

### Participation Agreement

This Participation Agreement includes the terms and conditions for your participation in the 2022 Houston Texans Stats Challenge presented by Schlumberger (the “Stats Challenge”). Please read the following carefully and then sign below to evidence your agreement:

#### 1. Program Overview.

- Stats Challenge will start on September 12 and end on November 11, 2022
- Available for Sixth Grade Teachers in Houston and surrounding areas in Texas who registered via [www.houstontexans.com](http://www.houstontexans.com) by September 19, 2022
- Curriculum includes six (6) worksheets designed by Houston Texans and Region 4 with questions related to the Houston Texans (e.g., games, Stadium, etc.)

#### 2. Teacher Commitment.

- Start utilizing the supplements on September 12. Continue with approximately one (1) worksheet per week during the eight (8) week timeframe for a total of six (6) worksheets.
- Upon the conclusion of the lessons, ask each student to record a video on how the Stats Challenge has impacted their math career and how they've learned over the course of the program.
- Grade the videos utilizing the rubric provided by the Houston Texans.
- Send the attached Parent Consent and Contest Rules home to students' parents if they are selected as a classroom finalist. Request that parents sign and return the Parent Consent.
- Submit the **top two (2)** videos (including the associated Parent Consent) to the Houston Texans at the following e-mail address: [texansstatschallenge@houstontexans.com](mailto:texansstatschallenge@houstontexans.com) on or before **November 11**.
- If one of your students is a winner of the Stats Challenge contest (described below), attend the Houston Texans game on January 1 at NRG Stadium, along with the winning student and their guest.
- Teacher shall be responsible for confirming that acceptance of the game tickets is permitted under school district policies (e.g., rules and restrictions regarding accepting gifts).

#### 3. Contest Details.

- On or about December 1, the Houston Texans will randomly select ten (10) winners from all essays received.
- Each of the ten (10) winners, along with the winner's teacher, will receive the following:
  - Two (2) tickets to a luxury suite and one (1) parking pass to the Houston Texans vs. Jacksonville Jaguars game at NRG Stadium in Houston, Texas (i.e., two (2) tickets for student (student + guest) and two (2) tickets for the teacher (teacher + guest))
  - Recognition on the Videoboard as a winner of the Stats Challenge
- **NAME AND LIKENESS RELEASE.** If one of your students is a winner and you attend the Houston Texans game, you agree that the Houston Texans may take videotapes and photographs of you and may use them forever and throughout the world in any manner without compensation to you. (Student name and likeness release is covered in the Parent Consent.)

Agreed this \_\_\_\_ day of \_\_\_\_\_, 2022.
