I’m happy that we got him.”

So, I love everything about the player, I love everything about the way he carries himself, and I'm looking forward to him as he goes through this process during these OTA's."

- Head Coach Aaron Glenn, 5.21

"The biggest takeaway I would say is that this guy is just a workaholic. He comes in early, he's here late, and he's trying to digest everything and download all the information and do things the right way. He's trying to do things that we're asking, and I think he's really put the next foot forward every day, just trying to stack days, and it's been really good."

- Offensive Coordinator Tanner Engstrand, 6.11

"Just having a guy like that, that is as good of a person as he is. Competitive wise, he's one of the most competitive people I've met and then just the way he attacks workouts and practices, you don't see that often from a quarterback. I mean, a guy in there moving weight when we got practice in an hour, stuff like that. You know, that I remember from college that he's still doing now, and just seeing that he's the same dude. I'm excited, just the conversations that we've had and getting to throw it around with him throughout OTAs. We have fun out there, so I'm excited."

So, I’m going to enjoy seeing exactly what he’s going to be able to do with us, and we’re going to let him go. We’re going to let him loose. We’re going to let him go get the passer. That’s what he does best. I’m just looking forward to when he gets the pads on and where you can just put him in live action, see what he could really do.”

"There's nothing different than what we saw when it came to what we saw in college. I told you guys from the beginning, the thing that impresses me about him is his ability to block. So, the receiving skills, listen, that doesn't surprise me, I know he can do that. His blocking, I know he can block, but I didn't think it was going to be this good. So, I'm excited to see how he matures when it comes to camp on how we want to do things as far as that is concerned."

"Well, I think the most important part is if anything does happen to Justin, I don't think there is any drop-off as far as what we want to do when it comes to play call. Very similarly when we talked about skill set, so that was enticing for us. And then the leadership ability, the things that we heard about him. I played against him before and you could just tell the players really gravitate to him. When he says something, everybody really listens, even the coaching staff because he's been around this League a long time and he knows what it takes to win, and he's a really good person."

“Listen, I love every player that we have on this team, and he’s a guy, I’m just real attracted to players like him. And when it comes to defense, again, he’s tough, he’s physical. Man, he has an edge to him that I like. Nothing brings him down. He’s always ready to go and he’s going to have a really good season for us with some of the things that we’re going to do with him. And he’s a leader by his ability to talk and get guys going, but it’s the way that he plays that he leads more than anything. He is always on go. Always on go, and you guys have seen that from the way he goes out there and plays, so I love that player. I love everything about him. He fits everything that I want to do when it comes to defense. I expect him to have a really good year.”

ROBERT WOOD JOHNSON

CHAIRMAN

ROBERT WOOD JOHNSON, a member of the founding family of Johnson & Johnson, has built upon his family's proud legacy of achievement as a successful businessman, compassionate philanthropist, civic leader, and diplomat.

Upon purchasing the team in 2000, Johnson established his commitment to a culture of success built on three key elements: passionate players, supportive fans, and a new stadium. Under his leadership, the Jets entered their new home field, MetLife Stadium, an award-winning venue that has been ranked as the #1 highest grossing venue in the world, recognized by Billboard as stadium of the decade, and the host of the 2026 FIFA World Cup Final. He also moved the Jets into the Atlantic Health Jets Training Center, a world-class 224,000 square-foot complex that united the entire organization, and provided the perfect facility for everyone—players, coaches, and staff—to continually improve and excel.

Ambassador Johnson led the search process for the team's head coach and general manager vacancies, which began during the 2024 season. He implemented a comprehensive, 360-degree hiring approach, focused on researching, identifying, and interviewing qualified candidates to gain a thorough understanding of their capabilities, cultural fit, and potential to lead the organization to a world championship. Johnson also embraced emerging technologies, incorporating artificial intelligence to provide an additional layer of insight. He held informational meetings with former NFL head coaches and executives and partnered with psychological professionals who worked alongside the team to assess each candidate's strengths and weaknesses, and to develop models that could predict their likelihood of success.

Johnson's approach led to a modernized, data-informed hiring process that integrated football expertise with advanced analytics and behavioral insights, setting a new standard for how teams and businesses approach leadership searches. His strategic vision ushered in a new era for the organization, now under the direction of Head Coach Aaron Glenn and General Manager Darren Mougey. Glenn, a 15-year NFL veteran, was selected by the Jets in the first round of the 1994 NFL Draft and previously worked with the Ambassador as both a player and as a scout. Mougey got his start in the League as a scouting intern with the Denver Broncos and worked his way up to assistant general manager in just 10 years.

In 2017, Johnson was appointed the U.S. Ambassador to the United Kingdom. As ambassador, he strengthened the 'Special Relationship' between the US and the UK, by promoting security and economic prosperity over a range of issues from trade to cyber security policies.

While in London, the Ambassador resided in the historic Winfield House, receiving world leaders including Her Majesty Queen Elizabeth II and on multiple occasions, President Donald Trump. Ambassador Johnson led the relocation of over 1,000 employees from the Embassy's historic location at Grosvenor Square to a new state-of-the-art headquarters at Nine Elms. When the pandemic struck London, he then directed those employees in the remote, effective, and efficient operation of the Embassy to continue to serve and promote the United States' interests in the United Kingdom. Throughout his tenure at the Embassy, Ambassador Johnson engaged with government leaders and the British people, traveling extensively throughout the United Kingdom and Northern Ireland to hear local concerns and emphasize the 'Special Relationship.'

Beyond the field, Ambassador Johnson's philosophy of a successful team celebrates the crucial role of fans, as well as the significant role the team plays in the community. In this spirit, the team, through the New York Jets Foundation, positively influences the lives of young people in the area by expanding youth football, preventing bullying, and promoting social justice, particularly in disadvantaged communities. Among the Foundation's programs is the Jets and Nike Girls Flag Football League, encompassing both New York and New Jersey. Launched in 2021, the league has seen over a 1,000% increase in participating teams in just four seasons, sparking New York and New Jersey to officially sanction the sport a varsity and pilot program in each state respectively. Ambassador Johnson's support for girls' flag football garnered industry recognition, as the Jets were honored with a 2024 Front Office Sports Most Impactful Award and received an ESPY nomination for Sports Humanitarian Team of the Year in 2023. Most recently, Johnson supported the creation of the first NFL Girls Flag Football League in both the United Kingdom and Ireland.

In 2022, the Jets announced a \$1 million donation to help aid the people of Ukraine, with the money distributed among various organizations, each receiving \$100,000, over the course of a year. For Johnson, the events in Ukraine are personal; his wife, Suzanne, grew up in a Ukrainian neighborhood in New York. Her mother, Marie, was born to Ukrainian immigrant parents while Suzanne's father, Stefan Ircha, was originally from Ternopil, a town outside of Kyiv, and immigrated to the United States after WWII. In 2022, the Johnson family traveled to Poland to meet with Ukrainian refugees and understand firsthand how the unprovoked invasion has impacted their lives.

Chief among Ambassador Johnson's healthcare initiatives is the support for lupus research. In 1999, he founded the Alliance for Lupus Research (now the Lupus Research Alliance). This was the first organization devoted exclusively to finding new methods to prevent, treat, and ultimately cure lupus. Thanks to his leadership, the organization has dedicated more than \$259 million for research grants and achieved the major milestone of funding research which set the stage for the recent FDA approval of three new treatments for this autoimmune disease.

Over many years, Ambassador Johnson has been active in philanthropy and civic affairs, including past roles as an Honorary Trustee of the Wildlife Conservation Society and a past board member of the National September 11 Memorial & Museum at the World Trade Center and the Peregrine Fund. The Ambassador also served as a Trustee and a Trustee Emeritus of the Robert Wood Johnson Foundation, the nation's largest philanthropic organization devoted exclusively to promoting health and healthcare for Americans.

Currently, the Ambassador is an active member of the NFL's Finance Committee, Investment Committee, and Stadium Committee.

CHRISTOPHER JOHNSON

VICE CHAIRMAN

CHRISTOPHER JOHNSON has overseen pivotal changes within the organization and has been a key part of the New York Jets leadership since 2000.

Most recently, Johnson played an instrumental role in the search process that led to the hires of Head Coach Aaron Glenn and General Manager Darren Mougey.

Johnson is well respected and has built strong relationships with people throughout the NFL. In 2020, during the global pandemic and social unrest, Johnson addressed the team and discussed how they all—Johnson, coaches, executives, and players—could use their powerful platform to influence positive change. He proudly stood with the players and worked with them on initiatives promoting more inclusivity. These efforts continue today.

Johnson currently serves as an active member of the NFL's Media Owned and Operated committee.

Johnson is active in various educational endeavors and local philanthropy, supporting a range of initiatives, including charter school construction, youth sports and the encouragement of public discourse and exchange of ideas through debating societies.

HYMIE ELHAI

PRESIDENT

HYMIE ELHAI (pronounced HI-me EL-hi) begins his seventh season as the president of the New York Jets after his appointment in 2019. Now in his 26th year with the team, Elhai's impact is felt throughout the organization.

Under Elhai, who has garnered League and industry respect by his peers during his tenure, the Jets have solidified their business staff's senior leadership, as he oversees all team business operations. Elhai's leadership has helped the Jets reach unprecedented growth through all aspects of the business, including sponsorship, sales, and content, leading to several organizational accolades and industry recognitions, including a 2023 NJBIZ Best Places to Work honor. Entrusted by Chairman Robert Wood Johnson, Elhai has helped form the foundation that has moved the Jets toward their goal of being a sustained, winning, and innovative franchise on and off the field.

Elhai has remained committed to redefining the organization through his steady hand of leadership and strategic planning, by setting clear goals and a mission that fosters a cohesive environment and a standard of excellence. To that end, this offseason, Elhai worked closely with team ownership on the search process that led to the hires of Head Coach Aaron Glenn and General Manager Darren Mougey, signifying a new era for the team. Elhai has played a pivotal role in facilitating a seamless transition for the newly hired football leadership, ensuring organizational alignment across ownership, football operations, and the business staff.

Throughout his tenure as President, Elhai has prioritized organizational efficiency by fostering and encouraging cross-departmental collaboration. He recognizes that the mission extends beyond internal operations alone, placing a strong emphasis on business initiatives that elevate fan engagement and deliver a more personalized fan experience.

In partnership with the New York Giants and MetLife Stadium, Elhai helps oversee MetLife Stadium, the home of the Jets and the host of premier events including the 2026 FIFA World Cup Final. He played a pivotal role in the building's naming rights deal, a 25-year agreement established in 2011. The venue has been named the "Highest Grossing Stadium of the Year" nine times by Billboard during Elhai's tenure, the most by any stadium in the world since its opening in 2010.

Ahead of the 2024 season, Elhai oversaw the launch of the organization's rebrand, featuring three versions of the new "Legacy Collection" uniforms, in addition to updated primary and secondary logos. Throughout the process, Elhai emphasized a commitment to progress, remaining innovative, and delivering excellence to players and fans with a timeless look that honors the team's heritage.

Elhai originally started with the organization as an intern in 2000 and has since held a variety of leadership positions, culminating in his appointment as team president. Most recently, he served as the club's senior vice president, business affairs and general counsel, where he was responsible for all legal aspects of the team, including sponsorship, licensing, event, digital media, production and broadcasting agreements, and all employment related matters. Additionally, in that capacity, Elhai helped the football administration on all planning initiatives.

A Sports Business Journal Forty Under 40 honoree, Elhai received the Distinguished Alumni Award from Rutgers School of Law at their Alumni Recognition Gala in October 2021. He currently serves as a member of the NFL's CBA player benefits plans committee.

Elhai is a graduate of Rutgers Law School and The Johns Hopkins University.

DARREN MOUGEY (pronounced: MOO-GEE) was named general manager of the New York Jets on Saturday, January 25th, 2025. Mougey brings over a decade of NFL personnel experience to the Jets after working with the Denver Broncos for the last 13 seasons, where he rose from scouting intern to assistant general manager in just 10 seasons.

“Darren is a trusted NFL executive who has experience working with an impressive collection of football leaders,” said Jets Chairman Robert Wood Johnson. “He is a proven talent evaluator who impressed us with his vision for this team. His partnership with Coach Glenn will revitalize this organization. I am proud of the thorough search we undertook and that it led us to the two best individuals to lead our football team going forward.”

Mougey’s front office journey started in 2012 as a scouting intern, as he climbed the ranks to assistant general manager (2022-24). For the Broncos, he held six different roles within the personnel department for three different owners/chief executives, two different general managers, and six different head coaches. Notably, he worked as an area scout in 2015 when the Broncos won Super Bowl 50. In his 13 seasons with the club, Mougey was part of four AFC West titles (2012-15), two AFC Championships (2013, ‘15), and one World Championship (2015).

“I could not be more excited to take on this responsibility with Aaron Glenn as we work to build a championship team that will make the Jets fans proud,” Mougey said. “Every successful team has alignment with its leadership, and it starts at the top, with ownership. It includes the head coach, and the general manager, and the president to build a world class organization, and we have that here with the Jets.”

“I will lead our personnel staff as we acquire, develop, and work to retain players that fit our team and culture, and we will do this in complete partnership with the coaches. Our philosophy will be to draft, develop, keep our own, and be disciplined and strategic in free agency. There is no more important part of any sports organization than the players, period. It’s about the players, and we have a good foundation of players here right now that we’re going to continue to add to, and we’re going to give those players everything they need to be successful and reach their potential.”

In his most recent role as assistant general manager (2022-24) for the Broncos, Mougey assisted general manager George Paton in all personnel decisions, and before that as the director of player personnel (2021), he oversaw the day-to-day operations of the pro and college scouting departments. Since 2021, the Broncos have had nine All-Pro seasons by six different players, with five of them, Zach

Allen, Nik Bonitto, Quinn Meinerz, Marvin Mims, and Patrick Surtain II, drafted or signed in that span.

As Denver snapped an eight-year postseason drought in 2024, Mougey helped acquire all but four of the 26 players that started at least five games for the Broncos in his four years as director of player personnel and assistant general manager.

Of those 26 players, 13 were drafted or signed as undrafted free agents, with seven of the 13 selected in rounds four through seven or signing after not being selected. The Broncos had only two first-round picks in the last four years, selecting All-Pro cornerback Surtain II (2021) and starting quarterback Bo Nix (2024).

Among his key pro defensive acquisitions, defensive lineman Allen registered a single-season best in sacks (8.5) in 2024 after signing in 2023, while safety Brandon Jones logged a single-season high in interceptions (three) in 2024 after signing in the same offseason.

A former player himself, Mougey was a quarterback and wide receiver at San Diego State (2004-08). A quarterback his first three seasons, he threw for 615 yards and two touchdowns, sharing a quarterback room in 2004 with Vikings Head Coach Kevin O’Connell and Jets Offensive Coordinator Tanner Engstrand. He spent his final two seasons with the Aztecs at wide receiver, where he caught 66 passes for 805 yards and six touchdowns.

An undrafted free agent signing by Atlanta following the 2009 NFL Draft, Mougey spent time in training camp with the Falcons (2009) and Cardinals (2010) before beginning his career in the front office with the Broncos (2012).

A Scottsdale, AZ native, Darren and his wife, Hannah have two children, Emmett and Marlow.

“I believe there is a type of brand that we want our players to play with and it’s a physicality, it’s a toughness. You’re going to feel it, but it’s smart, tough, aggressive, resilient players.”

COACHING STAFF

31 years after he was selected by the team in the first round of the 1994 NFL Draft, **AARON GLENN** was named the 22nd head coach of the New York Jets. Glenn brings 28 years of NFL experience, 15 as a player (eight with the Jets), two as a scout (both with the Jets), and 11 as a coach before beginning his time as head coach.

“This place is special for me. From the time I was drafted and practiced on Long Island, to the time I came back as a scout in New Jersey, this organization has always felt like home. There is nothing better than having my start here as a player, here as a scout, and now here as a head coach. I am ready for it.”

Glenn will work closely with newly appointed General Manager Darren Mougey to lead the organization at the highest level. “Coach Glenn’s partnership with Darren will revitalize this organization,” said Chairman Robert Wood Johnson.

Aligned in their vision and approach, Glenn and Mougey share the common goal of building a winning organization that is built on sustained success. “We have a shared vision on how we’re going to do things,” said Glenn. “There’s nothing better in the world than having ownership that’s committed to winning, and then being able to partner it with a GM that has a shared vision that you have.”

Leading the Jets is something Glenn does not take lightly, something he embraces.

“We are the freaking New York Jets, we are built for this (expletive),” Glenn said during his introductory press conference. “Listen, I wanted this job, I interviewed for a number of them, but I wanted THIS job. I look forward to it, it is going to be a great ride, it really is.”

Throughout his career, Glenn never skipped a step – as a player, scout or coach. He started in junior college before Texas A&M. As a first-round pick with the Jets in 1994, he was part of a team that won 10 total games over his first three seasons. His next five, the Jets never had a losing record, making the postseason twice, including the AFC Championship Game in 1998.

When he wanted to get into coaching, he called his former head coach, Bill Parcells, who said, “You’re not going to coach yet. First, I want you to scout. I think you have a chance to be a head coach with your personality. But in order to be a head coach, you have to understand the personnel part of football.”

As prescribed, he started his scouting career on the bottom rung, joining the Jets as a pro scout (2012) for a year before going on the road as an area scout (2013). The 2013 Jets draft produced five

eventual NFL starters, including two future Pro Bowl selections in Geno Smith and Sheldon Richardson, the 2013 Defensive Rookie of the Year.

As a coach, he was an assistant defensive backs coach (CLV 2014-15), before becoming a defensive backs coach (NO 2016-20), and finally a defensive coordinator (DET 2021-24). He is one of only two active NFL head coaches to have been drafted by and played for the team they coach, joining Houston Texans head coach DeMeco Ryans.

The defensive coordinator with the Lions (2021-24), Glenn’s unit improved every season. After a 3-13-1 season in his first year (2021), Detroit won 36 games between 2022-24, the fourth most in the League, including a League best 27 in his final two seasons (2023-24).

In his final year (2024), Glenn’s defense finished in the top 10 in scoring defense and takeaways. A strong compliment to the offense, Detroit led the League with a +13.1 point per game differential - the fifth-highest margin by any team in the last 25 NFL seasons. The Lions finished fifth in the NFL in rushing yards allowed (1,672) and fourth in percentage of rushing first downs allowed (23.3%), while allowing the lowest opposing passer rating (82.0), and second lowest completion percentage allowed (61.1%). Detroit finished with the lowest third-down conversion rate allowed (32.4%), despite placing a number of key defensive players on injured reserve throughout the season, including five Week One starters.

Through his commitment to their development and success, Glenn elevated his players to reach individual accolades and milestones during his time in Detroit. Safety Kerby Joseph was named first-team All-Pro (2024) after leading the NFL in interceptions (nine), safety Brian Branch earned his first Pro Bowl honor (2024) after he recorded the most forced incompletions among safeties (12) and finished tied for fifth in passes defended (16), and defensive lineman Aidan Hutchinson earned Pro Bowl honors (2023) after recording 11.5 sacks and 83 pressures, the fifth most in the NFL.

As the defensive backs coach for the Saints (2016-20), Glenn developed key defensive playmakers in the secondary: Marcus Williams, Vonn Bell, C.J. Gardner-Johnson, and Marshon Lattimore, who was named Defensive Rookie of the Year (2017) and was selected to three Pro Bowls in his first four seasons. In his final season in New Orleans (2020), the defense finished fourth in the NFL in yards allowed per game (310.9) and fifth in points allowed per game (21.1). Additionally, New Orleans finished tied for first in the NFL in interceptions (18) and tied for the third-most takeaways (26).

In his first season coaching in the League (2014), Glenn, the assistant secondary coach with Cleveland, worked with a secondary unit that earned three Pro Bowl selections. It marked the first time the franchise sent three defensive backs to the League's all-star game in the same season. That year, the Browns led the NFL in opponent passer rating allowed (74.1), completion percentage allowed (57.1), and passes defended (99).

During his brief retirement from football, Glenn owned eight restaurants in the Houston area, before returning to the game he loves in 2012 as the general manger of the Houston Stallions of the Lone Star Football League, an indoor league in Texas.

A three-time Pro Bowl selection himself, Glenn entered the League as the 12th overall selection in the 1994 NFL Draft by the Jets. In his 15-year career (the first eight with the Jets), he played 205 games (176 starts) for five different teams and posted 41 interceptions, six of which he returned for touchdowns. Those 41 interceptions are still a top 25 total since 1994. He is one of just four cornerbacks in Jets history to play 100+ games for the team, joining James Hasty, Ray Mickens, and Darrelle Revis. His 24 interceptions with the Jets are tied for the second-most in franchise history since the AFL-NFL merger.

A Humble, TX native, Glenn was a four-year letterwinner in football, basketball, and track at Nimitz (TX) HS, before going on to Navarro College in Corsicana, TX and then Texas A&M. A 1993 graduate with a degree in business management, Glenn was a two-time All-American and the Aggies' all-time leader in passes defended in a season (20), season punt-return average (19.9), and punt return yards in a game (131). He was selected to the Texas A&M Athletic Hall of Fame in 2000.

Glenn and his wife, Devaney, have a son, Aaron II, and two daughters, Tristen and Rheagen. One of 11 children, he and his brother, Jason – a six-year NFL linebacker, spent a season as teammates on the Jets (2001).

AG BETWEEN THE LINES

15-Year NFL Veteran & Three-Time Pro Bowler

A JETS TAKEOFF: The New York Jets made Aaron Glenn the 12th overall pick in the 1994 NFL Draft out of Texas A&M. Glenn made an instant impact on the Jets defense, playing and starting in 15 of 16 games as a rookie, while registering 67 tackles and two forced fumbles. The Humble, Texas product finished sixth in the 1994 Defensive Rookie of the Year voting, and went on to play eight seasons with the Jets (1994-2001).

NO FLY ZONE: Glenn ranks as one of the most tenured cornerbacks in franchise history having played 121 games in New York, the second-most by any cornerback behind only Ray Mickens, his teammate for five seasons (1996-2001).

In eight seasons, Glenn registered 24 interceptions, which is still tied for the fourth-most in franchise history, and 99 passes defended, the second-most by a Jet ever behind only first-ballot Hall of Fame CB and Ring of Honor member, Darrelle Revis.

"I've tried to bring back a lot of the principles that we had back in the day as far as corners tackling. I think, for awhile, it seemed like people weren't teaching corners to tackle, like it wasn't a big part of the game. And it is a huge part, especially if you don't want to give up explosive plays. That part of it is what I'm trying to bring back to our guys, and our guys understand that, and we have guys that are going to tackle."

SAN DIEGO, CA

SAN DIEGO STATE

TANNER ENGSTRAND begins his first season as offensive coordinator for the New York Jets, after joining Aaron Glenn's staff in February.

Engstrand brings over five years of NFL coaching experience, after previously serving in various offensive roles on Detroit's coaching staff. Most recently, Engstrand held the role of passing game coordinator for the Lions (2023-24).

This past season (2024), Engstrand helped the Lions offense finish top of the League in multiple categories, including most points scored (564), most touchdowns scored (70), second-most total net yards (6,962) and the most first downs (410). Under Engstrand, Detroit became only the fifth team in NFL history to produce at least 6,500 total net yards and 70 touchdowns in a season (2024). Individually, Engstrand saw Detroit WR Amon-Ra St. Brown and WR Jameson Williams reach 1,000 receiving yards, with St. Brown earning First-Team All-Pro honors for the second consecutive season.

Additionally, Engstrand helped the 2024 Lions record the second most net passing yards (4,474), the highest completion percentage (72.4%), fourth most passing touchdowns (39), second highest passer rating (112.6), and second most yards per pass attempt (8.56).

Detroit's pass game last season, led by QB Jared Goff, reached new heights under Engstrand with Goff ranking among the NFL's most efficient quarterbacks in NFL history. Goff's nine games with a 75.0%+ completion percentage established a new single season-best in NFL history (min. 15 attempts/game). Additionally, Goff recorded six games with a 130.0+ passer rating, one of only eight quarterbacks in NFL history to do so in a season (min. 15 attempts/game). Engstrand helped Goff finish second in the NFL in passing yards last season (4,629), second in completion percentage (72.4%), and second in passer rating (111.8).

During Engstrand's first season as passing game coordinator (2023), Detroit finished second in the NFL in net passing yards (4,401), tied for fourth in passing touchdowns (30), and fifth in yards per attempt (7.60). Under Engstrand's guidance, First-Team All-Pro St. Brown led the NFL in 100-yard receiving games (nine), ranked second in receptions (119), and third in receiving yards (1,515). Engstrand also saw Goff lead the NFL in passing first downs (227), finish second in passing yards (4,575), and fourth in passing touchdowns (30).

Prior to solely serving as the team's passing game coordinator, Engstrand oversaw Detroit's tight ends in 2022, in addition to elevated responsibilities in the team's passing game. That season, Detroit's tight ends combined for 12 touchdown receptions on the year, establishing a new single-season franchise record. Additionally, the Lions also had three different tight ends produce a multi-touchdown game in 2022, becoming the first team in NFL history to do so.

Engstrand began his NFL coaching career in 2020 as an offensive assistant with the Lions before being promoted to Offensive Quality Control for the 2021 season. Prior to that, he served as the offensive coordinator for the XFL's DC Defenders (2019-20) after previously spending time at the University of Michigan as an offensive analyst (2018-19).

During the 2024 campaign, Harris' secondary unit in Tennessee allowed 177.3 net passing yards per game, second best in the NFL. Harris saw sixth-year safety Amani Hooker lead the Titans with a career-high five interceptions, tied for sixth-most in the League.

In 2023, the Titans defense ranked first in the NFL in opponent red-zone efficiency (37.7 percent), while tying for the eighth-fewest passing touchdowns allowed (20), yielding the fifth-fewest overall opponent touchdowns (33).

While with the Commanders in 2022, Harris helped Washington finish in the top 10 in numerous categories, including third-down defense (first), total defense (third), passing yards allowed (fourth), points allowed (seventh), and red-zone efficiency (eighth).

Under Harris (2020-22), the Commanders ranked fourth in the League in total defense (323.4) and eighth in passing defense (213.1 yards allowed per game). During that time, Harris saw cornerback Kendall Fuller total 40 passes defended, which ranked eighth in the NFL among all players.

In 2020, Harris played a key role in a defense that allowed just 3,068 net passing yards, marking the team's best performance since 2004. He aided cornerbacks Ronald Darby and Kendall Fuller in becoming the first Washington teammates since Josh Norman and Bashaud Breeland in 2016 to each record 11 or more passes defended in a season. Additionally, he helped Fuller register four interceptions, tied for the seventh-most in 2020.

In 2019, the Chargers finished sixth in the League in overall defense, surrendering 313.1 yards per game and ranked fifth in the NFL in passing yards per game (200.3).

Following his eight-year playing career, Harris started his coaching career with the team that drafted him, the Chicago Bears, as a defensive quality control coach (2013-14), working primarily with the team's safeties.

A former sixth-round selection by the Chicago Bears in the 2005 NFL Draft, Harris played safety in 101 games (88 starts) over eight seasons. He started in Super Bowl XLI where he intercepted a pass from Colts quarterback Peyton Manning. For his career, Harris registered 422 tackles, 16 interceptions, 13 forced fumbles, nine fumble recoveries, and 37 passes defended. A starter for four seasons at Louisiana-Monroe (2001-04), he started all 45 games he played, totaling 14 interceptions as a safety and was named first-team All-Sun Belt.

Originally from Little Rock, AR, Harris went on to graduate from the University of Louisiana at Monroe with a bachelor's degree in general studies (2004).

SHAWN JEFFERSON enters his fourth season with the New York Jets, and his first as part of Head Coach Aaron Glenn’s staff. 2025 marks Jefferson’s 21st season as a coach in the NFL, following a 13-year playing career.

Last season (2024), Jefferson guided wide receiver Garrett Wilson to career highs in receptions (101) and receiving yards (1,104), marking his third consecutive 1,000+ yard season, making him the first wide receiver in franchise history, and the 10th player in NFL history, to record at least 1,000 receiving yards in each of his first three seasons. Wilson’s 101 receptions were the second most in franchise history behind only Brandon Marshall (109). Additionally, Jefferson helped wide receiver Davante Adams rank ninth in the NFL in receiving touchdowns (seven), 10th in receiving yards (854), and tied for 12th in receptions (67) after being acquired via trade prior to Week Seven. On the season, Jefferson’s unit was the only one in the League to produce multiple 1,000+ yard, 75+ reception, and five+ touchdown receivers (Wilson and Adams).

Jefferson began his coaching career shortly after a 13-season playing career during which the former Charger (1991-95), Patriot (1996-99), Falcon (2000-02) and Lion (2003) wide receiver caught 470 passes for 7,024 yards and 29 touchdowns after entering the League as a ninth-round selection in 1991.

Additionally, last season (2024), Taylor helped guide Wilson to career highs in major categories, including receptions (101), receiving yards (1,104), and receiving touchdowns (seven). While in Chicago, Washington guided a Bears defense that produced an 8% sack rate per pass attempt, the 11th highest mark in the NFL. Additionally, Washington's unit held opposing offenses to a 46% efficiency rate in the redzone, the second lowest mark in the League, and to just a 67.6% success rate on goal-to-go downs, the ninth-lowest mark in the League.

Prior to his time in Chicago, Washington served as the defensive line coach for the Buffalo Bills from 2020-23. In 2023, he helped guide a defense that held opposing offenses to 307.2 yards per game, the ninth-best mark in the League, and to 104.6 rushing yards per game, the fifth lowest mark in the League. During Washington's tenure, the Bills recorded a sack rate of 9.8% per pass attempt, the third-best rate in the League. Additionally, Washington helped contribute to defensive end Leonard Floyd's success that season, as Floyd registered a career-high 10.5 sacks, tied for 10th most in the League.

Williams most recently served as the cornerbacks coach at Houston Christian University (HCU) in 2024. ASSISTANT LINEBACKERS

NATHANIEL WILLINGHAM enters his fourth season with the New York Jets, and his first as the assistant linebackers coach, after joining the organization in 2022. He was promoted to defensive backs/nickelbacks coach prior to the start of the 2024 season. For Willingham, 2025 marks his seventh season coaching in the NFL, after five years at the collegiate level.

Willingham has helped the defense register a top five unit in football in each of the last three seasons, ranking fourth (311.1) in total defense in 2022 and third in both 2023 (293.2) and 2024 (318.8). Last season (2024), he helped the defense limit opponents to 192.6 passing yards per game and a 66.7% goal to go efficiency, the fourth and seventh lowest marks in the League respectively.

Prior to joining the Jets, Willingham spent three seasons with the Denver Broncos (2019-21) as a defensive quality control coach. During his time in Denver, the Broncos became the first team since 1995 to lead the League in red zone defense in consecutive seasons (2019-20).
