

## General

### What is the Eagles Autism Foundation?

The Philadelphia Eagles have launched the Eagles Autism Foundation, a new endeavor that centralizes all of the Eagles' autism activities into one organization. Led by Philadelphia Eagles Chairman and CEO Jeffrey Lurie, the team's commitment to autism over the last three years has grown exponentially, raising more than \$10 million dollars since September of 2018.

Championed by Lurie, whose family has been personally touched by autism, the Eagles Autism Foundation sets out to drive scientific breakthroughs and establish Philadelphia as a major center for autism research and care. By providing critical resources, supporting scientific discoveries and helping to position Philadelphia as a base for autism research and care, the Eagles Autism Foundation is creating a major shift from awareness to action.
