Receiving Your Discount at Checkout

Your discount is eligible at physical concession stands (excludes alcoholic beverages) and The Equipment Room. It is not eligible to be used with in-seat purchases from roaming vendors, UberEats purchases, at level 2 grab-and-go market locations, nor for suite purchases. Follow the steps below to receive your discount at checkout:

- 1 At checkout, notify the cashier before paying for your items.
- 2 After all items have been added to your order, present your digital Rams Pass to the cashier and have it scanned.

If any items are added to your order after you initially scan your pass, you must scan your pass again after additional items are added to your order for your discount to apply to all items.

Passes are non-transferable and can only be used within the Rams App; screenshots or printouts will not be accepted. The Season Ticket Account Holder must be present at the game in order for the discount to be redeemed. Passes may be revoked at any time, at Rams discretion, for reasons including, but not limited to, misuse, unauthorized transfers, non-payment, etc.
