Round 5 (169th overall) and Round 6 (204th and 219th overall).

Their selections at the end of Round 4 (143rd overall) and Round 6 (219th overall) were awarded as compensatory picks as a result of net losses in unrestricted free agency in 2021. Under the rules for compensatory draft selections, a team losing more or better players who fall within the compensatory free agent formula than it acquires in the previous year is eligible to receive compensatory draft picks within Rounds 3-7 based on the value of the compensatory picks in any one year. There are 32 compensatory selections every draft in addition to special compensatory selections, which are third-round picks awarded to teams that have a minority employee hired by another club as its head coach or primary football executive (general manager).

The Titans surrendered their second-round choice (58th overall) to the Atlanta Falcons in the 2021 trade that brought wide receiver **Julio Jones** to Tennessee. Additionally, their seventh-rounder went to the Miami Dolphins along with offensive lineman **Isaiah Wilson** in a 2021 deal.

Teams are permitted to trade any pick, including compensatory selections.

In six drafts under Robinson, who was hired as general manager in 2016, the Titans have averaged 7.2 picks per draft. They have had as many as 10 picks in 2016 and as few as four in 2018. In the 2021 draft, they picked eight players, including cornerback **Caleb Farley** in the first round (22nd overall).

PICK 26

In determining draft order, non-playoff clubs select first through 18th, according to the reverse order of their standing (i.e., the team with the lowest winning percentage receives the first pick, the team with the second-lowest winning percentage receives the second pick, etc.). Playoff teams select 19th through 32nd based on their level of advancement in the postseason.

The Titans finished 12-5 in the 2021 regular season and advanced to the divisional round. Since they had the third-best record of the four teams to fall in the divisional round and were the only 12-5 team to do so, they received the 26th position in every round.

There has been only one prior occasion in franchise history in which the team used the 26th overall pick. In 1994, the Oilers chose Arkansas defensive end **Henry Ford** at the spot, and Ford played the next nine seasons with the club. He totaled 24 sacks in 129 games through 2002 and was a part of three playoff seasons (1999, 2000 and 2002).

The 26th pick a year ago was Northwestern cornerback **Greg Newsome II**, who was taken by the Cleveland Browns. Newsome was named to the 2021 Pro Football Writers of America All-Rookie team after appearing in 12 games with 11 starts for the Browns.

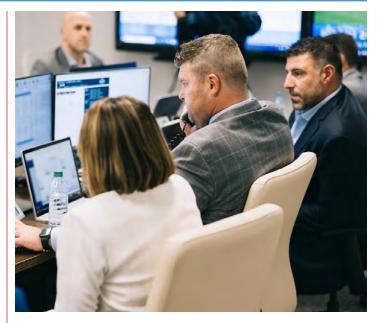

In 55 drafts since 1967, when the NFL and AFL agreed to a "common draft," there have been 16 total No. 26 overall picks (29.1 percent) that have gone on to make at least one Pro Bowl: linebacker **Clay Matthews Jr.** (selected in 2009 by the Green Bay Packers), tackle **Duane Brown**

TITANS SELECTIONS

The Titans currently own the following selections in the 2022 NFL Draft:

-	Round	Selection In Round		1
	1	26	26	
	3	26	90	
	4	26	131	
	4	38	143	(compensatory)
	5	26	169	
	6	26	204	
	6	41	219	(compensatory)

Tennessee's original second-round pick (58th overall) was traded to the Atlanta Falcons. Their seventh-rounder (247th overall) was traded to the Miami Dolphins.

(2008, Houston Texans), defensive end Anthony Spencer (2007, Dallas Cowboys), defensive back Lito Sheppard (2002, Philadelphia Eagles), guard Alan Faneca (1998, Pittsburgh Steelers), linebacker Ray Lewis (1996, Baltimore Ravens), defensive tackle Dana Stubblefield (1993, San Francisco 49ers), defensive end Robert Porcher (1992, Detroit Lions), defensive back Henry Jones (1991, Buffalo Bills), quarterback Jim Harbaugh (1987, Chicago Bears), running back Greg Bell (1984, Buffalo Bills), center Don Mosebar (1983, Los Angeles Raiders), guard Kent Hill (1979, Los Angeles Rams), defensive back Dave Brown (1975, Pittsburgh Steelers), guard Joe DeLamielleure (1973, Buffalo Bills) and tackle Dave Foley (1969, New York Jets). Three of those picks eventually became members of the Pro Football Hall of Fame: Faneca, Lewis and DeLamielleure.

This initiative provides that the prior employerclub of a minority employee who has been hired by another club as its head coach or primary football executive (general manager) will receive compensation in the form of a special compensatory draft selection in the third round of each of the next two drafts, or in each of the next three drafts if two minority employees from the employer-club are hired for these positions by another club or clubs. 2022 OPPONENTS

The Titans' opponents for the 2022 regular season are set under the NFL's 17-game scheduling formula.

As always, the Titans have home and road games against each of the AFC South rival Houston Texans, Indianapolis Colts and Jacksonville Jaguars.

Based upon the NFL's schedule rotation, the Titans will face every team from the AFC West in 2022. They will host the Denver Broncos and Las Vegas Raiders and travel to meet the Kansas City Chiefs and Los Angeles Chargers.

Additionally, the Titans will square off against the NFC East. They will have dates at Nissan Stadium against the Dallas Cowboys and New York Giants and road games versus the Philadelphia Eagles and Washington Commanders.

Every team plays two intraconference games that are determined by order of finish within its division. By winning the AFC South, they will square off in a 2022 home matchup with the AFC North's equivalent finisher, the first-place Cincinnati Bengals. The Titans will go on the road to meet the AFC East's 2021 champion, the Buffalo Bills.

Similarly, the NFL's new 17-game format unveiled for the first time in 2021 features interconference matchups based on the previous year's divisional standings. The AFC will be the road conference for the 17th game in 2022 after hosting in 2021. As a result, the Titans will travel for a date with the champions of the NFC North, the Green Bay Packers.

The complete league schedule with dates and times is typically released by the NFL in May.

Jon Robinson was hired as Titans general manager on Jan. 14, 2016 after spending two years as director of player personnel for the Tampa Bay Buccaneers. Nearly one year later, on Jan. 5, 2017, he was promoted to executive vice president/general manager.

The Titans finished with a winning record in each of his first six seasons on the job. They had four consecutive 9-7 records from 2016 to 2019, followed by an 11-5 mark in 2020 and a 12-5 record in 2021. It was the first time the organization produced at least six consecutive winning seasons since a seven-year run of winning records from 1987–1993. The Titans and Kansas City Chiefs were the only NFL teams without a losing season from 2016 to 2021.

Robinson became the first general manager in franchise history with six seasons above the .500 mark, surpassing **Bum Phillips** (1975, 1977– 1980) and **Mike Holovak** (1989-93). Robinson's winning records from 2016 to 2021 also eclipsed Holovak for the most consecutive winning seasons by a Titans/Oilers general manager.

The Titans went to the playoffs four times in Robinson's first six seasons with the club: 2017, 2019, 2020 and 2021. The four playoff appearances tied for the third-most in the league during that time, and only Kansas City (six) and the New England Patriots (five) had more. Robinson's four playoff campaigns already place him in the top three in team annals along with Holovak (five) and **Floyd Reese** (four).

Robinson's work helped the team go from three wins in the season prior to his arrival (2015) to a divisional round playoff finish following the 2017 campaign. He became the fifth general manager in franchise history to have the team in the playoffs within his first two full seasons.

Then, in 2019, the team he constructed advanced to the AFC championship game. It was the organization's first appearance in the conference title game in 17 seasons (2002).

In 2020, Robinson and the Titans clinched the 2020 AFC South title with an 11-5 record in the regular season, claiming their best record and first division title since going 13-3 in 2008. They did so while navigating the challenges associated with the COVID-19 pandemic.

In 2021, the Titans won their second consecutive AFC South crown with a 12-5 mark, celebrating the franchise's first back-to-back division championships since the Oilers took the first three AFL Eastern division titles from 1960 to 1962.

Robinson has overseen a nearly complete overhaul of the roster during his tenure. In six drafts as general manager from 2016 to 2021, he selected 43 total players, and 23 of those players were still with the organization at the end of the 2021 season. The only members of the roster who predated Robinson at that time were punter **Brett Kern** and tackle **Taylor Lewan**. During that same time period (through June 2021), he engineered 26 trades and made 17 waiver claims.

2021: After the NFL's new league year began in March 2021, the Titans struck several deals with veterans in the initial days of free agency. The incoming players included Pittsburgh Steelers outside linebackers Bud Dupree and Ola Adeniyi, New Orleans Saints cornerback Jackrabbit Jenkins, Indianapolis Colts defensive lineman Denico Autry, New York Jets safety Matthias Farley, Browns tackle Kendall Lamm and Baltimore Ravens long snapper Morgan Cox. The Titans also re-signed several of their own free agents: tight ends Anthony Firkser and Geoff Swaim and inside linebacker Jayon Brown.

Autry proved to be a key addition for the defense. He appeared in every game in his first season with the club and finished second on the team with nine sacks. His sack total tied his career high, matching the nine sacks he had in 2018 as a member of the Indianapolis Colts.

During the 2021 NFL Draft, Robinson led the selection of eight total

players, beginning with Virginia Tech cornerback **Caleb Farley** with the 22nd overall selection in the first round. In the second round, the Titans chose North Dakota State offfensive lineman **Dillon Radunz**, followed by Georgia linebacker **Monty Rice** and Washington defensive back **Elijah Molden** in Round 3.

Perhaps the most notable transaction of the organization's 2021 offseason was the trade for wide receiver **Julio Jones** on June 9. Robinson dealt draft picks in 2022 (second round) and 2023 (fourth round) to the Atlanta Falcons in exchange for Jones and a 2023 sixth-rounder.

Late in the 2021 campaign, Robinson claimed inside linebacker **Zach Cunningham** off waivers from the division rival Houston Texans. Over three seasons from 2019 to 2021, Cunningham's 392 total tackles were more than every NFL player other than Seattle's **Bobby Wagner** (467) and Chicago's **Roquan Smith** (402).

2020: Early in 2020, the Titans reached an agreement on a multi-year contract to keep quarterback **Ryan Tannehill** in Tennessee. The Titans also re-signed tackle **Dennis Kelly**, who would go on to start all 16 games at right tackle.

After initially placing the franchise tag on running back **Derrick Henry**, the Titans and Henry were able to come to an agreement on a multi-year contract extension in July 2020.

Robinson acquired Tannehill for the Titans in a 2019 trade with the Miami Dolphins. In his first three seasons in Tennessee, Tannehill built a 30-13 record as a starting quarterback and became the franchise's first starting quarterback since **Warren Moon** (1987 to 1993) to direct his team to the playoffs in at least three consecutive seasons. He started every game from Week 7 of the 2019 campaign through the end of 2021, and during that time, Tannehill's 102.3 passer rating ranked sixth in the NFL. He became the only quarterback other than Moon (1989–1991) to record multiple seasons with at least 3,500 passing yards with the franchise. Also, Tannehill's 13 total game-winning drives in that span ranked second in the NFL behind only Raiders quarterback **Derek Carr's** 14. In 2019, Tannehill was named to his first Pro Bowl earned the 2019 Associated Press Comeback Player of the Year Award.

After securing his multi-year extension in 2020, Henry produced one of the greatest seasons in NFL history by a running back. He led the NFL in rushing for the second consecutive season with 2,027 rushing yards, which was only the eighth 2,000-yard rushing season in league annals, and also paced the league with 17 rushing touchdowns. He was recognized with the Associated Press Offensive Player of the Year Award.

Henry, a second-round pick by Robinson in 2016, led the Titans in rushing every season from 2017 through 2021, during which time he also led the NFL with 6,307 total rushing yards. In 2019, he won his first of two consecutive NFL rushing crowns with 1,540 yards and tied for the NFL lead with 16 rushing touchdowns.

In the 2020 NFL Draft, the Titans had six total picks, including Louisiana State cornerback **Kristian Fulton** in the second round (61st overall). Fulton emerged as a full-time starter in 2021 and tied for 11th place in the NFL with a team-high 14 passes defensed.

2019: Near the beginning of the 2019 free agent signing period, Robinson worked quickly to add several veterans from other teams who played key roles, including Tannehill and former Rams guard **Rodger Saffold**. Robinson also worked to re-sign safety **Kenny Vaccaro** and punter **Brett**

Kern.

Then, in the 2019 NFL Draft, Robinson directed the selection of six total players, including Mississippi State defensive lineman **Jeffery Simmons** in the first round (19th overall), Ole Miss wide receiver **A.J. Brown** in the second round (51st overall) and Charlotte offensive lineman **Nate Davis** in the third round (82nd overall).

In his first three seasons, Brown led the Titans in every major receiving category, totaling 185 receptions, 2,995 receiving yards, a 16.2-yard receiving average and 24 touchdown catches. Since 1970, Brown was only the fourth NFL player to reach all of those numbers within his first three seasons, joining **Randy Moss**, **Jerry Rice** and **John Jefferson**. He was named to the Pro Bowl in 2020 after totaling 70 receptions for 1,075 yards and 11 touchdowns.

Simmons was named to the Pro Bowl in 2021 and added Associated Press second-team All-Pro honors. He ranked sixth in the NFL among defensive tackles with 8.5 sacks, and he set a franchise single-game postseason record with three sacks.

Saffold also earned his first career Pro Bowl berth in 2021, the third consecutive season since he arrived in Tennessee in which the team finished in the top five in rushing.

2018: The Titans' 2018 free agent class included Pro Bowl cornerback **Malcolm Butler**. In his three seasons in Tennessee, Butler played in 41 games (36 starts) and totaled nine interceptions. In early August 2018, the Titans signed Vaccaro, who went on to start 42 games over his three seasons with the club.

Robinson's 2018 draft class was comprised of four players after he used multiple trades to go up and get his targets. It included first-round linebacker **Rashaan Evans** from Alabama (22nd overall pick) and second-round outside linebacker **Harold Landry III** from Boston College (41st overall).

From the start of his rookie season through 2021, Landry's 31 total sacks led the Titans, and other than **Jevon Kearse** (37), it was the highest total by a Titans/Oilers player in his first four NFL seasons since individual sacks became an official NFL statistic in 1982. In 2021, Landry was named to his first Pro Bowl after his career-high 12 sacks ranked 10th in the NFL.

2017: During the 2017 offseason, Robinson used free agency to address needs on defense and special teams. Most notably, he spearheaded deals for cornerback **Logan Ryan** (New England) and special teams contributor and 2017 Pro Bowler **Brynden Trawick** (Oakland).

In the 2017 NFL Draft, Robinson spent first-round picks on wide receiver **Corey Davis** (fifth overall) and cornerback **Adoree' Jackson** (18th overall). It marked the first time the franchise had a pair of first-round draft selections since 1987. The Titans' 2017 draft haul also featured tight end **Jonnu Smith** in the third round and linebacker **Jayon Brown** in the fifth round.

The 2017 Titans advanced to the playoffs for the first time since 2008. Robinson became the fifth general manager in franchise history to have the team in the postseason within his first two full seasons.

2016: In his first year as an NFL general manager, Robinson's leadership and decision-making helped the Titans triple their win total from the previous season, finishing 9-7 in 2016 after a 3-13 finish in 2015. The six-win improvement tied for the most in franchise history (1967 and 1974) and

doubled the previous club benchmark for the most wins in the first year under a new general manager (three by **Bum Phillips** in 1975).

Within the first four months at his post, Robinson pulled the trigger on several key personnel decisions. On March 9, 2016, he made his first major acquisition, swapping fourth-round draft picks with the Philadelphia Eagles in exchange for running back **DeMarco Murray**. The trade provided major dividends in 2016, as Murray led the AFC and ranked third in the NFL with 1,287 rushing yards.

Around the same time, Robinson began to work the free agent market. Center **Ben Jones** and wide receiver **Rishard Matthews** highlighted the haul, and both were instrumental in helping to transform the Titans offense into the 11th-ranked unit in the NFL.

Jones became a foundational member of the offensive line. From 2016 to 2021, he was one of only eight offensive lineman to start at least 96 of a possible 97 games. He finished the 2021 campaign with an active streak of 40 consecutive starts, ranking third among centers.

On April 14, 2016, two weeks before the NFL Draft, Robinson and the Titans dealt the first overall pick to the Los Angeles Rams in one of the biggest trades in recent NFL history. The Titans gave up the No. 1 pick and a fourth-rounder in order to receive the 15th overall pick, two second-rounders and a third-rounder in 2016, plus the Rams' first- and third-round picks in 2017. From 1990–2015, there were seven trades involving the No. 1 overall pick, but this was the first since 2004, when the San Diego Chargers selected **Eli Manning** with the first pick and dealt his rights to the New York Giants.

The Titans had their hands at one point or another on 17 selections in the 2016 draft due to five different trades (including one trade in 2015), and in the end, they ended up with a class of 10 players, including four of the top 45 picks. Robinson swung a draft-day trade with the Cleveland Browns to move back up to the eighth slot to choose Michigan State tackle **Jack Conklin**.

All 10 members of Robinson's first draft class played in at least one game in 2016. They accumulated a total of 110 games played and 38 starts, including 16 starts at right tackle by Conklin. The eighth-overall pick capped his successful rookie campaign by being named first-team All-Pro by Associated Press.

Third-round safety **Kevin Byard** has become one of the most successful players at his position in franchise history. He finished the 2021 campaign as a three-time team captain, two-time Pro Bowl selection and a two-time Associated Press first-team All-Pro. Over a five-year period from 2017 through 2021, Byard led all NFL safeties and ranked third in the NFL with 23 interceptions. His career interception total was 11th on the franchise's all-time list and sixth among all Titans/Oilers safeties.

PRIOR HISTORY: Robinson arrived in Tennessee with a wide range of experience from working his way up on the personnel side of the NFL. From 2014–2015, he served as director of player personnel for the Buccaneers and oversaw both college and pro departments as the team rebuilt its roster. The 2015 Buccaneers draft class made a significant impact, including four rookie starters: quarterback Jameis Winston, tackle Donovan Smith, guard Ali Marpet and linebacker Kwon Alexander.

Prior to joining Tampa Bay, Robinson spent 12 years with the New England Patriots, including his last five years (2009-13) as the director of college scouting. In the five years heading up their college scouting, the Patriots added a number of key components to their roster that won the Super Bowl in 2014, including wide receiver **Julian Edelman**, defensive

back **Devin McCourty**, tight end **Rob Gronkowski**, tackle **Nate Solder** and defensive end **Chandler Jones**. He joined the Patriots as an area scout in 2002, a role he served for four seasons. Robinson then spent two years (2006-07) as a regional scout, before being promoted to assistant director of college scouting in 2008 and then director of college scouting in 2009. In his time scouting for the Patriots the team won 10 division titles, four conference titles and two Super Bowls (2003, 2004).

Robinson played three years at Southeast Missouri State as a defensive lineman after starting his college career at the Air Force Academy. Following his college career as a player, he spent one season (1998) coaching at his alma mater and three years (1999-2001) coaching at Nicholls State.

A native of Union City, Tenn., Robinson and his wife, Jaimie, have two daughters, Taylor and Bailey.

WINNINGEST GMs IN FRANCHISE HISTORY

Jon Robinson constructed a roster that produced six consecutive winning seasons in Robinson's first six years on the job, including a 12-5 mark during the 2021 regular season. Prior to 2021, the club went 9-7 in 2016, 2017, 2018 and 2019 with postseason berths following the 2017 and 2019 campaigns. Then, in 2020, the Titans finished the regular season 11-5 and won the team's first division championship since 2008.

Robinson has the most winning seasons of any general manager in franchise history. His career win total ranks behind only **Floyd Reese** (111, including playoffs), and his four playoff seasons, including 2021, are tied with Reese for second place. Only **Mike Holovak** (five) oversaw more postseason qualifiers.

SIX CONSECUTIVE WINNING SEASONS

With a winning record secured during the 2021 regular season, the Titans recorded their sixth season with a winning record in six seasons since **Jon Robinson** was hired as general manager.

In the "Titans era" (1999–present), the team never before had as many as three consecutive winning campaigns.

With this year's record, plus their 2020 finish of 11-5 and their 9-7 marks every season from 2016 through 2019, the Titans have built the second-longest active streak of winning seasons in the NFL.

Most current consecutive winning seasons (through 2021):

FIRST-ROUND PICKS BY POSITION

Since the team's initial draft as a charter member of the American Football League in 1960, the Titans have made 58 first-round selections, using that pick on an offensive player 33 times and on defense 25 times.

On offense, running backs lead the list, having been chosen eight times in the first round, three of which were Heisman Trophy winners: **Billy Cannon** (1960), **Earl Campbell** (1978) and **Eddie George** (1996). The most recent was **Chris Johnson**, the 24th overall selection in 2008 who went on to rush for 1,228 yards as a rookie and eclipse 2,000 yards in his second season.

On the defensive side of the ball, linebackers have been selected the most—eight times—by the Titans in the first round. **Robert Brazile** (1975), **Lamar Lathon** (1990) and **Keith Bulluck** (2000) headline the linebackers chosen. Most recently, the Titans selected linebacker **Rashaan Evans** with their first-round pick in 2018.

During the franchise's "Titans era" (since 1999), Tennessee has chosen an offensive player with its initial pick 12 times and a defensive player 11 times (including second-round picks in years without a first-round selection).

Breakdown of Titans/Oilers' All-Time First-Round Picks by Position:

Offense	33	Defense	25

Tackle	7	Defensive End	6
Quarterback	6	Cornerback	5

ALL-TIME DRAFT PICKS BY POSITION

In 62 drafts in the history of the franchise, the team has drafted more offensive linemen than any other position. There have been a total of 195 tackles, guards and centers drafted, 79 more than the next highest drafted position, running back/fullback, which has had 116 players drafted by the Titans.

Below is a breakdown of the team's 831 all-time draft picks by position groups.

For the past 15 years, more defensive backs (cornerbacks and safeties) have been drafted into the NFL than any other position. Among the entire 259-member 2021 NFL draft class, there were 55 defensive backs selected, nine more than the 46 offensive linemen chosen. The last time another position group out-numbered the defensive backs was 2006, when 50 offensive linemen were chosen, versus 49 corners/safeties.

THE TITANS AND FIRST-ROUND TRADES

More often than not in recent history, the Titans' draft is altered by at least one trade. The 2007 and 2011 drafts were the only selection processes since 2002 in which the Titans did not deal or acquire picks via trade.

Heading into the 2022 NFL Draft, the Titans already have dealt two of their picks—a second-rounder to Atlanta and a seventh-rounder to Miami.

In 2021, general manager **Jon Robinson** made four total trades, including two trades during the draft. In the third round, he traded a third-round pick (85th overall) to the Green Bay Packers in exchange for a third-rounder (92nd overall) and a fourth-rounder (135th overall). Later, the Titans received a fourth-round pick (109th overall) from the Carolina Panthers in exchange for picks in the fourth (126th), fifth (166th) and seventh (232nd) rounds.

Robinson has been more likely to trade in the first round than other recent Titans general managers. The team was not involved in a first-round trade from 2005 through 2015. Then, in Robinson's first year, the Titans made one of the biggest trades in franchise history. Originally the owners of the No. 1 pick, the Titans dealt the selection to the Los Angeles Rams along with a fourth-round pick (113th overall) and a sixth-rounder (177th overall). In exchange, the Titans received the 15th overall pick in the first round, two second-rounders (43rd and 45th overall), a third-rounder (76th overall) and first- and third-round picks in 2017. During the first round in 2016, he then traded up with the Cleveland Browns in order to select tackle **Jack Conklin** with the eighth pick.

In 2018, Robinson traded up three spots in the first round (25th to 22nd) in order to select linebacker **Rashaan Evans**.

PICKS BY COLLEGE CONFERENCE

Since 1994, the first year of the current seven-round draft format, the Titans have picked 46 players from the Southeastern Conference, more than any other conference. The Big Ten is second on the list, having sent 34 players to the organization, followed by the Pacific 12 Conference (32; formerly the Pac-10) and the Atlantic Coast Conference (26).

In 2021, the Titans selected three players from the ACC, taking Virginia Tech cornerback **Caleb Farley** in the first round, Louisville wide receiver **Dez Fitzpatrick** in the fourth round and Pittsburgh outside linebacker **Rashad Weaver** in the fourth round. They also chose two players from the SEC (Georgia linebacker **Monty Rice**, fourth round; Louisiana State wide receiver **Racey McMath**, sixth round), two players from the Pac-12 (Washington cornerback **Elijah Molden**, third round; Oregon safety **Brady Breeze**, sixth round) and one player from the Missouri Valley Conference (North Dakota State offensive lineman **Dillon Radunz**, second round).

Former Louisiana State cornerback Kristian Fulton was a second-round draft pick in 2020.

Within the NFL as a whole, the SEC has produced more NFL draft picks than any other conference for 15 consecutive years. Last year the SEC had 65 players drafted, followed by the Big Ten's 44 draftees.

UNDRAFTED TALENT

At the conclusion of Round 7 of the draft, the Titans personnel department remains at work. At that point, general manager **Jon Robinson** and his staff along with head coach **Mike Vrabel** and his assistants begin the process of contacting undrafted players the team hopes to sign as free agents.

In 2021, the Titans signed 10 rookie free agents in the days following the draft. They finished the season with a total of three of those players on either the 53-man roster or injured reserve: defensive lineman **Naquan Jones**, fullback **Tory Carter** (injured reserve) and tight end **Briley Moore** (injured reserve). All three remain with the club this offseason.

The Titans finished the 2021 season with 20 players on the 53-man roster who entered the NFL as rookie free agents. That included Jones and three members of their 2020 undrafted rookie class: wide receiver **Nick Westbrook-Ikhine**, offensive lineman **Aaron Brewer** and defensive lineman **Teair Tart**.

There are several more players with the Titans who were initially signed as undrafted free agents with other teams, including the following key contributors from 2021: punter **Brett Kern**, defensive tackle **Denico Autry**, long snapper **Morgan Cox**, outside linebacker **Ola Adeniyi**, inside linebacker **Dylan Cole** and running back **Dontrell Hilliard**.

**Mike Vrabel** was named head coach of the Titans on Jan. 20, 2018, becoming the 19th head coach in franchise history.

In his first four seasons as head coach, Vrabel led the Titans to a 43-27 overall record and three postseason appearances. He joined **Jack Pardee** and **Jerry Glanville** as the only head coaches in team annals to preside over at least three playoff squads in their initial four seasons as head coach, and he tied Pardee (43-26) for the most total wins by a head coach in his first four seasons with the organization. The Titans won back-to-back AFC South titles in 2020 and 2021, marking the first time the organization accomplished the feat since the Oilers won the first three AFL Eastern division titles from 1960 to 1962.

#### Vrabel Honored as NFL's Top Coach in 2021

Vrabel was named the Associated Press NFL Coach of the Year in 2021 after directing the Titans to a 12-5 record during the regular season. The Titans won the AFC South, and they claimed the top seed in the AFC playoff field for the first time since 2008. They did so despite needing to use 91 total players during the season—the most in NFL history in a non-strike year. After the final preseason roster cuts through the end of the season, the team placed 26 different players on injured reserve and 21 different players on the reserve/COVID-19 list, plus additional practice squad players that received those designations.

The 2021 Titans ranked second in rushing defense (84.6 yards allowed per game), 12th in total defense (329.8), sixth on third down (36.7 percent), sixth in scoring defense (20.8 points per game) and ninth in sacks (43). Offensively, the Titans finished fifth in rushing (141.4 yards per game) despite missing **Derrick Henry** for nine games due to injury. The offense also ranked eighth on third down (43.6 percent), fifth in the red zone (63.9 percent) and first in goal-to-go efficiency (87.5 percent).

Situationally, Vrabel's teams fared well among the NFL leaders in his first four seasons as head coach. From 2018 to 2021, their .909 winning percentage (40-4) in regular season games in which they had a fourthquarter lead ranked second in the NFL behind the New Orleans Saints (.939). In the same time period, the Titans had a .714 winning percentage in three-point games (15-6), which led the league. Vrabel's team was 5-1 in overtime games from 2018 through 2021, tying the Saints (5-1) for the most overtime wins.

From 2018 to 2021, the Titans had the NFL's second-best rushing offense, averaging 143.7 rushing yards per game. Only the Baltimore Ravens were better (173.6). On the other side of the ball, the Titans ranked seventh in rushing defense, allowing 106.2 rushing yards per contest. Also from 2018 to 2021, the Titans tied for eighth in scoring defense (22.0 opponent points per game) and tied for the eighth-best turnover margin (+13). The Titans were called for 370 penalties from 2018 through 2021, which was the sixth-fewest total in the NFL.

### Titans Take the AFC South in Year 3 Under Vrabel

The Titans won the 2020 AFC South title with an 11-5 record in the regular season, claiming their best record and first division title since going 13-3 in 2008. They finished with a 5-1 record within the division and a 6-2 mark in road games, all while navigating the challenges of the COVID-19 pandemic.

The Titans led the NFL in 2020 with a plus-11 turnover differential. Their 23 takeaways ranked seventh in the NFL, while their 12 turnovers were the second-fewest in the league in 2020 and tied for the ninth-lowest number since the NFL went to a 16-game schedule in 1978.

In 2020, the Titans tied for second place in total offense (396.4 yards per game) and ranked fourth in scoring offense (30.7 points per game). They became the first team in NFL history to generate at least 2,500 rushing yards (2,690) and 3,500 net passing yards (3,653) while surrendering 25 or fewer sacks (25). Their 6,343 total yards and 381 first downs established franchise records, while their 491 points amounted to the organization's second-best total.

The 2020 Titans joined the 1997 Detroit Lions as the only teams in NFL history to feature a 2,000-yard rusher, a 3,000-yard passer and a 1,000-yard receiver. Henry led the NFL in rushing for the second consecutive season, and his 2,027 rushing yards gave him the fifth-best total in league history. Meanwhile, **Ryan Tannehill** passed for 3,819 yards, and his 106.5 passer rating was the fifth-best number in the NFL. **A.J. Brown** was named to the Pro Bowl after recording his second consecutive 1,000-yard season (1,075) and tying for fifth place in the NFL with 11 touchdown catches.

#### Titans to AFC Championship Game in Vrabel's Second Season

In 2019, Vrabel became the first head coach in the organization's history to win multiple playoff games within his first two seasons. The Titans won a pair of road games—at New England in the wild card round and at Baltimore in the divisional round—to advance to the 2019 AFC championship game, falling at Kansas City to the eventual Super Bowl champion Chiefs.

The Titans began the 2019 campaign with two wins in their first six games but rallied to win seven of their final 10 games in the regular season. From the time the NFL went to its current playoff format in 1990 through 2019, 345 teams went 2-4 or worse in their first six games of a season. From that group, the Titans became only the third team to advance to a conference championship game, joining the 2002 Titans (2-4) and the 1996 Jacksonville Jaguars (2-4).

The 2019 Titans ranked in the NFL's top 10 in scoring margin (eighth, +71), turnover margin (sixth, +6), offensive yards per play (fourth, 6.12), rushing offense (third, 138.9 yards per game), red zone efficiency (first, 75.6 percent), total touchdowns (tied for third, 54) and third-down defense (eighth, 36.3 percent).

In his first season as head coach, Vrabel directed the Titans to a 9-7 record. His nine wins tied for the fourth-highest total in franchise history by a first-year head coach.

With only 82 penalties enforced against the Titans in 2018, Vrabel's team led the NFL and set a franchise record (16-game season) for fewest penalties in a season. The 2018 Titans also placed third in points allowed (18.9 per game), eighth in total defense (333.4 yards per game), sixth in passing defense (216.9), second in red zone defense (44.7 percent touchdown rate) and seventh in rushing offense (126.4) in the league rankings.

#### Background as a Player and Coach

Vrabel arrived in Tennessee with 18 years of NFL experience, including four seasons as a coach and 14 seasons as a player. His distinguished playing career included three Super Bowl wins (2001, 2003 and 2004), one Pro Bowl selection (2007) and an All-Pro honor (2007). Vrabel played in 206 NFL games and totaled 57 sacks, 496 tackles, 11 interceptions, 20 forced fumbles, nine fumble recoveries and 10 touchdown receptions. Additionally, his teams advanced to the playoffs eight times (20 postseason games), with Vrabel recording eight postseason sacks and two postseason touchdown receptions.

Vrabel joined the Titans after four seasons with the Houston Texans, spending the first three seasons (2014-16) coaching linebackers and one year (2017) as the team's defensive coordinator. During his time in Houston, the Texans built one of the best defenses in the NFL and experienced tremendous success as a team – earning two division titles (2015, 2016).

Between 2014-16, the Texans defense ranked third in the NFL in yards allowed per game (319.9) and net passing yards (218.4). Houston also ranked first in third-down defense (33.6), fourth in opponent completion percentage (59.5) and sixth in points allowed per game (19.8). The 2016 defense ranked number one in the NFL, for the first time in franchise history, in yards allowed (301.3).

In 2017, his first year as a defensive coordinator, the Texans finished the campaign with 19 players on injured reserve. Despite the injuries, Vrabel led the defense to the fifth-best third-down percentage in the NFL and a franchise-record 3.97 yards per carry by opponents. Houston also had 18 different players record at least half a sack last year and 26 players tally at least one tackle for loss.

Vrabel spent his career playing and coaching with accomplished leaders, including **Bill Belichick**, **Bill Cowher**, **Romeo Crennel**, **Urban Meyer**, **Bill O'Brien** and **Todd Haley**.

As the Texans linebackers coach from 2014-16, Vrabel developed several players into top-notch performers, including **Jadeveon Clowney** (Pro Bowl, 2016), **Whitney Mercilus**, **Benardrick McKinney** (second-team All-Pro, 2016) and **Brian Cushing**. The 2015 Texans defense had the top third-down defense in the NFL (28.5 percent), which was the lowest percentage in franchise history and the lowest by any NFL team since the 2003 Titans (27.7 percent). The 2015 defense also set a franchise mark for sacks in a season with 45 - 22.5 coming from Vrabel's linebacking corps.

Prior to joining the NFL coaching ranks, Vrabel transitioned immediately from an NFL player to college coach. He started as the linebacker coach at Ohio State in 2011 and coached the defensive line from 2012–2013. The 2012 Buckeyes finished the season undefeated at 12-0. He also was named Big Ten Recruiter of the Year by ESPN.com in 2012.

Vrabel was selected by the Pittsburgh Steelers in the third round (91st overall) of the 1997 NFL Draft, after his playing career at Ohio State, where he earned All-America honors and Big Ten Conference Defensive Lineman of the Year in both 1995 and 1996.

A native of Akron, Ohio, Vrabel attended Walsh Jesuit High School. He and his wife, Jennifer, have two sons: Tyler and Carter.

# MOST WINS IN FIRST FOUR SEASONS

When the Titans defeated the Houston Texans on Jan. 9, 2022, **Mike Vrabel** won his 43rd game, including postseason, since taking over as Titans head coach in 2018. In doing so, he tied **Jack Pardee** for the most total wins by a head coach in his first four seasons with the organization. In Pardee's first four seasons as head coach from 1990 through 1993, the Oilers were 43-26, including playoffs.

Vrabel, Pardee and **Jerry Glanville** (1986–1989) are the only head coaches in team annals to preside over at least three playoff squads in their initial four seasons. All three of Pardee's first four teams made the postseason, while Glanville's Oilers advanced to the postseason in his second, third and fourth years.

Of all Titans/Oilers head coaches with at least four seasons with the franchise, Vrabel's career winning percentage ranks the highest.

When Vrabel was hired in 2018, he joined six other head coaches who joined (or rejoined) their respective clubs in the same offseason: Jon Gruden (Oakland/Las Vegas Raiders), Matt Nagy (Chicago Bears), Matt Patricia (Detroit Lions), Frank Reich (Indianapolis Colts), Pat Shurmur (New York Giants) and Steve Wilks (Arizona Cardinals). Of those seven coaches, Vrabel had the most wins from 2018 to 2021.

Vrabel, Reich and Nagy each led their respective teams to the playoffs twice in their first three seasons, while Vrabel was the only one from the group to go to the playoffs a third time in that span.
