KEY SITE DESIGN ITEMS- DESCRIPTION OF PUBLIC AMENITIES

The Park

A 5,000-seat outdoor, multipurpose stadium capable of hosting a wide variety of public events with numerous seating options ranging from traditional bench seating on the west and casual terrace seating on the east.

The Pavilion

A multi-purpose indoor practice space with 500 seats that is primarily used for Panthers' football practice, but has the capabilities to host community events.

New Street System

A framework of parkways, boulevards, and city streets.

The Piazza

A public plaza designed for events, a forecourt for the Park, and future location of restaurants and entertainment.

The Grove

A primary open space within the site, framing the public entrances to the headquarters entrance, the Park, and future development. The Grove presents a series of reflecting pools, lighting, and landscape, creating a front door for the development.

The Terrace

Public event space and training ground overlook, controlled and scheduled by the team.
