

How to play: The traditional Mexican card game, *lotería*, is similar to bingo but has images instead of numbers on the boards. Print the 5 tablas (boards) and print/cut the 12 individual cards. Assign one person to be the caller, this person will draw cards from the stack and call the names of the cards. When you hear the name of a card on your board, place a token (traditionally a dry bean) on the matching spot. The first player to get 3 tokens/beans in a row and call out "¡Lotería!" wins.
