PRESS CONFERENCE WITH LOCAL MEDIA

LINEBACKER CHANCE CAMPBELL

(on his experience at Ole Miss and it preparing him for a pro career)

Last year at Ole Miss was kind of a dream. I think it was super helpful for me on this path. I had a ton of fun. I was only there for six months, I kind of wish it was longer, but met a lot of really good dudes, got better and won a lot of football games. So it was really a fun thing to be a part of.

(on what he knows about the Titans and how he will fit in)

I'm learning quickly. I know that, from being in Oxford for a short time, the Titans are the closet team to Oxford. So I kind of started paying attention. I know there are a couple of guys from there from Ole Miss. I kind of always try to peak a little bit but know that it's a great defense and (the Titans) have great culture. I'm just excited to be a part of it and try to help in any way I can.

(on reuniting with fellow Titans draft pick and former Maryland teammate tight end Chig Okonkwo)

Yeah, actually he called me, I just talked to him real quick and we're going to catch up here soon for a little bit longer. But he is a great dude. I can't believe that I get a shot to go play with him again. It's kind of crazy.

(on who called to informed him he was getting selected by the Titans)

So it was kind of wild. And my head's a little spacey too, because it's just, you know, it's a crazy thing. I ended up talking to Coach (Mike) Vrabel. He was on the phone and they had me on hold there for a little bit and I got to talk to Coach (Bobby) King and I got to talk to a lot of guys throughout the building. But yeah, it kind of happened as a group thing.

(on what Head Coach Mike Vrabel said to him on the call)

He just said he's excited for me to get there. And I told him I was excited to be a part of it and I just can't wait. This is the biggest dream I ever had and I'm having a hard time getting words out, I'm smiling too big. But he just he's told me he's excited to have me. I told him I was super excited to be a part of this thing.

(on what he needs to do to be successful to make an NFL-level roster)

I think the deal there just carving out a niche and providing value. And I think that I'm going to try to work hard, put the team first. And I think when you do those things, you kind of keep your head down and just do whatever is asked of you to the best of your ability and things will work out the way that they're supposed to.
