

RAIDERETTE OF THE GAME

PRESENTED BY **EōSFITNESS**[®]

Danielle

Danielle grew up with dreams of one day becoming a Raiderette.

As a child, she participated in cheerleading and soccer. Her commitment to both of those crafts led her to becoming a Raiderette, as well as a stellar soccer player. During her college career, she scored the most goals in school history for the women's soccer team, a record that remains unbroken to this day.

Originally from the Bay Area, Danielle was a member of the Raiderettes in 2019.

"I'm representing an organization I've admired since I was a little girl," she said. "With my best friends beside me and the best fans in the NFL, it means the world to me!" She's making her return for the 2022 season, where her fellow Raiderettes and coaches describe her as being a hardworking and dedicated teammate.

Danielle's favorite aspect of the Raiderettes is being part of something bigger than herself and gaining so many sisters. "Growing up, I always wanted a sister," she said. "The lifelong sisterhood you are welcomed into with open arms makes me a better person every day!"

Danielle is a leader on and off the field who exemplifies the Raiders' Commitment to Excellence. We are so grateful to have her a part of our family.
