DEVELOPED IN
PARTNERSHIP WITH ADL

The Houston Texans, TORO and NOV are striving to put an end to bullying through the TORO Takes the Bull Out of Bullying program. While visiting your child's school, TORO encouraged students to take the Bull Out of Bullying by Being Themselves, Using their Voice, Leaving and Looking Out For Others. For more resources visit HoustonTexans.com/Bullying and NoPlaceForHate.org. This program is developed in partnership with ADL's No Place For Hate® initiative.

Los Houston Texans, TORO y National Oilwell Varco luchan por poner un alto al bullying en las escuelas de Houston a través del programa TORO Takes the Bull Out of Bullying. En cada visita escolar, estudiantes aprenden a poner un alto al bullying siendo ellos mismos, usando su voz y cuidando de los demás. Para más recursos visite www.HoustonTexans.com/Bullying y NoPlaceForHate.org. Este programa es creado en asociación con la iniciativa No Place For Hate® de ADL.

SPOT THE DIFFERENCES!

Bullying is when you pick on someone else over and over on purpose because you think you're cooler, smarter, stronger or better than them.

VERBAL BULLYING

This is when someone uses their words to hurt another person.

Actions include teasing, name-calling, or threatening.

HANDS-ON BULLYING

This is when someone uses their hands to hurt someone else.

Actions include hitting, kicking, pinching, tripping, and pushing.

STAY-OUT BULLYING

This is when someone hurts someone else by leaving them out of the group on purpose.

Actions include telling someone to leave - and not inviting them to play with the group.

CYBER BULLYING

This is when someone uses any form of technology to make fun of someone else or spread rumors about them.

This type of bullying is becoming more common and is very dangerous.

TORO TAKES THE BULL OUT OF BULLYING DRILLS

1. After school, your friends decide to play a game. The game is to see who can hit one of your classmates by throwing a football at them while they walk home. You ask why they are doing that, and one your friends says, "We do it all the time. They're a wimp." **What would you do?**

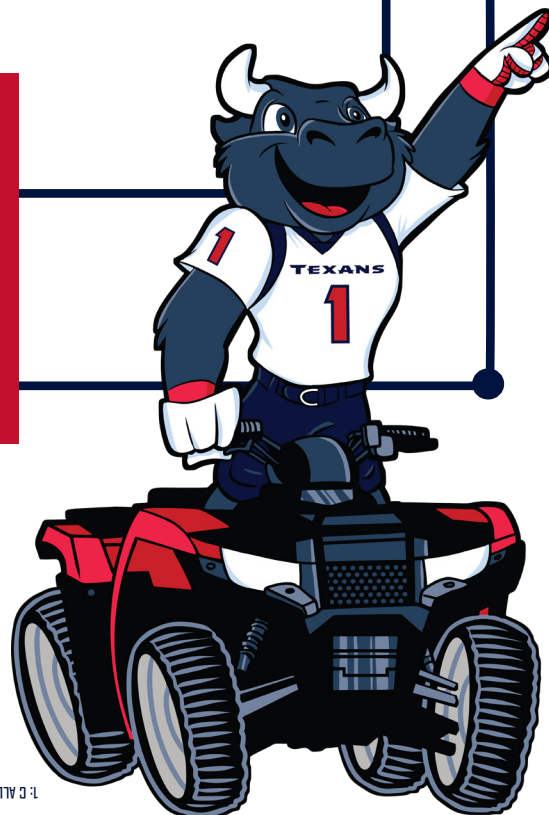

- A. Tell a trusted adult
- B. If you feel safe, tell them to STOP
- C. All of the above

You are at practice and a teammate who is overweight walks by. A person next to you makes a low "mooring" sound. This isn't the first time kids on your team have made fun of this person. **What would you do?**

- A. Tell a trusted adult
- B. If you feel safe, tell them to STOP
- C. All of the above

3. One night, you receive several text rumors about another student in your class. The next day, when you log onto virtual school you see the student who was the subject of the rumors looking very sad. **What would you do?**

- A. Tell a trusted adult
- B. If you feel safe, tell them to STOP
- C. All of the above
