The Rams Pass is your key to Food, Beverage, and Merchandise Discounts.

The Rams Pass is a digital pass located exclusively within the Rams App. If you have been issued a discount for food, non-alcoholic beverages, and/or merchandise discounts it will appear on the Rams Pass and you will use the pass to redeem your discount(s) at SoFi Stadium points of sale.

How to Download the Rams App

The Rams Pass is only available within the Rams App on iPhone or Android devices.

Receiving Your Discount at Checkout

Food and beverage discounts are eligible to be used at physical concession stands (excludes alcoholic beverages), and merchandise discounts are eligible to be used at The Equipment Room. It is not eligible to be used with in-seat purchases from roaming vendors, UberEats purchases, at grab-and-go market locations, nor for suite purchases.

Follow the steps below to receive your discount at checkout:

1 At checkout, notify the cashier before paying for your items.

2 After all items have been added to your order, present your digital Rams Pass to the cashier and have it scanned.

If any items are added to your order after you initially scan your pass, you must scan your pass again after additional items are added to your order for your discount to apply to all items.

Passes are non-transferable and can only be used within the Rams App; screenshots or printouts will not be accepted. The Rams Pass is different than your gameday tickets; only your Rams Pass is eligible for discount redemption. The account holder the discount was issued to must be present at the game in order for the discount to be redeemed. Passes may be revoked at any time, at Rams discretion, for reasons including, but not limited to, misuse, unauthorized transfers, non-payment, etc. Restrictions apply.
